# INTRODUCTION AND GENERAL INDEX

— — — — —

R. L. POLK & CO., publishers of more than 1,400 city and suburban Directories, presents to subscribers and the general public, this, the latest edition of the Portsmouth City Directory, which also includes New Boston, North Moreland, Rosemount, Sciotoville, West Portsmouth and a portion of Wheelersburg.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'s Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:-

I. THE BUYERS' GUIDE constitutes the first major department, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of Portsmouth, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the city and vicinity. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Portsmouth, the necessity of having this kind of information up - to - date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation and address of each adult resident of Portsmouth, New Boston, North Moreland, Sciotoville, Rosemount, West Portsmouth and a portion of Wheelersburg, and the name, official personnel, nature and address of each firm and corporation. A special feature of this section is the listing of telephone numbers.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and

concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

### **Municipal Publicity**

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

### **The Portsmouth Directory Library**

Through the courtesy of the publishers of the Portsmouth City Directry, a Directory Library is maintained in the offices of the Portsmouth Area Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your Publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directoy as an advertising medium, with assurance that it will bring a commensurate return.

### History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio Rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803, by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820, the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel, and many kinds of clay products.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000.

Products manufactured in Portsmouth are: Steel products, shoe laces, paper boxes, shoe lasts, castings, fire brick, silica brick, brake drums, chemicals and reinforced plastics.

### Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

The Harbison - Walker Refractories Co., producing millions of high - grade fire bricks annually.

Dayton - Walther Corp., Portsmouth Division, brake drums.

The T. M. Patterson Box Co., manufacturing paper boxes.

New Boston Coke Corp.

Kentucky/Ohio Transportation Co.

Anchor Sur, Inc.

Oscro Industries and Portsmouth Casting Co., manufacture gray - iron castings.

Century Last Company, manufacturing shoe lasts.

Two railroads: The Chessie System and Norfolk & Western Ry.

Mitchellace, Inc., the largest high - grade shoe lace manufacturer in the nation.

Atomic Energy - The Portsmouth Area Atomic Plant, administered by the Federal Energy Administration and operated by Goodyear Atomic Corporation, is located 20 miles north of Portsmouth on US Route 23. Put into operation in 1955, at a cost of \$900,000,000, this huge facility produces Uranium 235 by the gaseous diffusion process. Presently, a \$4.5 billion expansion program is underway and scheduled for completion in 1988.

The Southern Ohio Correctional Facility, 8 miles North of Portsmouth received its first prisoners in 1973. The prison houses 1,645 inmates. Built at a cost of more than \$30 million, the complex includes 185 acres-65 of which are under roof. More than 500 are employed in the administrative and security forces of the prison.

### Shawnee State Forest ("Ohio's Little Smokies")

Within a few miles of Portsmouth is located Ohio's greatest State - owned forest, the Shawnee State Forest. This area comprises about 58,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional path or strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow - poplar, and short - leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are available. Picnic Point, one of the most popular spots, gives the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed including Lake Roosevelt, located on Route 125 and the 51 acre Turkey Creek Lake in the main campground area. Boating is permitted on this lake but it is not large enough for big motors. Shawnee State Lodge with 50 rooms plus dining room, coffee shop, indoor and outdoor pools, plus 25 all - electric cottages is open year - round. Visitors will also find a 18 - hole golf course and a \$2 million boat marina only ten minutes driving time from the lodge and campground.

The Portsmouth Area Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire . . . "KEEP THE FOREST GREEN."

## City Directory Advertisers

By having and using your own copy of the local City Directory, you can positively identify—and reach—the kind of person, business firm and family that are most likely to be in the market for the type of product or service that you sell. Through the City Directory you'll be reaching the individuals and businesses with the top purchasing power in your community . . . those who consistently buy when they want to buy, not when they have to.

By advertising in your local City Directory, you can make sure these same people can identify and locate YOU.

You join with the backbone of your community business life; you become an integral part of the permanently established, successful firms in your community when you advertise in your local City Directory. This is prestige advertising without the financial penalties normally associated with prestige advertising.

*It's the most efficient use  
of your advertising dollar*

## Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

THE KNOWLEDGE OF  
**WHERE TO BUY**  
IS AS IMPORTANT AS, WHERE TO SELL GOODS

# Out of Sight--Out of Mind

## ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

# A STATEMENT of ADVERTISING PRINCIPLES

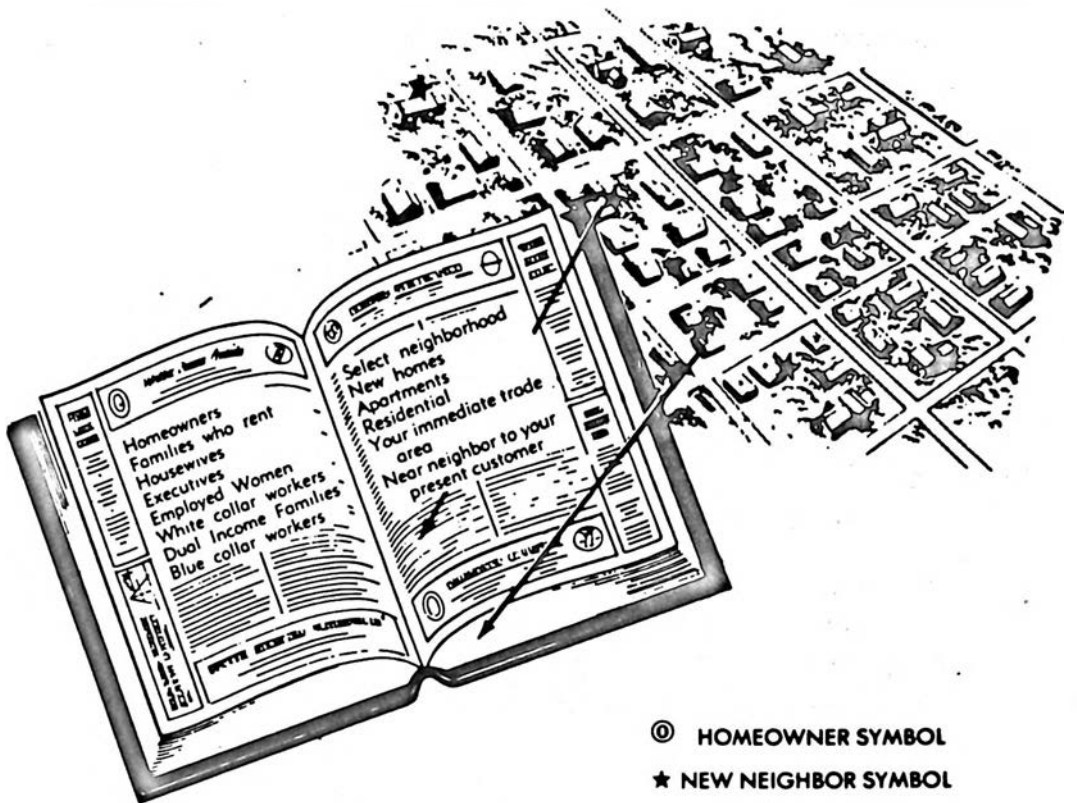

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
