Do your employers furnish you with the latest edition  
 of the City Directory?

You need it at your elbow at all times, to protect your company from  
 forgers and bad-check artists. A few questions, checked against City Direc-  
 tory information, will trip them at once. Intelligent use of the City Direc-  
 tory for this purpose has saved thousands of dollars and helped make some  
 cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check operators."

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

**CASHIERS! TELLERS! CLERKS!**  
Do your employers furnish you with the latest edition  
of the City Directory?  
You need it at your elbow at all times to protect your company from  
forgers and bad-check artists. A few questions, checked against City Direc-  
tory information, will trip them at once. Intelligent use of the City Direc-  
tory for this purpose has saved thousands of dollars and helped make some  
cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Pay no money in advance to Hiram's Directory Contractors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition

of the City Directory?

You need it at your elbow at all times, to protect your company from  
 forgers and bad-check artists. A few questions, checked against City Direc-  
 tory information, will tip them at once. Intelligent use of the City Direc-  
 tory for this purpose has saved thousands of dollars and helped make some  
 cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

using our publications as specimens, and by that means collecting money  
in advance. Before sending an order, see that it has the name of the  
publisher of this City Directory printed thereon. We ask no payment until  
the work is delivered, and our selections have strict orders not to take  
advance payment for other advertising or subscriptions.

Do your employers furnish you with the latest edition

of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Pay no money in advance to itinerant Directory Commissioners. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by their means collecting money in advance. Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from  
 forgers and bad-check artists. A few questions, checked against City Direc-  
 tory information, will trip them at once. Intelligent use of the City Direc-  
 tory for this purpose has saved thousands of dollars and helped make some  
 cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## **CORRECT INFORMATION IS VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. Your name, listed correctly in the City Directory, is a great asset. This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

## **Common Sense About City Directory Circulation**

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT** by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

**CONSULTATIONS OR CIRCULATION  
CONSULTED**

**CITY DIRECTORY**

**ADVERTISING**

**IS *National* ADVERTISING**

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of Hundreds of other cities.

★

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

## STREET and AVENUE GUIDE

INCLUDING

## TELEPHONE NUMBERS, HOME OWNER SYMBOLS and ZIP CODES

# 1970

Including

New Boston, North Moreland, Rosemont, Sciotoville  
and West Portsmouth

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Zip Code numbers are shown immediately following each street description. If a street runs through more than one zone, the new Zip Code number is shown immediately preceding the lowest street number in the new zone.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

Do your employers furnish you with the latest edition  
of the City Directory?

You need it at your elbow at all times, to protect your company from  
forgers and bad-check artists. A few questions, checked against City Direc-  
tory information, will trip them at once. Intelligent use of the City Direc-  
tory for this purpose has saved thousands of dollars and helped make some  
cities "too sharp" for bad-check "operators."

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

**CASHIERS! TELLERS! CLERKS!**  
 Do your employers furnish you with the latest edition of the City Directory?  
 You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

**CASHIERS!**  
 Do your employers furnish you with the latest edition  
 of the City Directory?  
**TELLERS!**  
**CLERKS!**

You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**  
 The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

CAUTION . . . . .

Pay no money in advance to Hilerant Directory Companies. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that meant collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory?  
You need it at your elbow at all times to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will tip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities too sharp for bad-check operators.

## Out of Sight — Out of Mind — Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

CAUTION . . . . .

Pay no money in advance to Hiram City Directory Contractors. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our collectors have strict orders not to take advance payment for either advertising or subscriptions.

**CASHERS! TELLERS! CLERKS!**  
 Do your employers furnish you with the latest edition of the City Directory?  
 You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Do your employers furnish you with the latest edition

of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

Do your employers furnish you with the latest edition  
 of the City Directory?

You need it at your elbow at all times, to protect your company from  
 forgers and bad-check artists. A few questions, checked against City Direc-  
 tory information, will trip them at once. Intelligent use of the City Direc-  
 tory for this purpose has saved thousands of dollars and helped make some  
 cities "too sharp" for bad-check "operators."

**Out of Sight — Out of Mind — Out of Business**

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious will slip into the limbo of the forgotten if not persistently advertised. The City Directory is the natural medium for keeping a business or product name in the spotlight.

## **Common Sense About City Directory Circulation**

**THE TRUE VALUE** of advertising circulation is circulation consulted.

**TO BE EXACT** by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

**TO BE CONSERVATIVE** we will eliminate the sixty Sundays and Holidays when no tests were made.

**FOR EVERY THOUSAND DIRECTORIES** sold there will be an average of three and one-half consultations for each book for **THREE HUNDRED and FIVE** days, therefore  $1000 \times 3\frac{1}{2} \times 305 = 1,067,500$ .

# Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

## Your City Directory Contains:

**1**

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

**2**

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

**3**

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

**4**

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

**5**

A *Statistical and Historical Story* of your city; plus miscellaneous other information.
