Lynda Schisler

Diane Bender

Linda Wessel

Gary Wachenschwanz

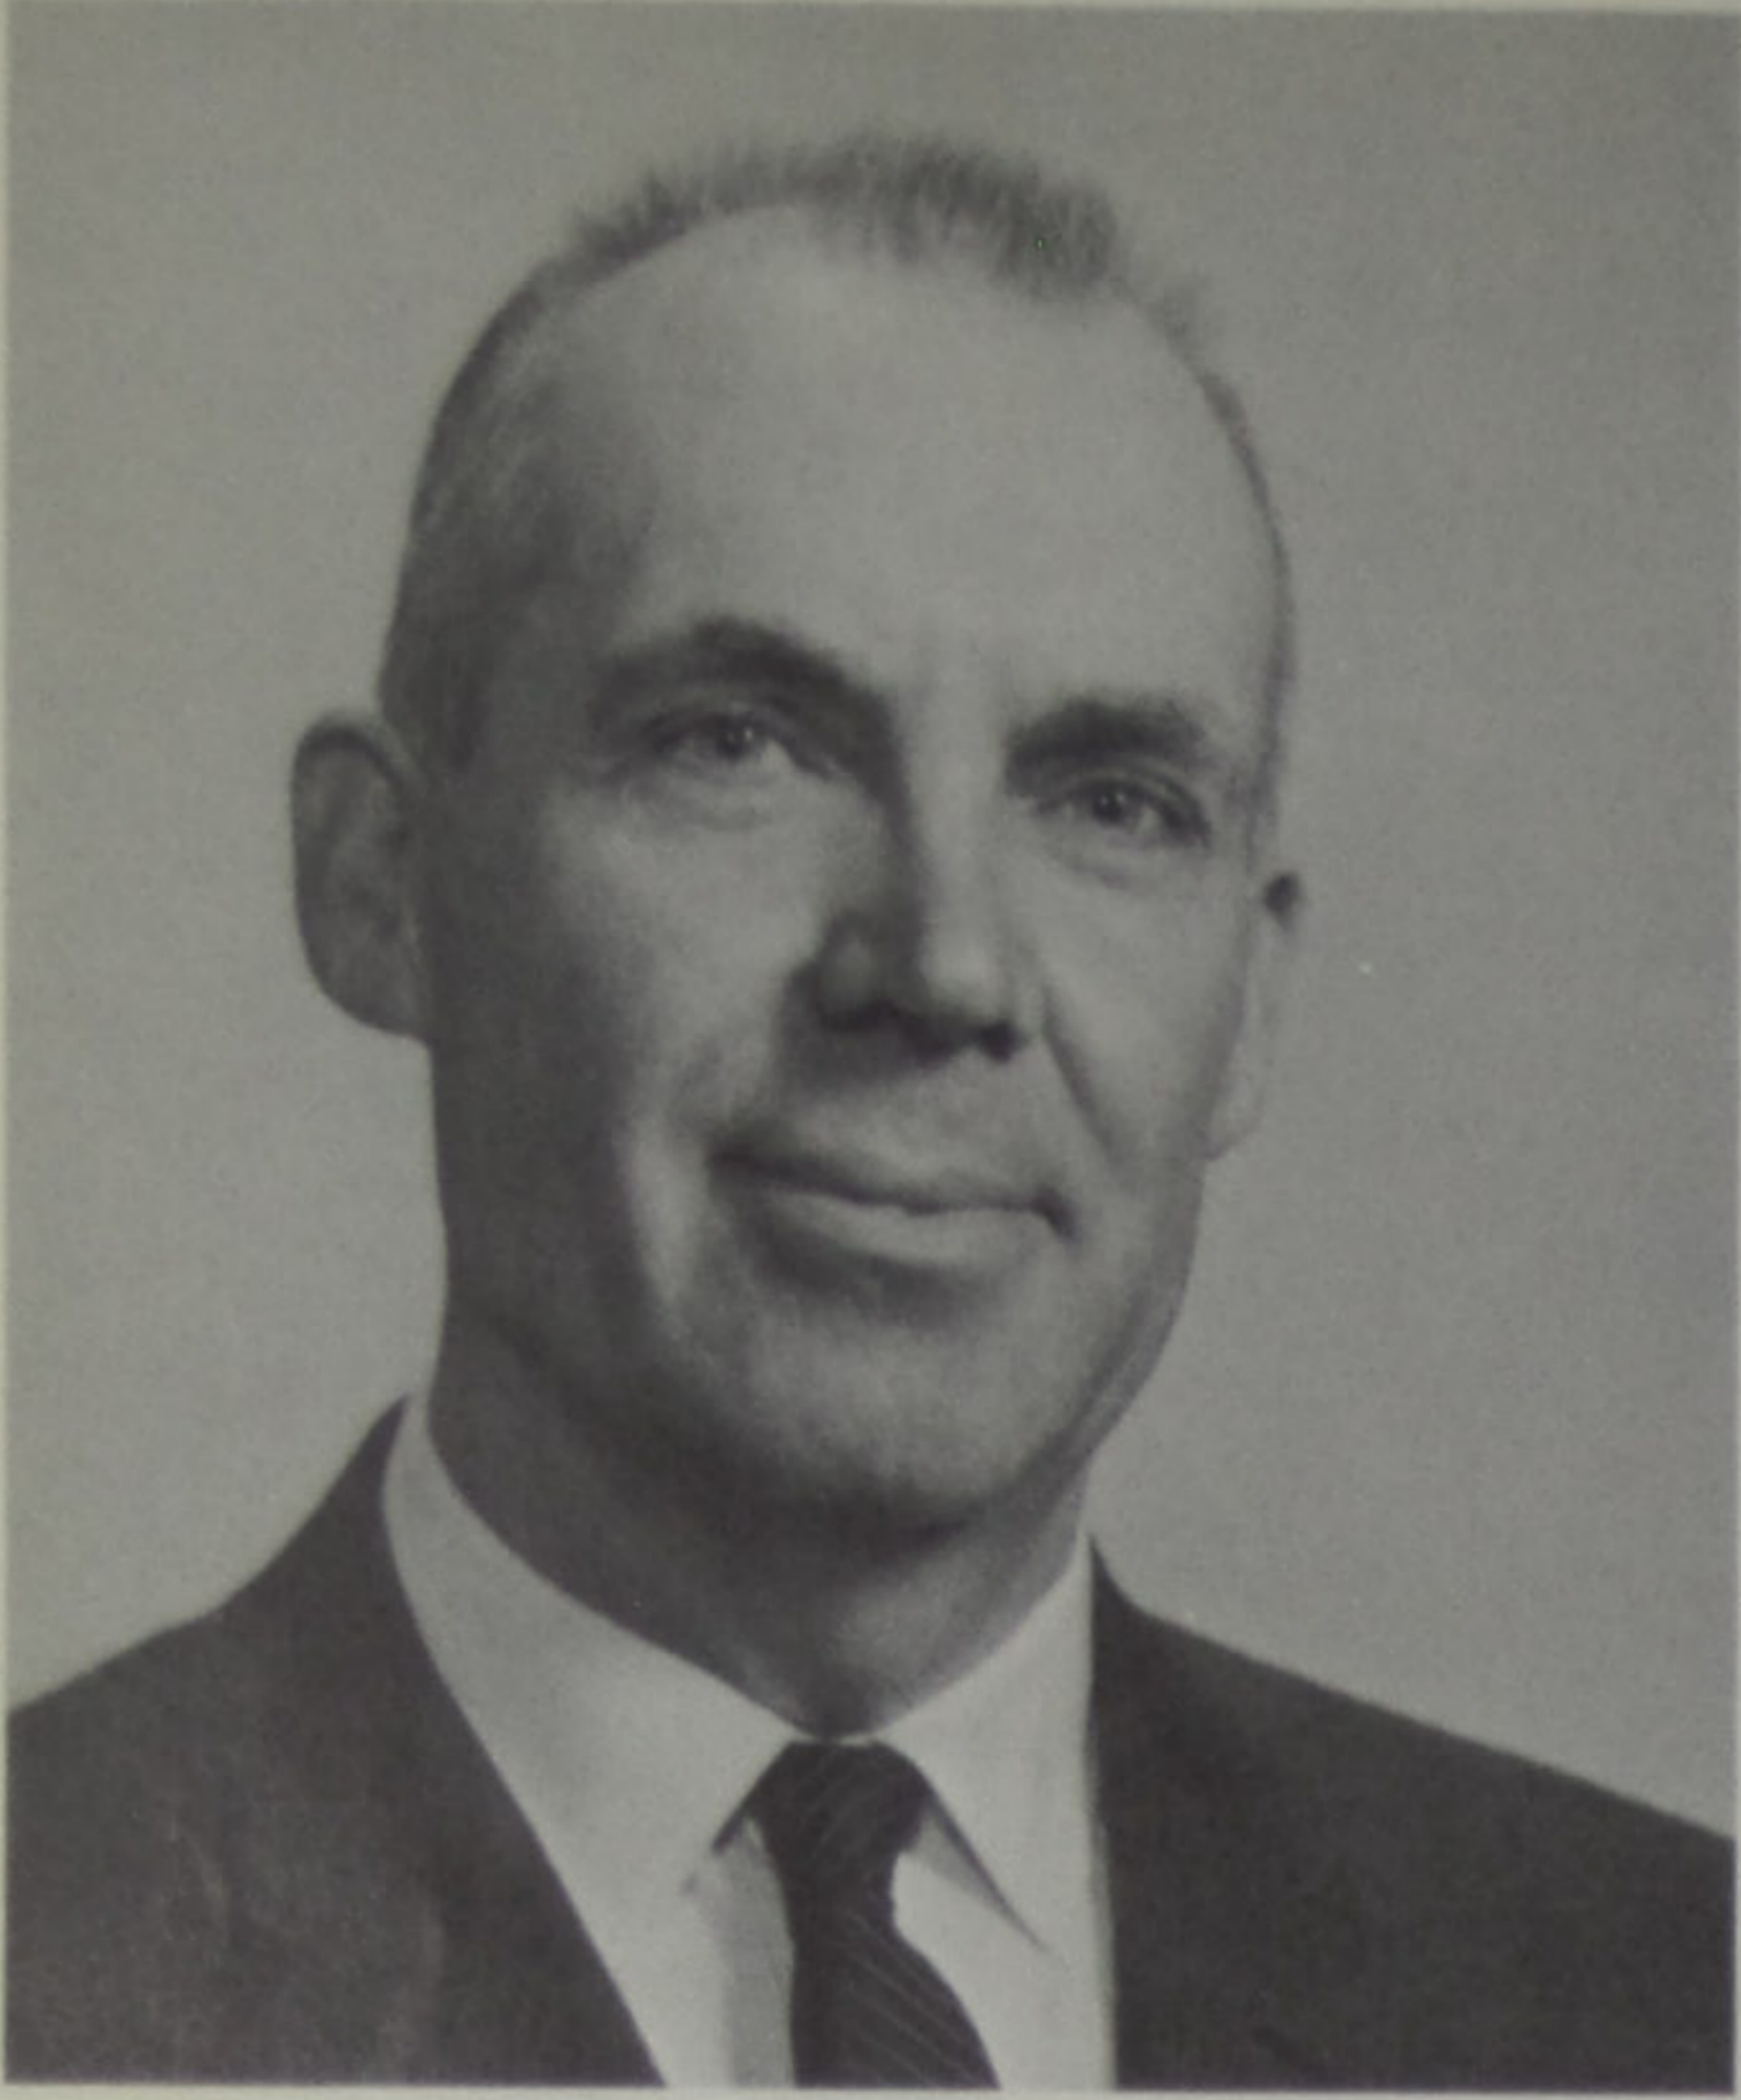

Sandy Wheeler

Mrs. Mary Ann Lynn

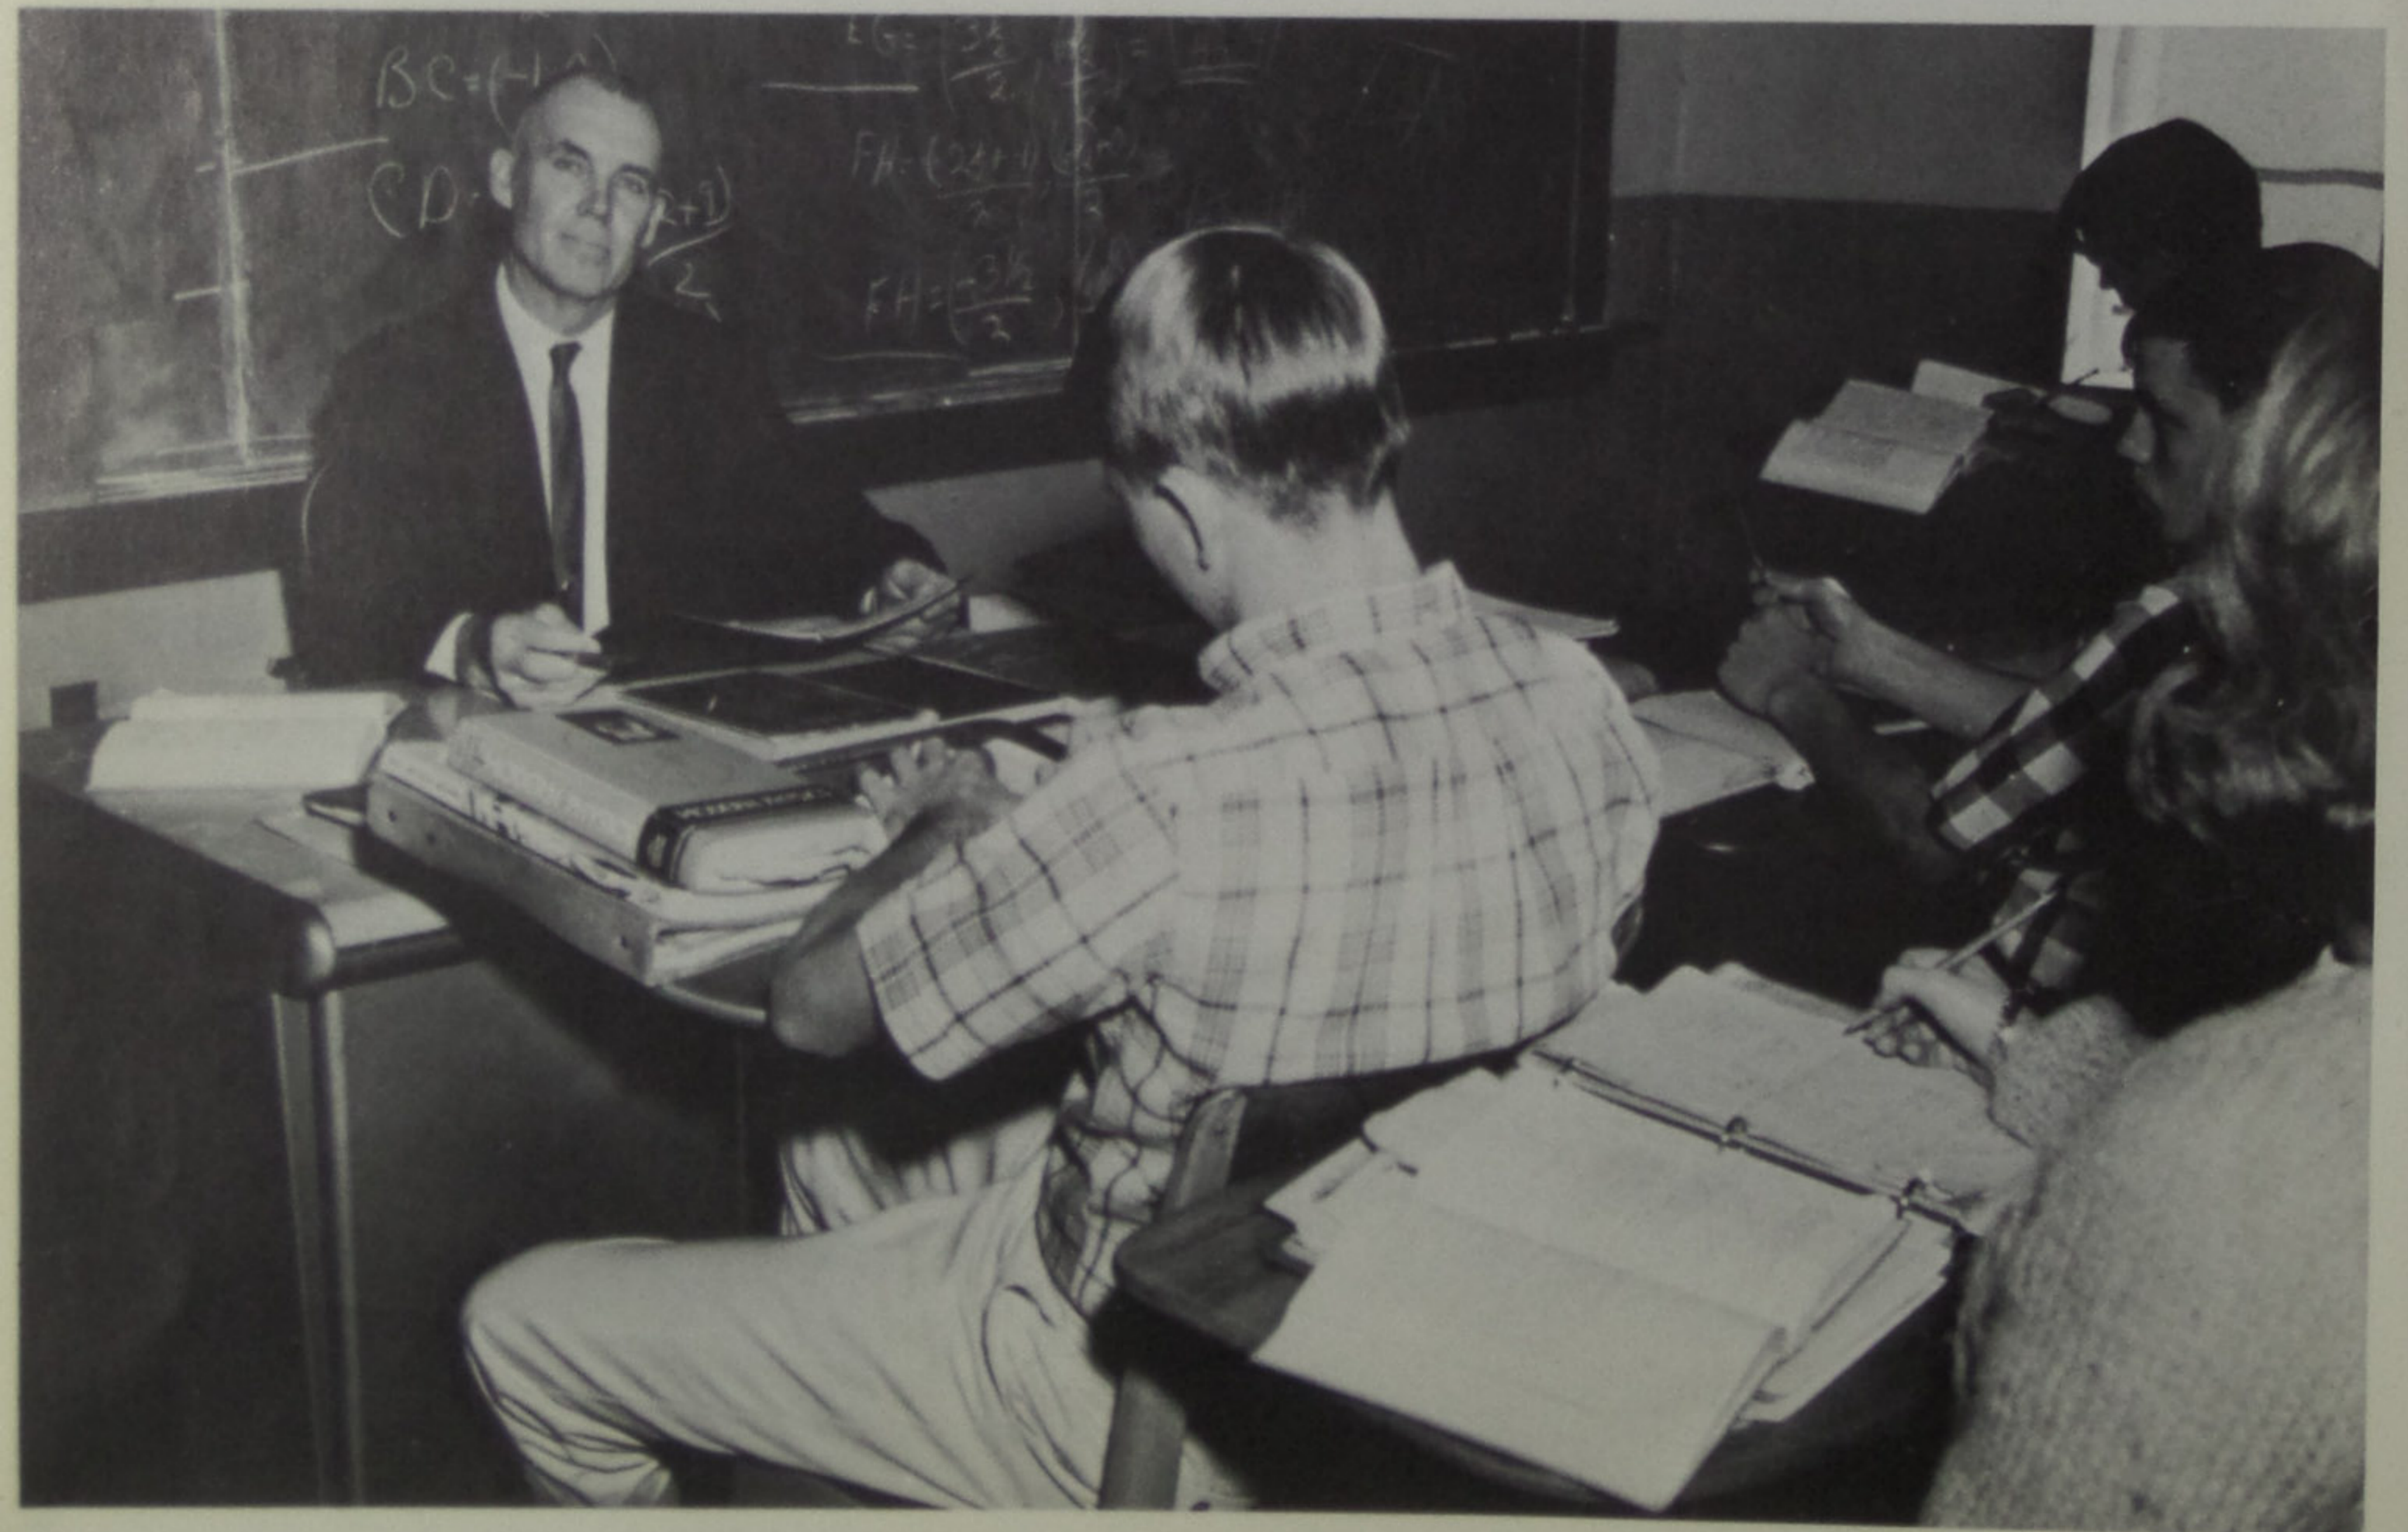

As these pages are turned, the staff hopes that the reader will remember his past years at M.H.S. more vividly. The staff has tried to improve this year's FALCON by enlarging it and providing more pictorial interest, thus increasing each reader's enjoyment of the book.

The 1966 FALCON Staff

The 1966 FALCON is dedicated to Mr. Cecil Wheeler, mathematics teacher at Minford High School for the past 13 years.

The inspiration he provides has encouraged many students in their quests for knowledge. His interest both in the classroom and in his sponsorship of the Mathematics Club has earned the respect of students through the years.

MR. WILLIAM HOGAN, Guidance Counselor

Minford High School's guidance counselor, William Hogan, has assisted many students--underclassmen as well as seniors--in their efforts to complete high school successfully or to plan beyond the high school years. Always willing to assist the student body in scholastic pursuits, Mr. Hogan has also found time to sponsor the 1966 Senior Class and chaperone the senior class trip.

MISS VICKIE WATTS, Secretary

The secretary plays a very important part in the organization of the school. Vickie Watts, school secretary, has very thoroughly and accurately performed her duties as school secretary. She has met all responsibilities with an alert and eager mind. As a qualified secretary, Miss Watts has done much toward the betterment of Minford High School.

A black and white photograph of a desk. In the upper left, a book is open, showing its cover which reads "ROBERT'S RULES OF ORDER REVISED". A pen lies on the desk next to it. In the center, a hand is writing on a notepad with a fountain pen. The notepad has some handwritten text. The background is a light-colored wall with a dark diagonal stripe. The bottom right corner features a marbled pattern and the word "ORGANIZATIONS" in large, bold, black letters.

*Progress
Is A
"Two-Way
Street"*

THE GROWTH of any company depends, to a large degree, upon the community in which it is located and upon the attitude of the citizens of that community. For it is from that community and from those citizens that a company must gain strength, build its work force and develop its future. Thus, the more understanding the community is toward its industry and its problems, the more cooperative and loyal the citizens who comprise its work force, the better the company's chances for continued growth and expansion.

ON THE OTHER HAND, the growth of any community and the development of a bright future for its citizens depend equally as much upon the day-in-day-out successful, profitable operation of its industry. For from that industry stem jobs and paychecks today, employment opportunities for tomorrow, local purchases, community service contributions and vitally essential tax dollars.

OBVIOUSLY, THEN, the growth of a community and the growth of industries within that community are inseparably bound together, one dependent upon the other. And progress becomes a "two-way street"

LOOKING BACK, Detroit Steel is proud of the contributions it has made to the betterment of the Greater Portsmouth community and to the benefit of the citizens as it has pursued an unbroken 15-year course of growth and expansion . . . over \$150,000,000 invested to provide one of the most modern, competitive steel mills in the U. S. . . and an annual employee payroll that is currently running around \$24,000,000.
