Keeping Portsmouth Ahead

That's the job of the Portsmouth Chamber of Commerce.

Through such activities as better air service ---- a solution to the downtown parking problem ---- a free bridge between Portsmouth and Kentucky ---- new industries for our community better schools ---- improvements in the general welfare of the community ---- better streets and highways ----

In fact, you'll find the Chamber of Commerce a prime mover in these and just about any other worth while project undertaken in the city which will benefit everyone in the community. A business organization, working for the common good, in cooperation with government, labor, and other civic organizations ---- that is your Chamber of Commerce.

If you are not a member, then your support is needed. Join this wide-awake organization today.

OFFICERS

- President ----- Louis D. Bannon
- Vice President ----- Duncan Baxter
- Vice President ----- James Pugh
- Treasurer ----- R. Vernon Miller
- National Councillor ----- E. D. Dougherty
- Secretary-Manager ----- Lawrence P. Johnson, Jr.

The Portsmouth Chamber of Commerce

Take a Look —**MR. MANUFACTURER!**

**Here's why you should locate
that new plant in Portsmouth, Ohio**

High Class Labor

—and plenty of it.

County population is 95% native white.

3,000 men, 600 women available for jobs — NOW.

Ample housing for workers.

Excellent Utilities

—rates challenge comparison.

Unlimited power by Ohio Power Co.

Unlimited water, priced as low as 8 cents per 1000 gal.

Natural gas — 1050 b.t.u. — by Portsmouth Gas Co.

4-Way Transportation

—you can't beat it!

by rail — N.&W.; B.&O.; C.&O.

by highway — U.S. Routes 23 and 52. Overnight truck
delivery to Detroit, Toledo, Indianapolis, etc.

by water — barges reach into 22 states. Cost is low.

by air — new, modern airport nearing completion.

Sound Tax Structure

—reflects good government.

City debt only about \$1,000,000.

Local and state taxes extremely favorable.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1956 edition of the Portsmouth City Directory, which also includes New Boston.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth and New Boston, and the name, official personnel, nature and address of each firm and corporation.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the second major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

III. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the third major department.

IV. THE BUYERS' GUIDE, the fourth major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Portsmouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

1 A |

V. **THE CLASSIFIED BUSINESS DIRECTORY** is the fifth major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and New Boston.

The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,
Publishers.

PORTSMOUTH

(Courtesy Portsmouth Chamber of Commerce)

Statistical Review

Form of Government—Council-manager (non-partisan).

Population—1950 U. S. Census for city proper, 36,798; estimated for city, including Sciotoville, plus New Boston in 1955, 48,867. American-born, 99 per cent.

Area—12 square miles.

Altitude—533 feet above sea level.

Parks—7, with supervised play facilities, used by more than 15,000 children in the month of July, 1954.

Assessed Valuation—\$75,964,630, with \$30.60 per \$1,000 tax rate (1954).

Financial Data—3 banks, with total deposits of \$49,205,929, and total resources of \$54,372,281 (Oct. 5, 1955). 3 building and loan associations with total assets of \$14,837,378 (1955).

Postal Receipts—\$619,736 (1954).

Telephones in Service—17,177.

Churches—93, representing all leading denominations, and many other sects.

Building and Construction—Value of building permits, \$2,874,614 (year ending Oct. 1955).

Industry—51 manufacturing establishments, employing approximately 12,000 workers. Principal manufactured products: Steel, steel products, shoes, shoe laces, shoe lasts, wood heels, castings, brake drums, plastics, display material, chemicals, fire brick, and concrete products, year ending October, 1955 industrial payroll, approximately \$43,000,000.

Trade Area—Retail area has radius of 45 miles, and population of 250,000.

Newspapers—1 daily with 28,262 circulation; audited September, 1954.

Hotels—8, with total of 427 rooms.

Motels—8, with 170 units.

Railroads—3: Norfolk & Western, Baltimore & Ohio, and Chesapeake & Ohio.

Highways—U. S. 23, north and south, and U. S. 52, east and west; State 73, 139 and 140.

Airports—1, municipal, County owned, lighted. Paved runway 4,300 feet. Available for public use June 1, 1956.

Amusements—Largest auditorium in city seats 1,000 persons. 8 moving-picture theatres, 1 golf course.

Hospitals—1 Psychiatric Receiving Hospital with 125 beds—3 other hospitals with 450 beds and 54 bassinets.

Education—Portsmouth Branch of Ohio University and Portsmouth Interstate Business College. 21 public schools, including 3 senior high. 3 parochial schools, including 1 senior high. Number of pupils in public schools, 6,459; in parochial, 896. Number of teachers in public schools, 263 certified; in parochial, 32.

Public Libraries—1, with 78,860 volumes.

City Statistics—Total street mileage, 84, all paved. Number of water meters, 13,447; electric meters, 28,033; gas meters, 11,882. Capacity of water works (municipal), 29,000,000 gallons. Fire department has 46 men, with 36 pieces of motor equipment. Police department has 50 men, with 1 station and 14 pieces of motor equipment.

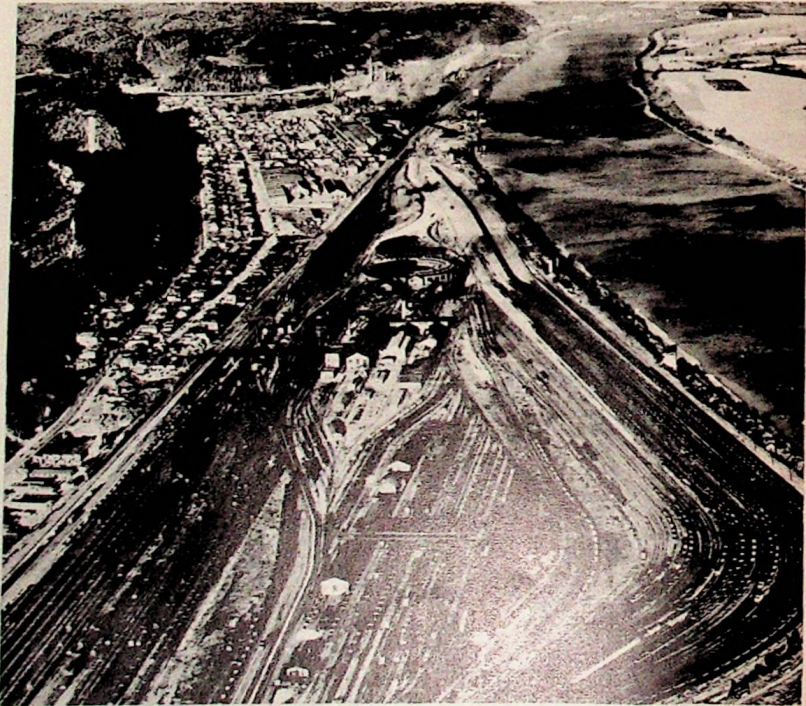

History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803 by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820 the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel and many kinds of clay products.

Foreground: Norfolk & Western Yards and Shops.
Background: Detroit Steel Corp. Plant.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000. The shoe industry started in Portsmouth in 1869, and has thrived until today it forms one of the city's major industries.

Products manufactured in Portsmouth are: Steel, steel products, shoes, shoe laces, paper boxes, wood lasts, wood heels, castings, fire brick, silica brick, displays, brake drums, chemicals and reinforced plastics.

Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

The Detroit Steel Corp., manufacturing hot and cold rolled strip and sheets, wire and wire products, coke, and chemical by-products.

The Harbison-Walker Refractories Co. and the General Refractories Co., producing millions of high-grade fire bricks annually.

The Williams Mfg. Co., the Selby Shoe Co.

The Vulcan Corp. This concern is a leading manufacturer of shoe lasts and wood heels.

The Dayton-Portsmouth Steel Foundry Co.

Doerr & Associates, manufacturing displays.

The T. M. Patterson Paper Box Co., manufacturing paper boxes, mainly for the shoe industry.

The Alsynite Co. of America, producing reinforced plastics.

Ohio Stove Co. and Portsmouth Casting Co., manufacture gray-iron castings.

Century Last Company, manufacturing shoe lasts.

Three railroads: The Baltimore & Ohio, the Norfolk & Western and the Chesapeake & Ohio, employing 2,350.

Mitchellace, Inc., one of the largest high-grade shoe lace manufacturers in the country.

Atomic Energy Plant—The Portsmouth Area Project of the Atomic Energy Commission is located 20 miles north of Portsmouth on U. S. Route 23. This huge facility, to produce Uranium 235 by the gaseous diffusion process, was started in August 1952 and is scheduled to be completed in 1955, at a cost of \$1,219,000,000. Two new power plants are being constructed to supply the atomic plant's annual requirement of 1,800,000 kilowatts—25 per cent more electric energy than is consumed by the entire City of New York.

Shawnee State Forest and Roosevelt Game Preserve ("Ohio's Little Smokies")

Within a few miles of Portsmouth are located Ohio's greatest State-owned forest, the Shawnee State Forest and the Roosevelt Game Preserve. This area comprises about 54,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional patch or strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow-poplar, and short-leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use, and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest and enjoy beauty not hitherto known.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are

being developed. Picnic Point, one of the most popular spots, give the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed, the most used of which is Lake Roosevelt, located on Route 125. Several years ago the Department of Conservation released many deer, and they have become well established. Hikers and automobile travelers often enjoy the rare sight of deer grazing in the valleys. The Portsmouth Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire. . . "KEEP THE FOREST GREEN. "

YOUR OWN *Magazine*—

- BUILDING GOOD WILL
- CONTACTING PROSPECTS AND CUSTOMERS REGULARLY
- DOING A BETTER SALES JOB

If you manufacture a product or have a service that is sold nationally, why not investigate the many advantages of a consumer magazine to provide a continuing contact with your prospects and customers? There's no better medium for building sales volume, holding customer good will, and in bringing in new customers.

R. L. Polk & Company's Direct Mail Advertising Division now handles all creative, editing, printing, dealer imprinting, list compilation, addressing and complete mailing operations for a select group of national organizations, issuing monthly, quarterly and semi-monthly owner and consumer magazines with a combined circulation of more than 3,000,000 copies monthly. A staff of experienced consumer magazine and market experts is at hand to consult with you on what you may expect from such an advertising program. If yours is a publishing problem, Polk can do it better.

---	---

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsman Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul H Carson)

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

Mr. Businessman—

A long distance call often costs less than the labor involved in writing a letter.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS
