INTRODUCTION AND GENERAL INDEX

0505
3/7/21

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the latest edition of the Portsmouth City Directory, which also includes New Boston, North Moreland, Rosemount, Sciotoville, West Portsmouth and a portion of Wheelersburg.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

5/19/25

I. THE BUYERS' GUIDE constitutes the first major department, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of Portsmouth, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the city and vicinity. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Portsmouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

75-3351

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth, New Boston, North Moreland, Sciotoville, Rosemount, West Portsmouth and a portion of Wheelersburg, and the name, official personnel, nature and address of each firm and corporation. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order.

der under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Area Chamber of Commerce, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in the chief cities of the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

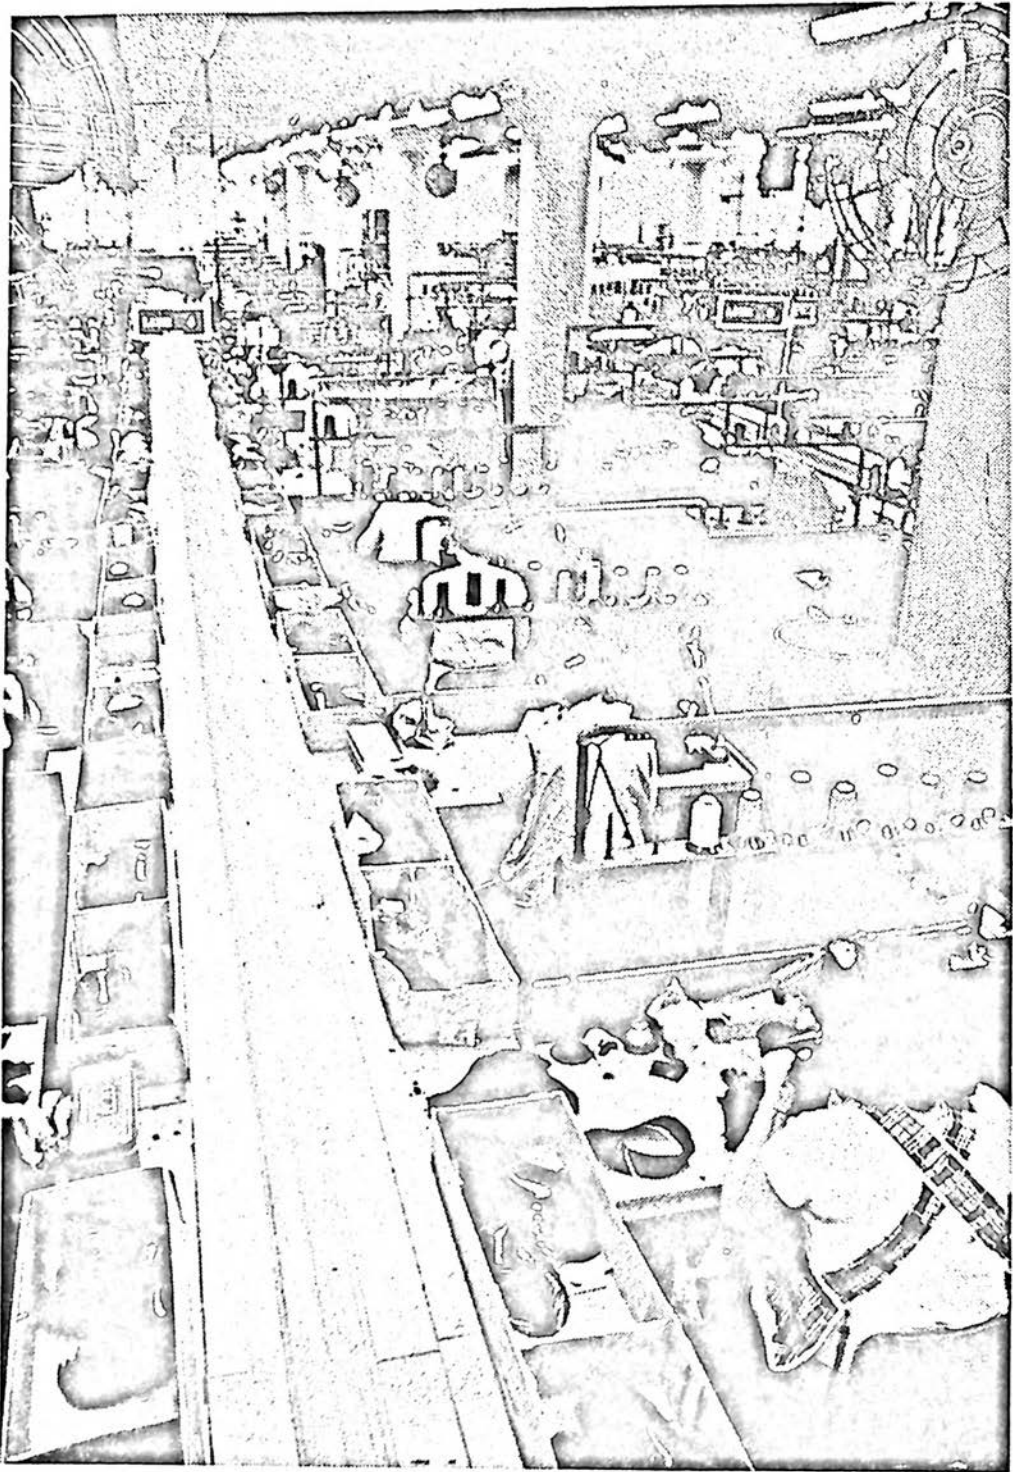

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803, by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820, the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel, and many kinds of clay products.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000.

Products manufactured in Portsmouth are: Steel, steel products, shoes, shoe laces, paper boxes, shoe lasts, castings, fire brick, silica brick, brake drums, chemicals and reinforced plastics.

The shoe manufacturing industry has played an important role in Portsmouth's economy since 1869.

Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

The Empire-Detroit Steel Division, Cyclops Corp., manufacturing hot and cold rolled strips and sheets, coke, and chemical by-products.

The Harbison-Walker Refractories Co., producing millions of high-grade fire bricks annually.

The Williams Mfg. Co., men's, children's and women's shoes,
Dayton-Walther Corp., Portsmouth Division.

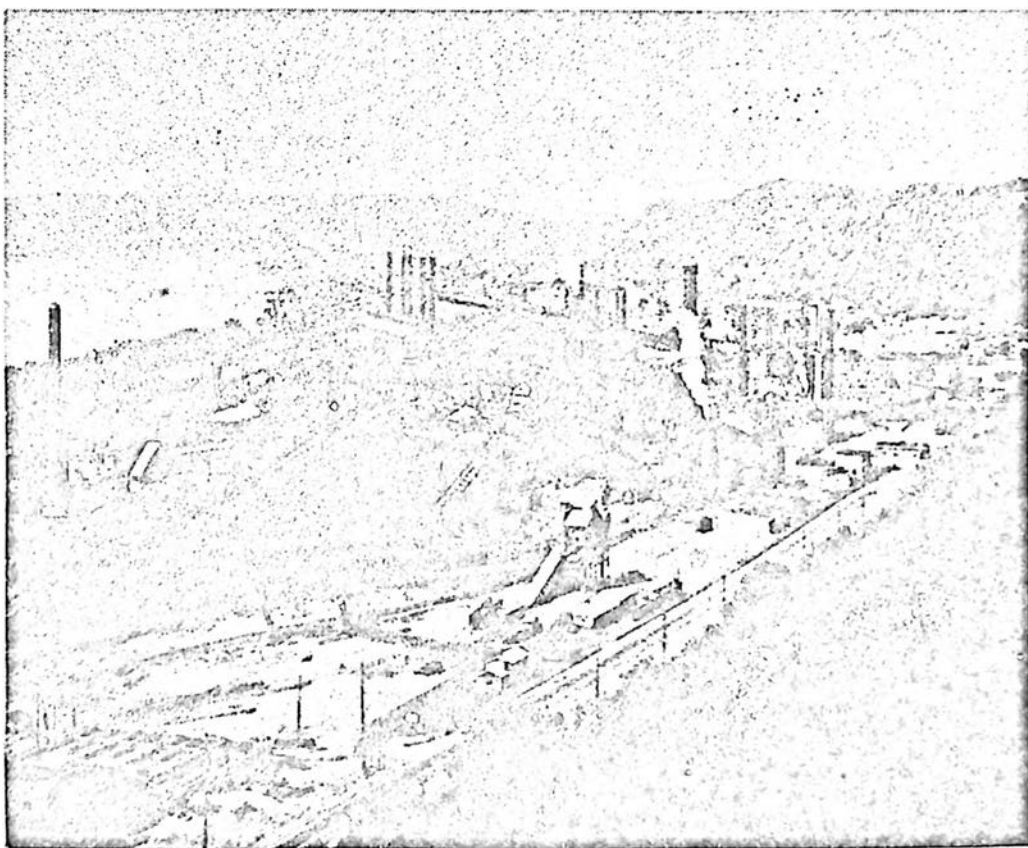

The T. M. Patterson Paper Box Co., manufacturing paper boxes.

Osco Industries and Portsmouth Casting Co., manufacture gray-iron castings.

Morton Last Co.—shoe last remodeling.

Century Last Company, manufacturing shoe lasts.

Two railroads: The Baltimore & Ohio-Chesapeake & Ohio and Norfolk & Western Ry.

Empire-Detroit Steel Division of Cyclops Corporation occupies a large chunk of the Portsmouth area. The company's 1,500 employees produce almost one million tons of hot and cold rolled sheet metal annually.

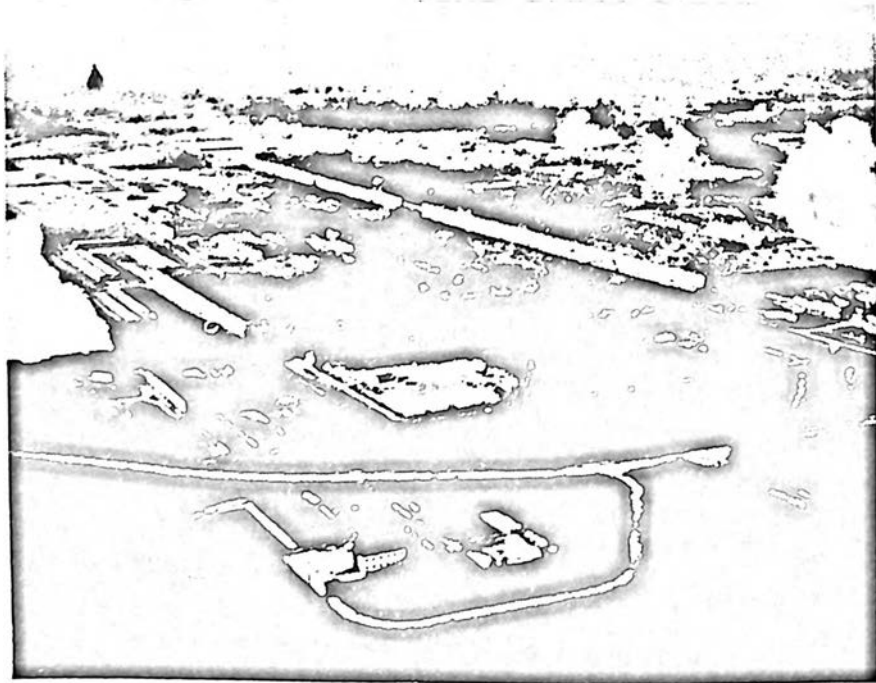

Mitchellace, Inc., the largest high-grade shoe lace manufacturer in the country.

Atomic Energy Plant--The Portsmouth Area Project of the Atomic Energy Commission is located 20 miles north of Portsmouth on U. S. Route 23. This huge facility, to produce Uranium 235 by the gaseous diffusion process, was started in August, 1952, and was completed in 1955, at a cost of \$900,000,000. Two new power plants were constructed to supply the atomic plant's annual requirement of 1,800,000 kilowatts—25% more electric energy than is consumed by the entire city of New York.

The new, Southern Ohio State Correctional Facility, 8 miles North of Portsmouth received its first prisoners in 1973. The prison houses 1,600 inmates. Built at a cost of more than \$30 million, the complex includes 185 acres—65 of which are under roof. More than 500 are employed in the administrative and security forces of the prison.

Rail transportation has been a part of the Portsmouth scene since 1853. The Norfolk & Western Railway's classification yards at Portsmouth handle millions of tons of freight and coal each year.

Atomic energy plays an important role in the Portsmouth area economy. This aerial view of Goodyear Atomic Corporation plant, 20 miles north of Portsmouth, shows a portion of the billion dollar facility.

Shawnee State Forest ("Ohio's Little Smokies")

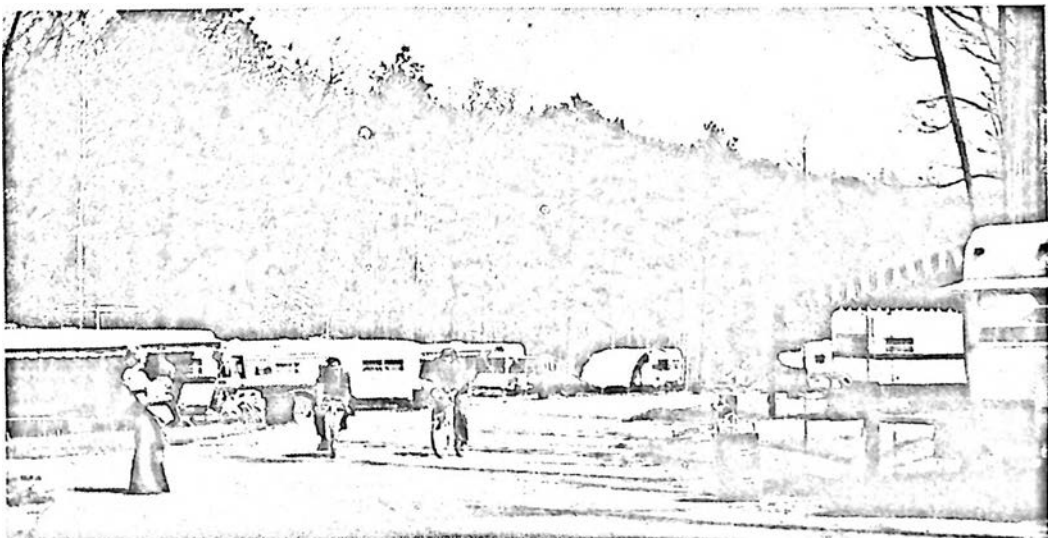

Within a few miles of Portsmouth is located Ohio's greatest State-owned forest, the Shawnee State Forest. This area comprises about 58,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional patch of strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow-poplar, and short-leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are available. Picnic Point, one of the most popular spots, give the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed including Lake Roosevelt, located on Route 125 and the 51 acre Turkey Creek Lake in the main campground area. Boating is permitted on this lake but it is not large enough for big motors. Shawnee State Lodge with 50 rooms plus dining room, coffee shop, indoor and outdoor pools, plus 25 all-electric cottages is open year round. Visitors will also find a 9-hole golf course and a \$2 million boat marina only ten minutes driving time from the lodge and campground.

The Portsmouth Area Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire . . . "KEEP THE FOREST GREEN."

Shawnee State Park Campground provides 107 Class A campsites, two lakes, 58,000 acres of forest land, 100 miles of forest roads, and lots of fresh air.

Shawnee State Lodge, located 12 miles n.w. of Portsmouth, offers the vacationer a rustic escape from today's accelerated life style. The \$5 million lodge is located in Ohio's largest state forest.

**Do your employers furnish you with
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."
