Jan, 20, 1984. After all of these
years I got my revenge on John
Haywood. His house burned and
he had no food. He had to come to
Wade Party and ask me for
emergency food, which we gave him.

God Bless and Comfort you
we cannot keep from wondering
no matter how we try and in
our sad and troubled hearts
we keep on asking why?

The reason's hidden somewhere
on the gutter God has planned
we must believe and trust him
and some day will understand

The nicest thing anyone could
have said to me ^{Rev} Johnson said is
the gift I gave him was Betty
Brahams "Angels". No gift can
surpass the Welcome you always
gave me, 1981, 1982 Got a
very nice Christmas card from the
