Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An **ALPHABETICAL** list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A **HOUSEHOLDERS' DIRECTORY** including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A **CLASSIFIED BUSINESS DIRECTORY** listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A **"YELLOW SECTION"**, where the advertiser may explain in greater detail the services or products he has to offer.

5

A **STATISTICAL and HISTORICAL STORY** of your city; plus miscellaneous other information.

POLK'S PORTSMOUTH

Directory of Householders, Occupants of Office Buildings and
Other Business Places, Including a Complete
Street and Avenue Guide

1960

INCLUDING NEW BOSTON

Copyright, 1960, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

"I am your newspaper."

There's nothing in the world I can't tell you. Or out of it, either. ∞ All about the primaries across the nation ∞ the volcano erupting across the world ∞ the newest satellite circling high above. ∞ The solitary night fears of children. The hunger of nations. The score of your high school's basketball game. ∞ I bring Walter Lippmann into your home ∞ Ingo and Brigitte Bardot ∞ Ike ∞ Dean Pike. Tomorrow's new star. Yesterday's memory. ∞ I tell your wife how to make the chestnut dumplings you rave about. I help your son get good grades in his Social Studies class. ∞ Advise grandma about a flattering new eyeglass shape ∞ give her a poem about Spring ∞ tell her of a toy that would gladden a grandson's heart. ∞ And tell your newly-wed daughter where she can get the best buys for furnishing her new home. Politics. Sports. Television. Wall Street. Job. Home. Hats. Husband. Hollywood. War. Peace. I wrap up the whole world, every 24 hours, and put it in your hands. I don't tell you merely what you want to hear. I tell you the truth, whether it helps, or hurts. You can trust me.
