# 2nd Grade

So many wonderful and exciting new experiences make for some very memorable moments for us as second graders. Among these were learning to write cursive, P.E. class, Halloween, making gingerbread houses, coloring Easter eggs, the Indian "Running Deer" visiting us, the math game, keeping journals, roasting pumkin seeds, planting baby spider plants, making "Corny" people, "PINK EYE", and the treasure chest.

# Kindergarten

How can any of us ever forget the excitement of the first day of school? After that it was one memorable moment after another! Like "Funny Feet Day" when we studied the letter "F", making butter, computer lab, our first spelling test, writing our numbers to 100, painting, the tornado scare, the Easter Bunny looking in our window, snowstorms that made us miss so much school, the hallway when it looked like the ocean filled with fish, our very first field trip, and graduation day.
