Dedications to the Class of 2003

To Kenny With Love,

Parents seldom realize until their son is grown the many ways he's touched their hearts. He learns so much so fast and then suddenly, the boy is gone. A young man filled with more than dreams, but hope and promise with visions to pursue, while the Lord leads. Though we always trusted you'd be second best to none, we never knew how proud we'd be of the exceptional character, strength, and faith that you have shown. Kenny, we love you dearly and are truly proud to say, "There goes our son: He is our hero." God Bless You.

With Love,
Mom and Dad

Melissa,

Congratulations and good luck!
We hope the future holds only the very
best for you. We are proud of you!

Music

From hip-hop to electronica, pop to rock, no one musical genre dominated the airwaves and headphones of America. The year saw new albums from Moby, Red Hot Chili Peppers, Eminem, Leann Rimes and many more. Kelly Clarkson's career as a chanteuse took off, Lance Bass was grounded as a cosmonaut, Ozzy showed why he's an iron man, and Triumph marked his territory at the VMAs.

Forget East Coast vs. West Coast

It's rapper versus puppet as Triumph the Insult Comic Dog has a run-in with Eminem's posse on MTV's Video Music Awards.

Britney not so caliente

The divine Miss Spears is booted in Mexico City after she bails her concert just four songs in.

Still red hot

Flea and Anthony continue to assault eardrums and find creative uses for socks on the new Chili Peppers album, "By the Way."

Don't tell Elvis...

Kelly Clarkson becomes the first "American Idol" and hits #1 on the Billboard singles chart.

Bye bye bye!

Lance Bass trains to become the first member of a boy band in orbit. But when he fails to pony up the \$20 million fee, the Russians say "nyet!" and send him home.

Something to Crow about

Sheryl Crow performs at the One World, One Child Benefit Concert in Beverly Hills.

Science

Zebra, king of the ocean?

Scientists discover that great white sharks are repelled by zebra striping.

Around the world in 14 days

After some 21,000 miles and two weeks aloft, Steve Fossett becomes the first person to circumnavigate the globe in a balloon.

A long wait for pizza delivery

The International Space Station receives its fifth three-person crew, who live and work in orbit for four straight months.

Well, that's disturbing

Meteorologists discover that the Antarctic ozone hole has divided into two parts that are spreading away from each other.

The dog did my homework

Researchers at UC-Davis theorize that dogs have basic math skills, including the ability to count. No word on differential calculus.

That's even more disturbing

The snakehead, a.k.a. the "Frankenfish", is discovered in eight U.S. states. The Chinese fish can walk on land and decimate native ecosystems.

Walk like an Egyptian

Scientists employ a camera-toting robot to enter a previously inaccessible secret chamber of Egypt's Great Pyramid.

Trends

Styles past and future, cheap and chic blended to make the year interesting for the trend-conscious. Denim made a comeback for the 287th time in history, while new electronic devices offered functionality that James Bond would envy. Not to mention that the modern look of Starck and Oldham hit traditional department stores, surfers hit suburbia, and lots of teen girls happily got mud on their faces.

It's, like, totally exfoliating!

Seventeen magazine opens its first spa dedicated exclusively to teens just outside of Dallas, Texas.

www.seventeenspa.com

Who cares if we live in Ohio?

Surf/skate fashion is cool, with brands such as Ezekiel, Hurley, and BC Ethic making a big splash on the half-pipe.

Feeling blue?

Denim is in, from jean jackets to hip-huggers, hats to handbags.

Fire up those synapses

Gaming goes to the next level with Gamester's massively customizable Xbox Reflex Arcade Stick.

You will be integrated

High-tech worlds converge as new devices blend capabilities of the cell phone, MP3 player, camera, and PDA.

It's pronounced "Tar-zhay"

International designers Todd Oldham and Philippe Starck bring their unique looks to products at Target.

Television

Simon says...

Kelly Clarkson, Justin Guarini, and Nikki McKibbin vie for the top spot on "American Idol: The Search for a Superstar."

The blue light continued to mesmerize viewers with lots of big departures, epic celebrations, and naughty puppets. The cast of "Friends" waved so long to their \$1-million-per-episode contracts (or did they?), while "SNL" lost its #1 George Dubya impersonator. NBC dominated the Emmy Awards, Fox dominated the market for Comedies Set Three Decades Ago, and "Crank Yankers" made us all afraid to pick up that phone call.

Bell-bottoms, bell-bottoms everywhere...

The Fox hit "That 70s Show" celebrates its 100th episode with a flurry of polyester and feathered hair.

Bad puppet! Bad, bad, puppet!

Never let a puppet use your calling card—"Crank Yankers" debuts on Comedy Central.

Gimme an L! Gimme an A T E R!

Will Farrell jumps the "SNL" ship and takes his cheerleader sweater with him. Let's hope it's not for "Another Night at the Roxbury."

The Emmy Awards

Conan O'Brien hosts as NBC wins big with 24 awards, including nods to "Friends" and "The West Wing."

Friends no more?

Joey, Rachel, and the rest of the "Friends" weigh whether to return for one more season of their insanely successful show.

News

EVOTEE

America spent much of the year remembering those lost in last year's terrorist attacks and studying ways to bolster national security. Congress and President Bush debated responses to the Israeli-Palestinian conflict and allegations that Iraqi leader Saddam Hussein was building weapons of mass destruction. Meanwhile, forest fires raged across Arizona and other states, threatening thousands of homes and millions of acres of parkland.

"The Two Towers"
Elijah Woods is back with furry feet and dangerous cargo in the second installment of "The Lord of the Rings" trilogy.

The word in Hollywood? Sequels. Samuel L. Jackson and a digitized Yoda drew their light sabers for "Star Wars Episode II," while the fellowship continued its dangerous mission in the follow-up to "The Lord of the Rings." Will and Tommy Lee kept the universe safe for another summer as Mike Myers went for another groovalicious turn as Austin Powers. There were also a few original flicks, including a sci-fi thriller from Steven Spielberg and new creepiness from the director of "The Sixth Sense" and "Unbreakable."

Do you see the "Signs?"
M. Night Shyamalan's imaginative tale of crop circles and little green men.

Back in black
Will Smith and Tommy Lee Jones suit up to save the planet...again... in "Men in Black II."

Oh, behave!
Mike Myers and Beyonce Knowles get their retro groove on for the third Austin Powers movie, "Goldmember."

Sports

It was another big year for world and U.S. sports. Fans across the globe stayed up late, got up early, and tuned in to live broadcasts of the World Cup from Japan and Korea. Ronaldo helped Brazil hoist the Copa Mundial after a disappointing loss to France four years earlier. Americans had their fair share of epic victories as well, with Lance rolling through the Champs-Élysées ahead of his European rivals and Serena Williams dominating the world tennis scene.
