# CAUTION . . . .

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## MR. CITIZEN!

**CORRECT INFORMATION  
IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

In Force July 7, 1909

That any person who wilfully and for profit shall infringe any copyright secured by this act, or who shall knowingly or wilfully aid or abet such infringement, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by imprisonment for not exceeding one year, or by a fine of not less than one hundred dollars nor more than one thousand dollars, or both, in the discretion of the court.

### PUBLISHERS NOTE

The information in this Directory is gathered by an actual canvass and is compiled in a way to insure maximum accuracy.

The publishers cannot and do not guarantee the correctness of all information furnished them nor the complete absence of errors or omissions, hence no responsibility for same can be or is assumed.

The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

R. L. POLK & CO., Publishers

AND  
**GENERAL INDEX**

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1949 edition of the Portsmouth City Directory, which also includes Eden Park, New Boston, North Moreland and Scitoville.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

**Six Major Departments**  
(Each department beginning with Page 1)

The six major departments are arranged in the following order:—

I. THE MISCELLANEOUS DEPARTMENT, the first major department, printed on white paper, presents lists of city, county and federal officials; post office Directory; statistical review; historical sketch; and manufacturing, trade and civic surveys.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth and vicinity, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the third major department. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

V. THE BUYERS' GUIDE, the fifth major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Portsmouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

VI. THE CLASSIFIED BUSINESS DIRECTORY is the sixth major department, printed on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

**Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

**The Portsmouth Directory Library**

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

## History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803 by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820 the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth, was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources, such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel and many kinds of clay products.

Foreground; Norfolk & Western Yards And Shops.

Background; Portsmouth Steel Corp. Plant.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000. The shoe industry started in Portsmouth in 1869, and has thrived until today it forms one of the city's major industries.

Products manufactured in Portsmouth are: Steel, steel products, shoes, shoe laces, paper boxes, wood lasts, wood heels, stoves, castings, fire brick, silica brick, displays, and cast-iron soil pipe.

#### Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

The Portsmouth Steel Corp., manufacturing wire, rods, tie-plates and nails.

The Harbison-Walker Refractories Co. and the General Refractories Co., producing millions of high-grade bricks annually.

The Williams Mfg. Co., the Selby Shoe Co. and the Schroeder Mfg. Co.

The Vulcan Corp. This concern is a leading manufacturer of shoe lasts and wood heels.

---

The Wheeling Steel Corp., manufacturing range boilers.

Doerr & Associates, manufacturing displays.

The T. M. Patterson Paper Box Co., manufacturing paper boxes, mainly for the shoe industry.

Three railroads: The Baltimore & Ohio, the Norfolk & Western and the Chesapeake & Ohio, employing 2,350.

Mitchellace, Inc., one of the largest high-grade shoe lace manufacturers in the country.

The Ohio Stove Co., producing 30,000 gas and coal stoves per annum.

#### **Shawnee State Forest and Roosevelt Game Preserve ("Ohio's Little Smokies")**

Within a few miles of Portsmouth are located Ohio's greatest State-owned forests, the Shawnee State Forest and the Roosevelt Game Preserve. This area comprises about 54,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional patch or strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow poplar, and short-leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use, and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest and enjoy beauty not hitherto known.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are being developed. Picnic Point, one of the most popular spots, gives the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed, the most used of which is Lake Roosevelt, located on Route 125. Several years ago the Department of Conservation released many deer, and they have become well established. Hikers and automobile travelers often enjoy the rare sight of deer grazing in the valleys. The Portsmouth Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire . . . "KEEP THE FOREST GREEN."

## POLK'S PORTSMOUTH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

### 1949

INCLUDING  
EDEN PARK, NEW BOSTON, NORTH MORELAND  
AND SCIOTOVILLE

Copyright, 1949, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

Maintaining up-to-date mailing lists.  
Analyzing the buying power of a community or  
street.  
Routing salesmen to avoid lost motion in reaching  
prospects.  
Locating residents of hotels and apartment buildings,  
many of whom are listed nowhere else.  
Identifying names and titles of officials, for use of  
salesmen.

**CREDIT REFERENCE** (*and Collections*)

Running down delinquent debtors.  
Checking credit applications as to address, moving  
habits, names of employers, stability of employ-  
ment, family status, neighbors, whether owner  
or renter, etc.  
Identifying persons of same or similar names.  
Investigating cases in welfare, charitable, social ser-  
vice and legal work.

**DELIVERY** *Communication, Mailing, Etc.*

Routing deliveries.  
Reducing dead letters and insuring more complete  
delivery of mail.  
Effecting delivery of messages and parcels errone-  
ously or defectively addressed.  
Correcting names and titles.

**LAW ENFORCEMENT** *Criminal Detection and  
Apprehension*

# This Publication Is The Product of a Member of

--thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. List of local people (Neighborhood List) within a given radius of business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. Lists of business houses and the professions—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. Vocational Lists—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.  
Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or fits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete classified business section in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.
