Third Northwest Student Wins DSC Scholarship

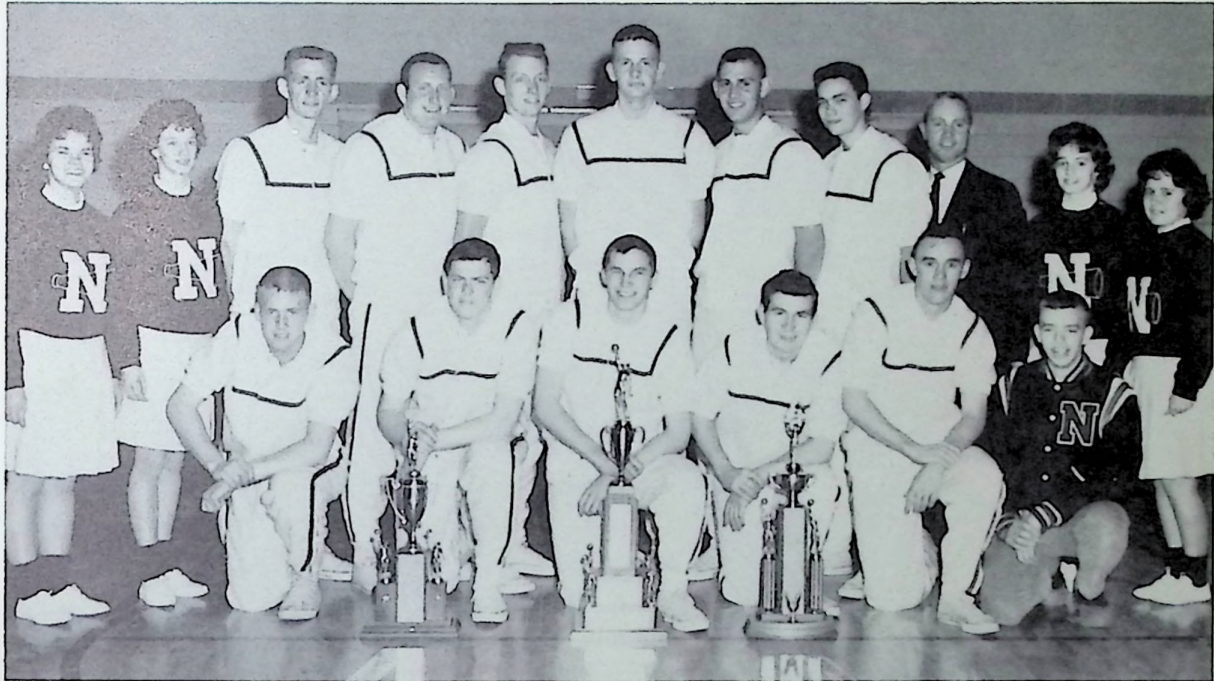

Clutching his Scholarship notification, Rickey Copp is shown with Alfred S. Millard, Leo R. Thompson, his mother and father, Mr. and Mrs. Ralph D. Copp, Andrew G. Egleston, Director of Industrial Relations and Albert F. Wood, Director of Personnel Services at Detroit Steel Corporation, Portsmouth Division.

Valued at \$6,000, the scholarship provides a four-year college course leading to a Bachelor Degree in Industrial and Labor Relations.

Two other former Northwest students--Dennis Davis and Carolyn Diehlmann--won the DSC Scholarship in 1960 and 1962, respectively. They are now enrolled at Ohio State.

Established in 1956, the DSC Scholarship has been awarded to eight ambitious, deserving area students.

Northwest Takes S.O.C. and S.C.L. Titles

Northwest won 17 straight games and in the process captured its first Southern Ohio Conference championship and also wrapped up the Scioto County League championship.

The Mohawks ended the SOC season with a 8-0 record and the county league season with a 7-0 record.

Coach Stan Doddridge was named SOC Basketball Coach of the Year.

Dedication

To a woman who lived before us in a silent manner but who set a wonderful example to all who have been under her leadership, or in association with her in any way. To one whose qualities of friendliness, loyalty, and fair play won a place of high respect, deep admiration, and warm affection among both the student body and the faculty. With deep appreciation for her service to us as a teacher, a librarian, and a friend, we, the members of the Yearbook Staff, dedicate this 1963 Lakota to the memory of Marquerite Nunley.

Mrs. Nunley, following an illness of six months, passed away at her home on May 24, 1963. She had taught school at McDermott for 32 years--of which 27 were in the same attractive room and same grade (second).

For what then would we be remembered? Naturally, we evidence many weaknesses - we cannot say that this was the best class ever to be graduated from Northwest - such judgement is beyond our limits. But we have accepted our challenge and exerted a definite drive forward - each in his chosen realm. As freshmen and now seniors, we represent a variety in potential and a variety in fulfillment. The evolution of specific talents - this was the course of our human history. We would be remembered then as strivers.

Graduation Day

Rev. McClurg and Dr. Smith are giving these graduates some words of advice for the future.

May 24, 1963

Mr. McCowen talks with Peggy Riley, Lowell Carpenter, and Bill Lynn about their plans for the future.

These girls are busy making last minute changes to their hair, makeup, and even Betty's red rose.

Ronnie seems to be saying, "Mother, pin a rose on me."

The crowd anxiously awaits the beginning of the Processional.

And now the first of the 102 graduates march in to the strains of Pomp and Circumstance.

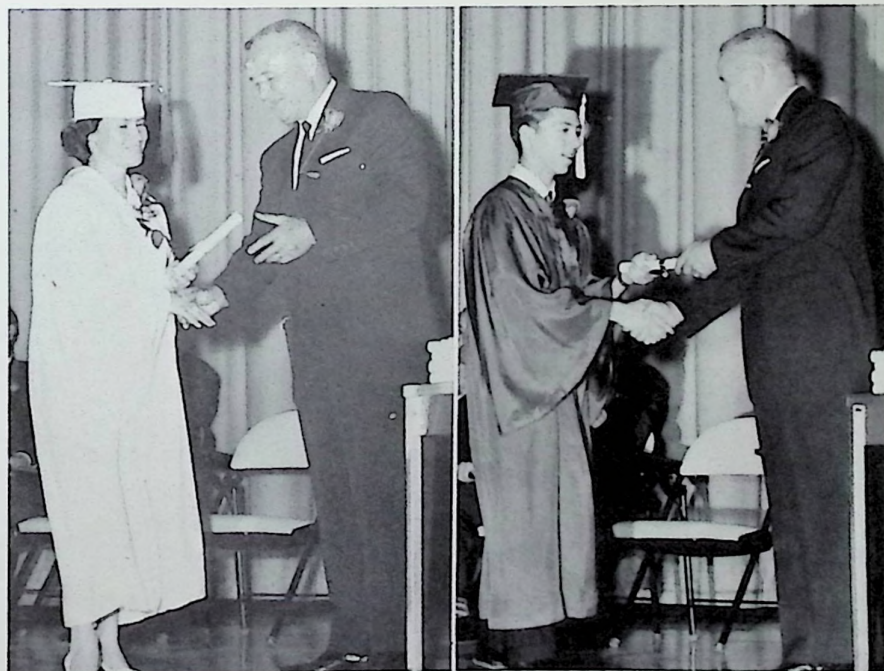

The junior marshals, Carol Williams and James Davis, mark off the sections for each row of graduates.

While the band (in the background) plays a few numbers, we anxiously await the presentation of diplomas.

We tried to follow the words of the speaker, Dr. Smith, President of Marshall University, but our minds kept wandering back to our happy school days.

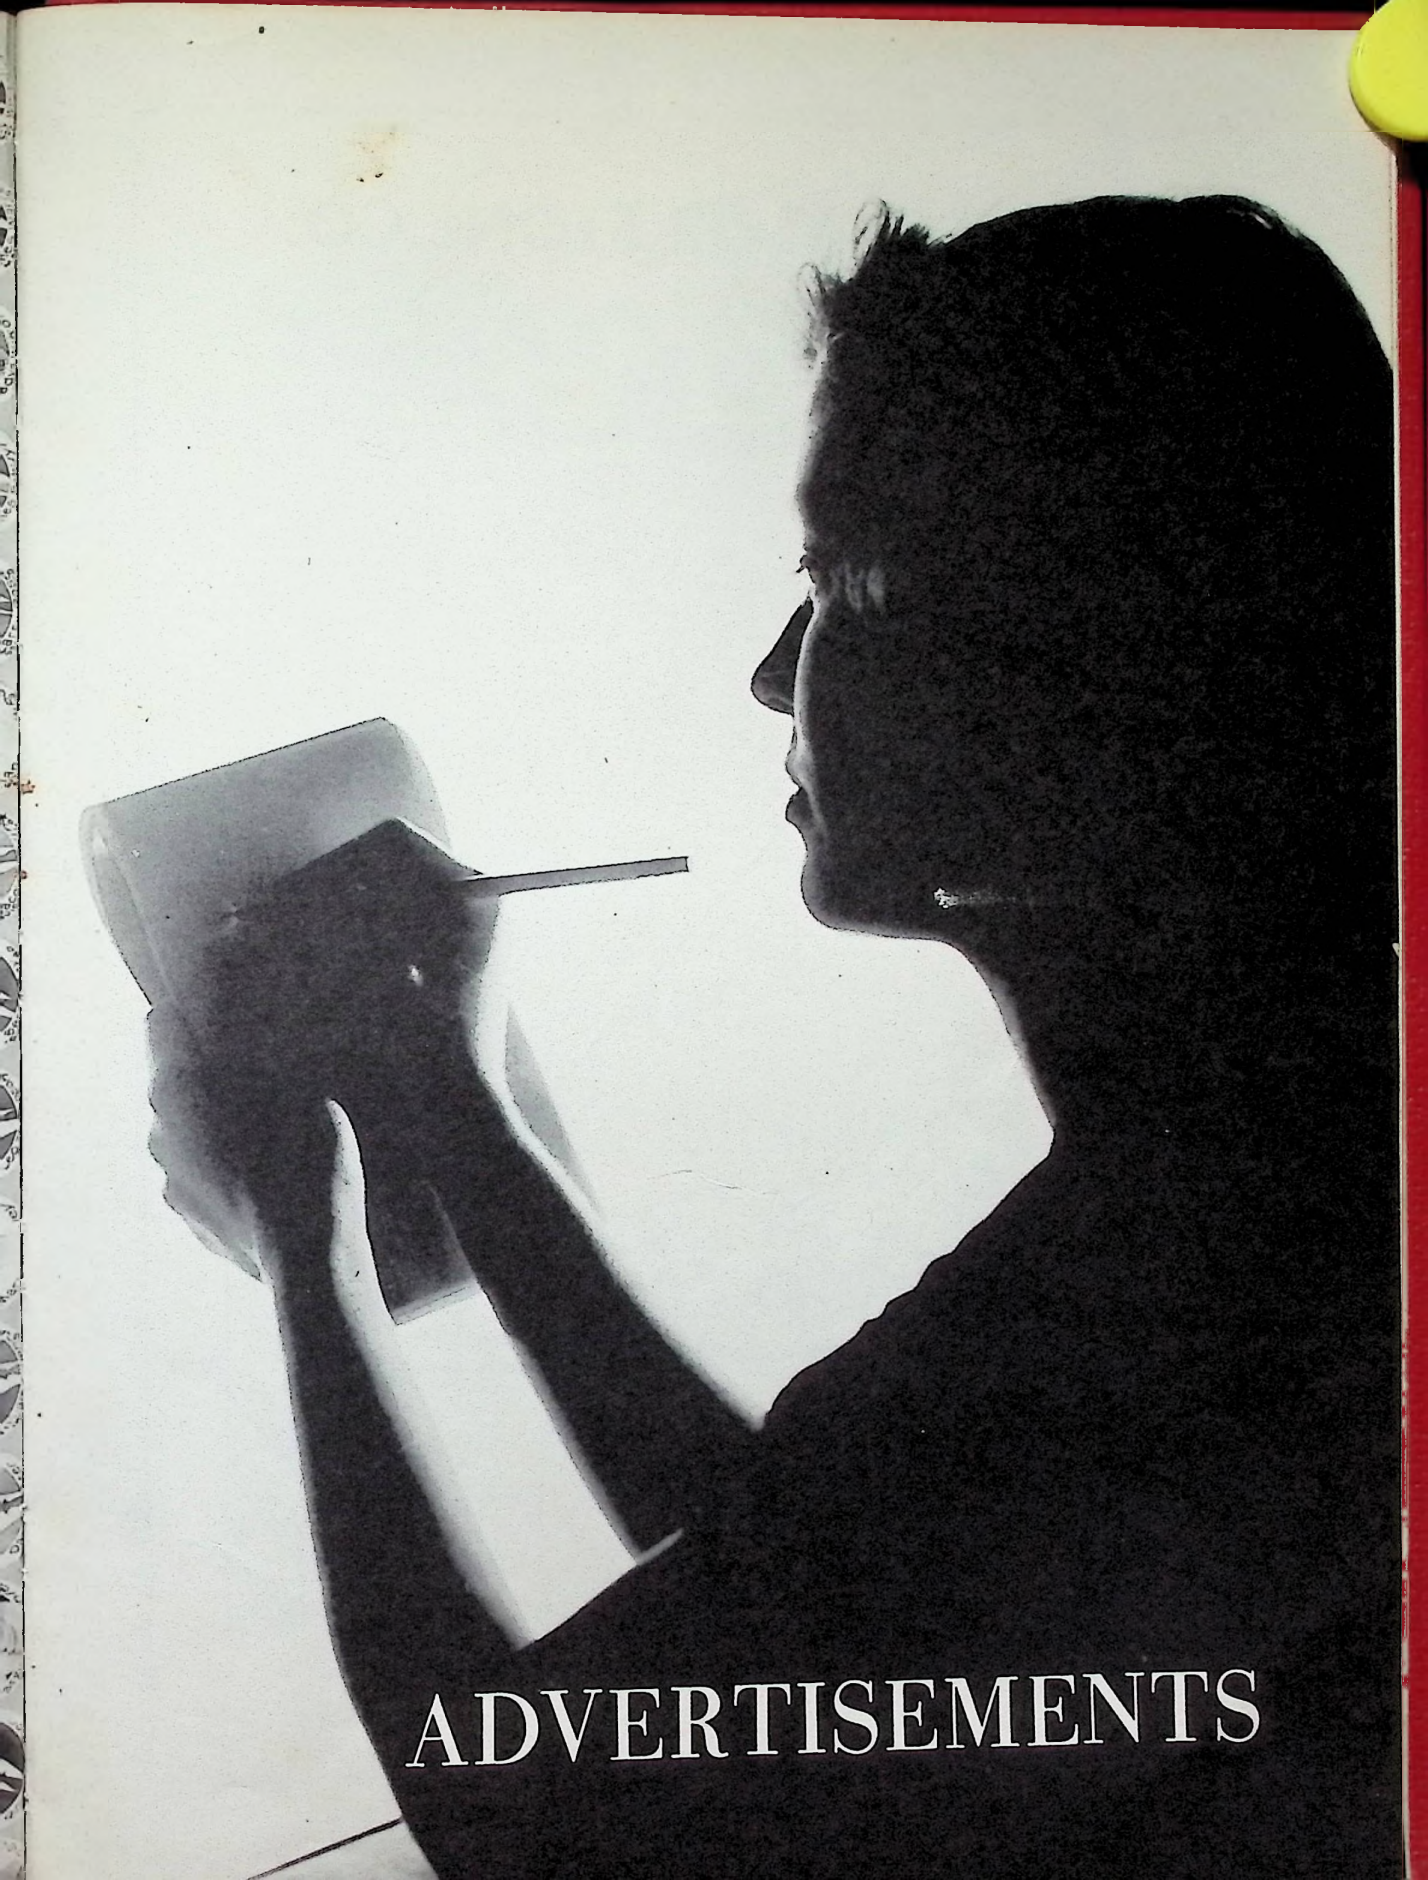

That happy day is here at last. Mr. Haney presents diplomas to Reba Cook and William Lynn as well as the 100 other graduates of 1963.

How Much Is \$165,000,000?

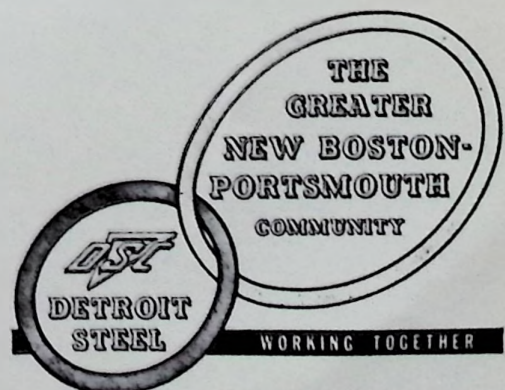

When the current expansion and modernization program is completed at its Portsmouth Division, Detroit Steel Corporation will have spent over \$165,000,000 in its determination to make this southern Ohio steel mill one of the finest, best equipped, most competitive such plants in the nation.

That's a lot of money.

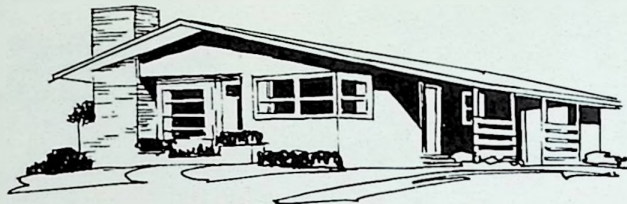

For example, had a man who was living when Christ was born, continued to live until today, and had he spent \$225 every single day during all those long years, he would still not have spent that much money.

One hundred and sixty-five million dollars . . . the savings of thousands of ordinary people who, believing in the American Way, have become part owners in American Industry . . . plus the "plowed back" earnings of the company . . . all that money, within the next few years, will have been invested in the future of the Greater New Boston - Portsmouth Area to provide jobs and security for its citizens.
