Dedication to Mr. James Young Superintendent

The 1982 Annual Staff dedicates this annual to Mr. James Young for his service to the Valley Local Schools and the surrounding community. He graduated from Valley High School and now for a final time he will once again leave it.

After graduating from Ohio State University, Mr. Young began teaching sixth grade at Brush Creek in Otway. One year later, he moved to the high school where he taught and coached the basketball and baseball teams. In 1957, he returned to the Lucasville area as principal at Valley Elementary. From there, Mr. Young moved to the high school as principal, and in 1972, he became superintendent.

Along with the school activities Mr. Young also helped organize the Lucasville Little League and officiated both Babe Ruth League and Biddy Basketball. He was one of the first charter members of the Civil Service Club.

With the support of his wife, Mary Alice, and his two children, Connie and James, he gained the respect of the student body as a principal and as our superintendent.

We would like to thank you, Mr. Young, for all your hard work and caring personality.

"My Dream Come True — August '82."

A black and white photograph showing the silhouettes of two people, likely a man and a woman, standing in front of a large window. They are looking out the window, which is brightly lit, creating a strong backlight effect. The window has several panes, and the light is diffused across them. The overall mood is contemplative and serene.

Friendship

I have discovered that friendship is something that lives and grows. It requires time and care and attention. It has its ups and downs, but sometimes the difficulties make it stronger than ever. I have discovered that there is something "mysterious" about this relationship between persons. It is almost a thing in itself and yet there is nothing one can see or touch. I have seen changes in me because of you, and changes in you because of me. I am the same person I was before and yet, because of your presence in my life, I am different, I have become more sure of myself because you like me the way I am. I am interested in more things because you are interested in them. I have grown as a person because of sharing so much with you . . . and you too, have changed, grown, expanded.

I am learning from my friendship that there are things in life, the most important things, that I cannot see, count, or measure in any way. The qualities and effects of friendship that mean most to me are the very ones I cannot really define or even describe. Nor can I describe my friend . . . the more I know you and share with you, the more I discover about you. I think we could be friends for fifty years and still find something new in each other. All I know about you, my friend, is that I am better because of you. I am freer, stronger, happier. This friendship which I can't see, touch, or taste makes all the difference in my life.

The seniors of the "class of 82" have a lot of memories of our four years at high school. They have been both good and bad, but we will remember them all.

The plane crash in the Potomac River and the deaths of John Belushi and Natalie Wood were some of the dramatic national events which took place, but most importantly we survived the end of the world - March 10, 1982.

Closer to home we reminisce about past years and regret that two of our classmates - Tony Alley and Lee Ann Conley - are not here to share all of our good times, but we will never forget them.

A variety of music was popular during our senior year. "Alabama" and the "J. Gells Band" were popular, but our favorite group was "Journey." They also brought us our favorite song - "Open Arms." "I Love Rock 'n Roll" and "Freeze Frame" were next in line. At the movies we enjoyed "Arthur," "Taps," and "On Golden Pond." "Benny Hill," "Hill Street Blues," and "Fame" kept us at our tv screens.

Pizza was our favorite food as well as our favorite lunch. Our favorite hangouts were Lincoln Lane and the Pizza Box.

Girl's sports were extremely successful this year with the volleyball team winning their second consecutive S.O.C. championship and going to district play for the first time. The girl's basketball team traveled to regionals for their first time also. The boy's teams had a tough time but the football team finished with a winning record.

The year of 1982 proved to be the greatest ever! Our senior trip to the World's Fair was a lot of hard work, but it was all worth it. The juniors had our prom at Shawnee Lodge and the after-prom at Rainbow Lanes. The prom was a success and everyone enjoyed themselves. Thanks juniors!

We graduated with the class motto - We Hold The Key To Our Future - on May 21, 1982. We leave with a good-luck wish to the underclassmen and a thank-you to all the people who made our high school careers possible.

"HOLD YOUR HEADS HIGH AND KEEP REACHING FOR THE STARS!"

"Angle Williams"

A photograph of a group of people standing in a line outdoors. The image is heavily obscured by large, diagonal, handwritten-style text in a dark, textured font that reads "Do you really know me?". The text is written across the entire image, from the top left to the bottom right, in a cursive-like script. The background shows several people standing in a line, with their legs and lower bodies visible. The ground appears to be grass or a similar outdoor surface. The overall image has a grainy, low-quality appearance.
