## INTRODUCTORY.

---

R. L. Polk & Co., publishers of the Portsmouth, Ohio, city directory, herewith present to its patrons and the public the sixth consecutive issue of that publication for 1918-1919.

The year of 1917 was filled with events of such city, state and national importance that it will long be remembered for the succession of events that crowded fast upon one another.

On April 6th, 1917, at 3 o'clock in the morning, the national House of Representatives passed the measure that had originated in the Senate on April 4th recognizing that the condition of war, declared to exist between this country and Germany by President Woodrow Wilson in his remarkable message of April 2nd, did exist and by this act the United States of America entered the great World's War as a belligerent.

In rapid succession followed the selective draft of June 5th; the first Liberty Loan of June 1-15th; the arrival of General John J. Pershing, in command of the first expeditionary force, at London on his way for service "somewhere in France"; the subscription drives for the Red Cross and Y. M. C. A. army work; the departure of the federalized guardsmen of the Rainbow Division and the calling to the colors of the first contingent of the National Army for training at the cantonment at Chillicothe.

In all of these stirring events Portsmouth has borne an important part. She has given of her wealth to the subscriptions; of her young men for service and, in a marked degree, the products of her industrial institutions to equip the army.

## POPULATION.

The demand made by her industries to enable them to carry out their contracts for munitions and war supplies has attracted to Portsmouth within the past year a very large addition to the normal population. The number of names that appear in the alphabetical portion of the book this year are 18,036, an increase of 3,912 over 1916. Multiplying this by the lowest multiple used in any directory computation,  $2\frac{1}{4}$ , to allow for wives, chil-

81-08

dren and such others as are not proper subjects of directory registration, and the present population of Greater Portsmouth is indicated to be

**40,581**

an increase over the estimated population of 1916 of 8,806.

R. L. POLK & CO.,

404 Central Natl Bank Bldg.,  
Columbus, Ohio.

## Flooded With Sales?

**D**ID YOU ever send out advertising that produced so many inquiries and orders that you were "flooded?"

If so, you know the importance of correct, reliable

### Mailing Lists

and are willing to go to almost any expense to get them.

Our mailing lists are not expensive, but they are up-to-date and complete.

As publishers of over 400 Directories we possess list facilities superior to any other list house.

Tell us the class of prospects you wish to reach, and we will offer some suggestions free and without obligation on your part.

Some of the shrewdest advertisers in the country patronize us—why not you?

## R. L. Polk & Company

Mailing Lists Addressing Mailing

976 to 992 Rand-McNally Bldg., CHICAGO

*Ask for a FREE copy of our "List of Lists."*

**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.*

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*

# The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

☞ It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

☞ It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

☞ The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

☞ Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

# The H. Leet Lumber Co. Lumber, Sash, Doors & Mill Work

Secretary's Office, Endicott Bldg., St. Paul, Minn.

The Association of the American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employes.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 REWARD** will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake Directory.

# The City Directory

---

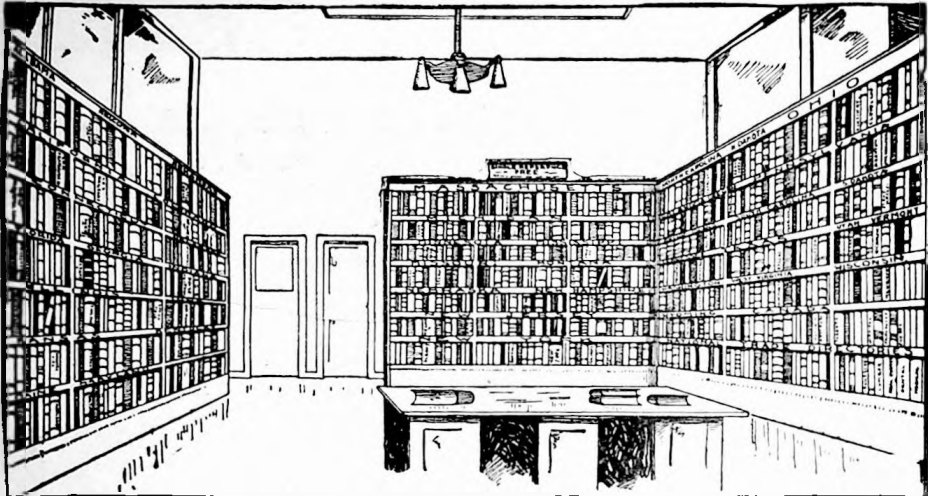

places the city on the map and is its only representative to the world beyond its own gates.

☞ It is the city's catalogue of business and represents the city, its citizens and institutions in every corner of these United States.

☞ It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

☞ The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

☞ Its Classified Business Section furnishes a list of all trades, professions and pursuits, constituting a special trade directory or buyers' guide and is the best advertising medium on earth.

*Detroit Directory Library—Every Directory Office is a Branch*

## HOW DIRECTORY LIBRARIES ARE USED

### He Wanted to Buy a Home

"Who sells ready-cut houses?" said a man to us the other day. "There is nobody listed under that heading in the Detroit City Directory, but I know there is some concern out in the State which sells them."

Reference to the Michigan State Gazetteer (State Business Directory) soon told him that the concern he wished was the North American Construction Company, of Bay City, Mich. "I will write and order what I want at once," was his parting remark.

Where one instance of this sort comes to our attention, the same things are happening over and over again wherever a City Directory is to be found.

If you will trace back new customers to find out how they found you, City Directory classified lists will receive their share of the credit.

**The classified section of the City Directory is the greatest buyers' guide on earth. Any one classification may secure the largest order and the best customer, any or every day in the year, and its omission may lose a large order at any time.**

Every day, all over the country, thousands of people are consulting Polk's Directory Libraries. We offer you the free use of our directories for single reference.

Many Directories of various cities are bought by progressive concerns, who desire up-to-date mailing lists, classified by trades and otherwise.

**Ask for a free copy of our "Directory of Directories," or for our "List of Mailing Lists."**

### A \$50,000.00 Order

A traveling man from St. Louis called on a wholesale dry goods house in St. Paul, to sell salvage goods. They did not deal in that class of goods.

Later the firm dissolved. One partner decided to engage in that line of trade and wanted to buy a complete stock, amounting to about \$50,000.00.

He called at our office and examined the St. Louis Directory to find the name of the house the agent represented. The classification "Salvage Goods" did not show it.

We, being more familiar with the classifications in a Directory, found it under "Bankrupt Stocks," much to the delight of the jobber, and a tremendous order was placed with the salvage house.
