Foreword

We travel many roads; the smooth, the bumpy, the long, the scenic. The successes of our lives depend upon which road we choose to travel. We at Clay High, through classes, activities, clubs and athletics, have strived to follow the best road with the help of our "guiding signs," the faculty and administration. As we travel the road of life, we must be guided by signs lest we make a wrong turn. Sometimes the signs are hard to see or follow; but if they are followed, we will find the road a smooth one. Through the pages of this yearbook we have tried to show the various paths taken by Clay students; paths that lead to the choice of the road we will take for the future.

SENIORS

Each of our decisions in life tends to influence other people. Sometimes our decisions affect a great number of people; at other times, only a few. As graduation approaches, each senior must decide whether he will further his education or find a place in the world of business. Graduation is indeed a time of decision in our lives.

UNDERCLASSMEN

Because the work of an underclassman reaches into new areas, the roads they travel are rough. Just as the bumps and ruts in the highways make us more appreciative of the smoother roads ahead, the hardships we encounter in our high school career will enable us to be better prepared to meet the problems that we shall have to face in our future lives.

Juniors

As the Junior Class of 1963, we have worked diligently to make this year successful. The Juniors have taken an active part in many school organizations such as: band, chorus, debate, Future Teachers of America, Science Club, Panther Staff, and Library Staff. Jim Wallace won first prize in the Science Fair this year. A major portion of the year was devoted to basketball, and six Junior boys were Varsity players. During the baseball season, the Juniors also take a part. Academically, the Juniors rate high, for we have an average of twelve students on the Honor Roll. Eight Juniors are National Honor Society probationary members, and still others have taken honors on the Scholarship Teams. Our class has been represented well in community projects, for several of our girls are Candy Strippers and volunteers at the local hospitals. As Juniors, we have spent this year building a record of which we can be proud.

Sophomores

The sophomore class of 1963 has excelled both scholastically and athletically. On the average thirteen students have placed on the honor roll each six weeks period. During the year we have had an outstanding record in our participation in clubs and other school activities. Four of the starting five on the reserves in basketball and one on the varsity team are from our class. Many of the members of the baseball team are also sophomores.

ACTIVITIES

Traveling down a straight and narrow road can become monotonous, and so to make our travel more interesting, we take a turn on the road and find some new and exciting adventure, which fulfills every aspect of our travels. Thus, when we leave the road of scholarship and journey down the path of activities, we are helping to round out and develop our entire personality.

Future Teachers

The 1962-63 chapter of the Future Teachers of American Club was organized early in the season, and the members quickly started to work. A few members worked as Candy Strippers at Mercy Hospital while others acted as helpers at the Receiving Hospital. During National Education week the club sponsored the annual "Back to School Night." Many students also enjoyed teaching in the elementary grades during the year. The purpose of the club is to prepare the pupils for their future life's work.

SCHOLARSHIP

Road construction is vital to our modern way of living. Likewise, development of scholastic ability is necessary for the development of a well-rounded individual. As the road needs constant improvement and development in order to reach our final destination, so the mind needs constant development in order to attain our vocational goals. The aim of Clay High School is to nurture the mind so as to prepare each student to face the problems of life and adjust to them.

SPORTS

As the roads of our nation require constant attention in order to make our travel easy, so do our bodies require physical exertion if they are to serve us adequately throughout life. Sports bring out the best in a person. They not only help build sound bodies, but they also help build character, and traits such as truthfulness, co-operativeness, and determination. We feel that Clay High's athletes have demonstrated these fine traits this past year. We of the sports section have attempted to show our athletes "at work."

Kneeling left to right: Jerry Howard, John Oliver, Pat Curtiss, Jim Bierley, Roy [unclear].
 Standing: Clarence Chandler, Dave Bloomfield, George Horsley, Jerry Ginn, [unclear],

Jerry [Name] was one of the team's leading scorers and rebounders.

George Horsley led the team in rebounds, points, and free throw percentage. He was a member of the Tri-County League All-Star Team.

Jim Bierley, the only sophomore on the varsity, was a fine team player and scorer.

Pat Curtiss was a good rebounder and fine offensive player for the varsity.

Clarence Chandler was a fine scorer from outside and a hustler.

Dave Bloomfield's accurate shooting from the field greatly helped the varsity this year.

Jerry Howard, a great team player and play-maker, led the team in assists and was an outstanding defensive player.

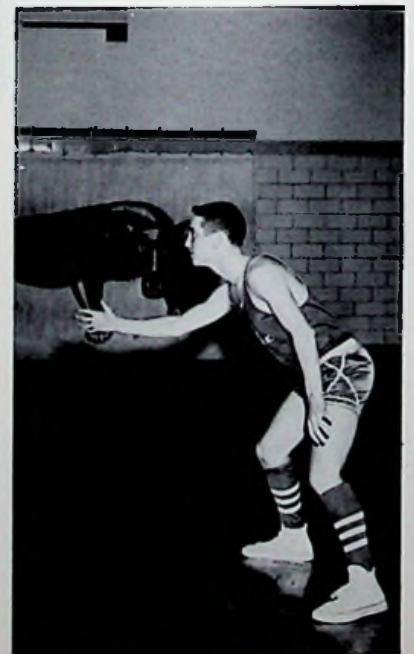

Danny Burt led the team in field goal percentage and was second in scoring. He was a member of the Tri-County League's All-Star team.

Jim Runyon was a valuable asset to the varsity through his strong rebounding.

Roger Stewart, the team's best dribbler, gave the crowd many thrills with his ball handling.

John had the most re-
bound in the game this year -
20.

During time out, Coach Justus explains to his players
what he wants them to do.

ADMINISTRATION

Just as road maps guide us across our country, so does the administration guide us through our school life. We cannot guide ourselves through the back roads and free ways of life. We must use the guidance of our counselors and administrators to find our way to success.

County Superintendent E. R. McCowen received his B.S. Degree in Education from Ohio University, the Master's Degree from Northwestern University, and he has attended both Otterbein College and Harvard University.

Mr. McCowen said in a statement to us: "The rural schools of Scioto County in meeting the demands of our great democratic society has been meeting the demands of both quantity and quality. Never before have so many boys and girls been educated in our rural schools, and their achievements have come about through a desire to constantly improve.

We must keep providing for individual differences and determine which learning experiences are the most significant for his success. We must be determined to constantly serve our purpose toward the progress of our society. Our challenge for the future, as in the past, is to see to it that each student enjoys equal opportunities for fulfilling their educational needs as individuals in the democratic society which is America."

E. R. McCOWEN

The Board Members, seated left to right, are: Chester Chapman, Ron Horsley, Mrs. Alfred Miller, Robert Allen, Charles Vanderpool, Glenn Moritz, and Mr. Bandy, Executive Head.

CARL D. BANDY
Executive Head

We are living in an age today that provides the greatest challenge and opportunity for youth that there has ever been in the history of civilization. At no time in history has there been so much concern about the health, welfare, and education of our youth.

Many new methods of teaching are being introduced such as: Team teaching, Programmed learning, T. V., etc. Many new devices are being invented to improve or revise methods of teaching such as: Teaching Machines, Reading Machines, etc. But the most important of all these devices and new methods is the increased interest created in the parents in community, county, state, and Federal governments. The results of all the above are working for the benefit of our youth today and creating the greatest opportunities for youth that this country has ever known.

May I take this occasion to thank the students and teachers of Clay High School for their loyal support and cooperation throughout this school year.

To the graduation class of 1963, may I wish you the best of luck and may memories of your school and community always be cherished.

I would also like to extend my thanks and appreciation to the wonderful people of our community for their fine support in producing and expanding our educational facilities. With added building facilities, we can continue to meet the needs of our children so that they may compete in a society that will continue to make our nation great and strong.

How Much Is \$165,000,000?

When the current expansion and modernization program is completed at its Portsmouth Division, Detroit Steel Corporation will have spent over \$165,000,000 in its determination to make this southern Ohio steel mill one of the finest, best equipped, most competitive such plants in the nation.

That's a lot of money.

For example, had a man who was living when Christ was born, continued to live until today, and had he spent \$225 every single day during all those long years, he would still not have spent that much money.

One hundred and sixty-five million dollars . . . the savings of thousands of ordinary people who, believing in the American Way, have become part owners in American Industry . . . plus the "plowed back" earnings of the company . . . all that money, within the next few years, will have been invested in the future of the Greater New Boston - Portsmouth Area to provide jobs and security for its citizens.
