Edward R. McCowen
County Superintendent

Superintendent McCowen received his B. S. degree, in education, from Ohio University, the Master's Degree from Northwestern University, and has attended both Ottervein College and Harvard University. Through his leadership, numerous new courses have been added to the curriculum and a well planned development of all rural schools has taken place.

Mr. McCowen states, "For the child, we as educators must realize a responsibility to develop in the child powers for health, and for moral and social growth. We must realize that the welfare of the entire school and community is important, that all individuals are to become members of this great human society and that these individuals must learn many occupational skills. Each child becomes a cog in the ever turning wheel of society and each cog must find its place. Through the school, much help can be given to see to it that each cog does truly find its place." "The Schools of Today", said Mr. McCowen, "must be a positive force in a world full of stress and strain."

The Superintendent refreshes our minds that our slogan for many years has been, "Go Forward Scioto County Schools", and we are also reminded of his statement which has been quoted many times--"The best is none too good for our boys and girls."

In appreciation of this loyal support the band presented a Victory Concert on Dec. 12th, 1951.

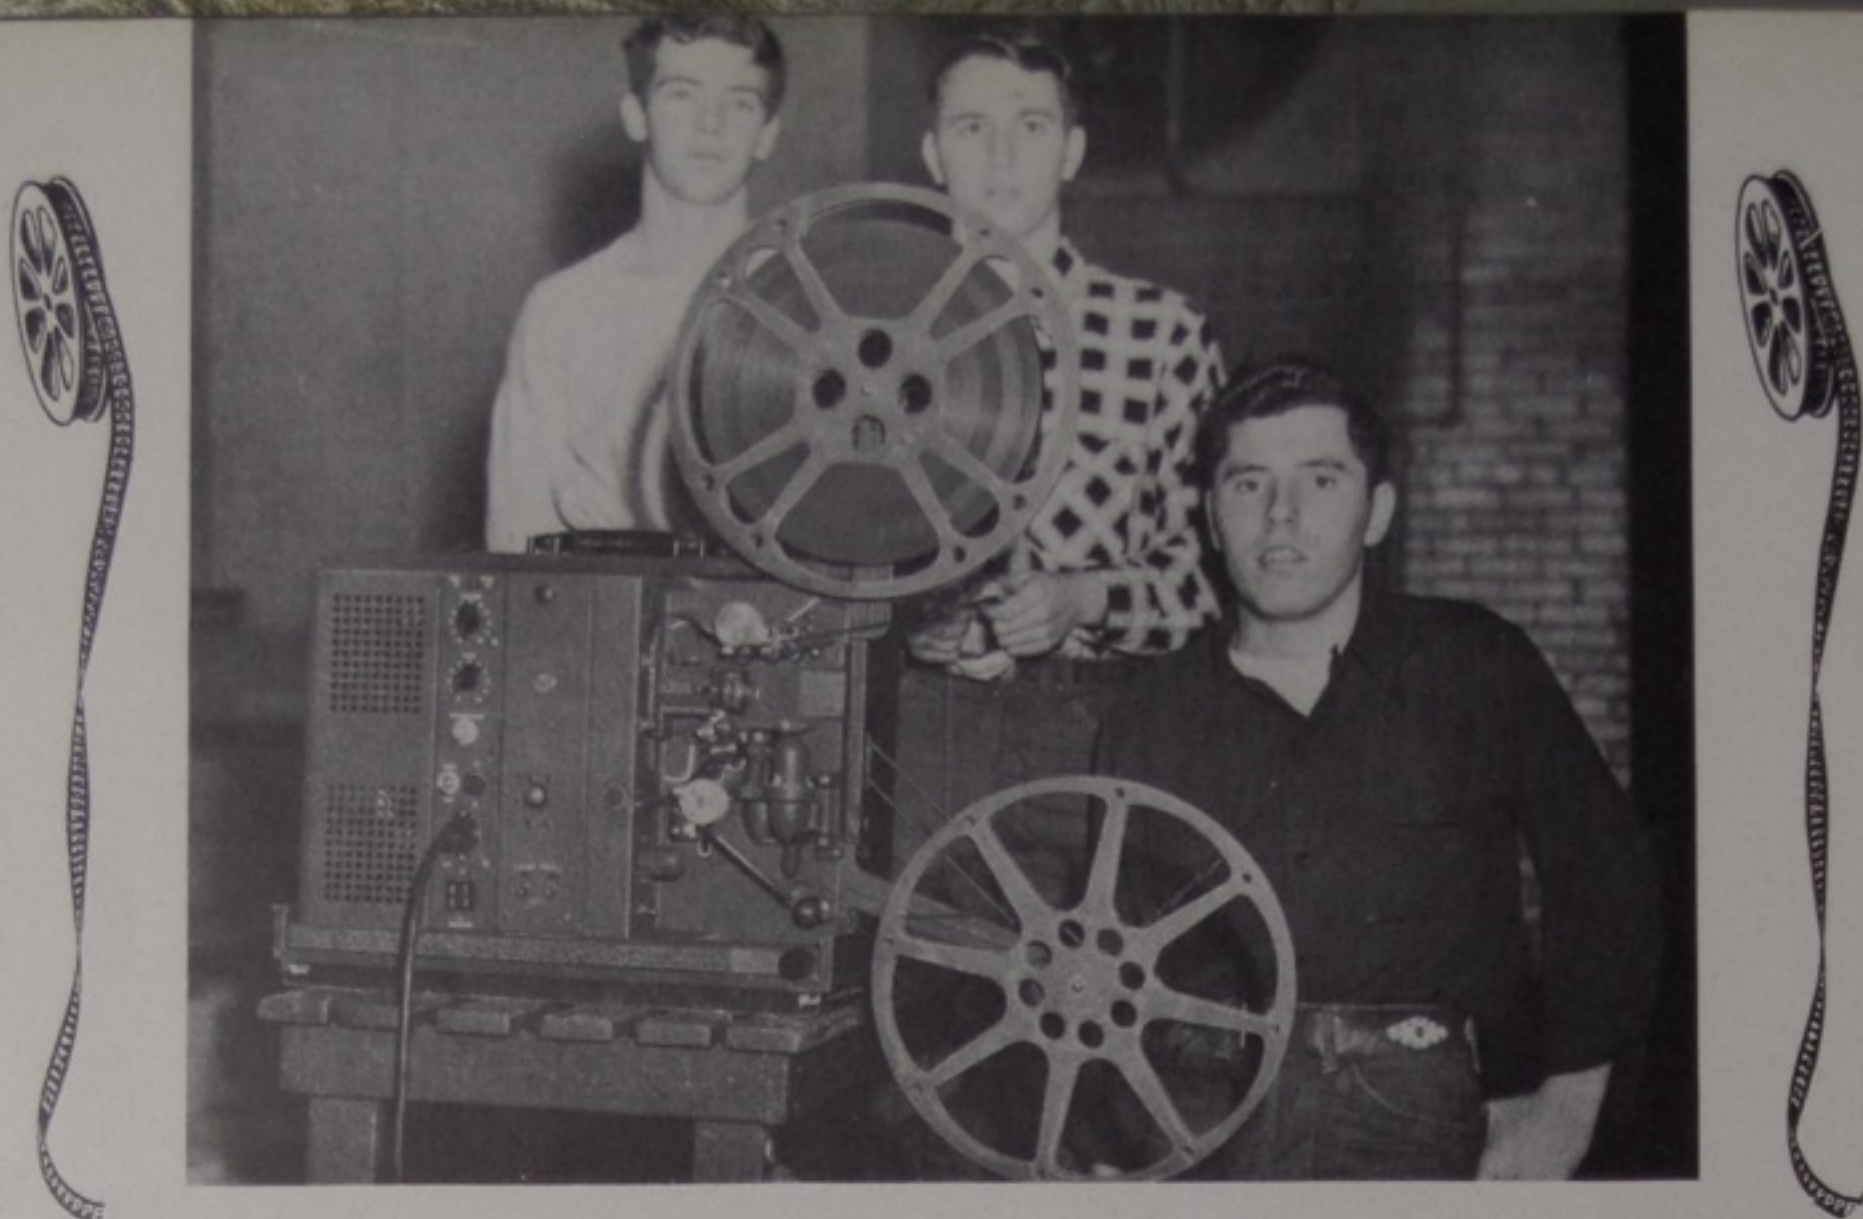

The officers serving the band during this season included Roy Conley, President; Carl Benner, Vice President; Donald Doll, Secretary; Charles Stambaugh, Treasurer.
