STREET DIRECTORY.

The streets of this city run with the points of the compass, north from the Ohio River and east from the Scioto River. The streets known by numbers as Front, Second, Third, etc. are parallel with the Ohio River, and run east from the Scioto river. In the following list, the streets are not given in alphabetical order, but are arranged as they actually run, in one, two, three order, commencing at the Ohio River, and commencing at the Scioto River. The house numbering system in vogue is antiquated, complicated and bad, and will continue to be so, until the city government will courageously order and carry out the modern standard system of house-numbering, which will eventually become an imperative necessity. At present, the streets running east from the Scioto River are numbered on a consecutive system divided east and west at Chillicothe street. The numbering on these streets has become very

PORTSMOUTH CITY DIRECTORY. 11

complicated and unsatisfactory. It was unnecessary and absurd to divide the city into east and west streets, when nature had provided an initial base for the numbering, on both the east and west, in the Ohio and Scioto Rivers. The streets running north from the Ohio River are properly numbered on the standard system, that is, allowing one hundred numbers to each block.

It will also be seen that streets in the city, and in additions, in territory that will soon be annexed to the city, are enjoying the same names.

The Connecticut Mutual Life Insurance Co.

1846—1899

To those who desire to do fully, at its least cost and to the utmost of their financial ability, their duty to their families, and to use life insurance for their protection and not for a speculation for themselves, THE CONNECTICUT MUTUAL offers the utmost that life insurance can accomplish, in its simplest, clearest forms, of perfect equity and perfect mutuality, on the soundest basis of any and at a lower cost than has been achieved by any other company. Greater service can no life insurance company render.

The  
Connecticut Mutual  
Life Insurance Company

of Hartford, Conn.

JACOB L. GREENE,  
*President.*

JOHN M. TAYLOR,  
*Vice-President.*

**NEW LOW RATE  
ENDOWMENT POLICIES.**

Cash Surrender Values are guaranteed at the end of 10, 15, 20, 25, etc., years. These guarantees are larger than those of any other Company in proportion to the premium, since this Company takes a larger portion for reserve and a less margin for expenses than any other. They thus afford perfect protection during the productive period of life, and provisions for one's own old age; or earlier use in case the need for insurance ceases.

**EXAMPLE:—Low Rate Endowment for \$10,000, age 35, payable at age 75, premium \$271.40. After 5 Premiums, Policy is paid up for \$1,180; after 10 premiums, Policy is paid up for \$2,800; after 15 premiums, Policy is paid up for \$4,300; after 20 premiums, Policy is paid up for \$5,620.**

**Cash value, end 10 yrs., \$1,470; do. end 15 yrs., \$2,440; do. end 20 yrs., \$3,570; do. end 30 yrs., \$6,120; do. end 40 yrs., \$10,000.**

In addition to the above paid-up and cash surrender values, dividends are declared and paid annually in cash, or left with the Company to accumulate at compound interest.
