VALLEY HIGH SCHOOL  
LUCASVILLE, OHIO

ORVILLE BLANKENSHIP  
V. Pres.

EARL STEPHENS  
Pres.

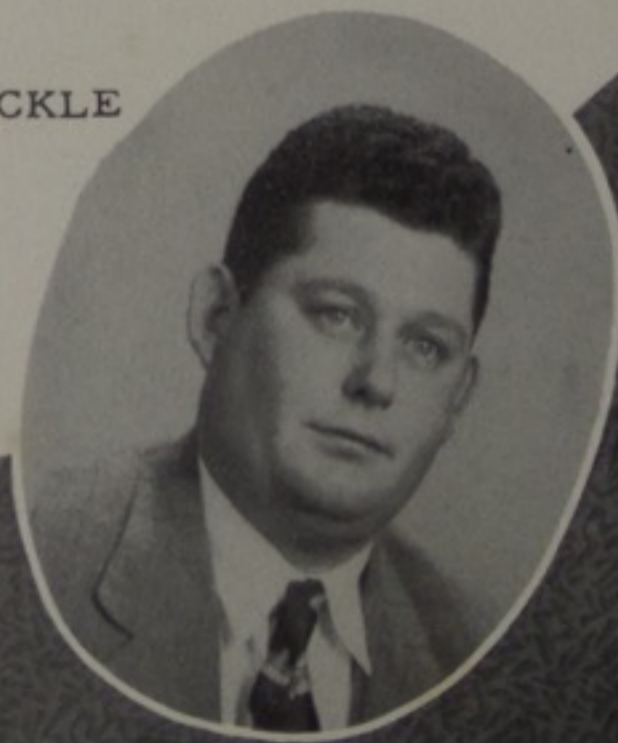

SANDY PHILLIPS  
Clerk

The Valley Local Board of Education has progressively looked to the future in the organization of the Valley Local Schools. Realizing that the boys and girls of the Valley Local School District will be the future citizens of their community, they have tried to give the boys and girls an education that should prepare them for later life. Many congratulations are in order for the fine community spirit shown by these men in their service to the community and the boys and girls.

ALDRO BROWN

WALTER BUCKLE

and our  
greatest  
grades. The

Mr. McCowen received his B.S. degree in education from Ohio University, the Master degree from Northwestern University and has attended both Otterbein College and Harvard University. His broad vision has helped make it possible for our schools to continue to offer new courses as the need arises.

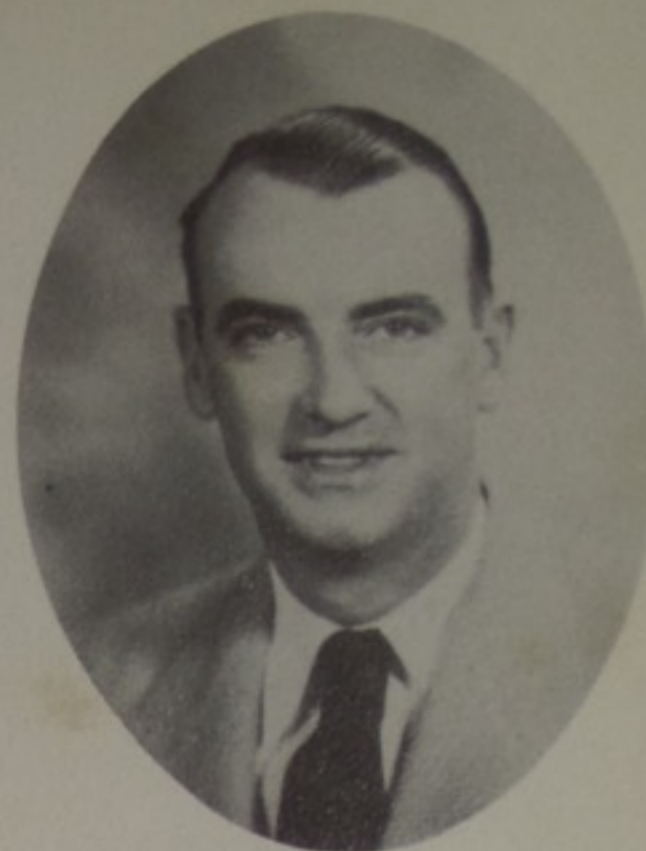

In a recent letter from Dr. Clyde Hissong, State Superintendent of Public Instruction the following excerpts will show how the schools of Scioto County rank. Dr. Hissong states, "I have just completed a survey of the high school supervisors. I have been favorable impressed by the nature of these reports and particularly the evidence of the fine work which you are doing in Scioto County as revealed through such comments in the reports from the several schools. Such comment as made by our high school supervisor give abundant evidence of the enviable record which you and your administrative staff have made in cooperation with the County Board and the Local Boards of Education in your county. Accept my congratulations upon this fine record and my best wishes for a continued fine program in Scioto County."

Mr. McCowen points out that the motto for our schools is, "Go Forward Scioto County Schools". Says Mr. McCowen, "We will continue in the years to come to serve our boys and girls in the best manner and continue to improve the educational set-up in all Rural Schools. The best is none too good for our boys and girls."

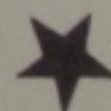

"The Valley Local Schools in the year of 1950 reached a peak enrollment of 1154. This includes both the high school and our two elementary schools while the greatest increase was shown in the lower grades. The present program of improve-

ment in the Valley Local Schools should in due time pay dividends contributing to better citizenship, and should make it possible for our children to secure a better foundation in scholarship and to participate in extra-curricular activities which will prepare them for the world of tomorrow."

Mr. L. T. Comer

EDWARD R. McCOWEN  
County Superintendent

Mr. L. T. Comer

Under the direction of Principal L. T. Comer, the Visual Ed. Department has provided Valley Schools with numerous films from the State Department, and with several pictures from the County Superintendent's office. In addition to these, several travelogues and specialty films have been shown. Different organizations in the high school have sponsored full length feature films during the school year.

These boys are Juniors and Seniors and have been trained by Mr. Comer to use the two picture machines.

Mrs. L. Moulton  
Girls' Advisor

Mrs. Moulton registering a patient, Charlotte Brisker.

There are two projects planned at V.H.S. for the girls. One of these is the use of the retiring room. It is maintained for girls who become ill at school.

The other is the "All Girl Chapel Program". Several of these are to be given throughout the year. The idea is to have some outside speaker talk on some problem of interest to the girls. The first of these programs was held in October when Mrs. Raymond Smith, former Dean of Girls of P.H.S. gave an instructive talk on personality.

#### Class in Home Nursing

Each year, Mrs. Lammers, a county visiting nurse of the Local Red Cross Chapter, teaches a class in Home Nursing at Valley High School. This class is made up of girls from the sophomore Home Ec. class.
