

The ANNUAL '22

The Annual

Portsmouth High School
1922

Dedication

To those who have so wisely and so patiently advised and assisted us through four years of work and pleasure, the Faculty, we, the Class of 1922, dedicate this Annual, hoping to have its many shortcomings and imperfections passed over and pardoned.

Supt. Frank Appel

Prin. Henry H. Eccles

How We Know Them

Mr. Bakker—"Cum, Cum——"

Miss E. Ball—"My Goodness!"

Miss Banta—"Now, don't say you can't, because I know you can't if that is your mental attitude."

Miss Braunlin—"Is it not?"

Mr. Buswell—"Now, let's have silence."

Miss Cramer—"That is an easy way to get a zero."

Mrs. Eccles—"Now, remember, you are Seniors, not Freshmen."

Mr. Floyd—"By the way, ——"

Miss Hall—"Now, young people."

Mr. Krake—"Now, Miss ——, have you something to say?"

Mrs. Kyle—"Some people think they are awfully funny."

Mr. Leach—"Dearly beloved."

Miss Mackoy—"Exactly, exactly."

Mr. Massie—"Now, see here——"

Mr. McComb—"Irregardless of that."

Mr. Noon—"Just a moment."

Miss Platto—"Courtesy is the cheapest thing on earth."

Miss Rardin—"So consequently——so to speak."

Miss Ricker—"Well, now——"

Mr. Sieg—"There is going to be a party."

Mrs. Smith—"Now, get to work."

Mrs. Peake—"Why not?"

Mr. Walden—"Now, how do you account for that?"

Miss Warson—"Oh, dear."

Miss Welty—"I'll grant you."

Mr. Wheeler—"That's the point, explain it."

Miss Steele—"Listen, Class, ——"

Miss Swank—"Be thinking."

Miss Miles—"Order, please."

Miss Miller—"Now, children, be quiet."

Miss Moul—"That takes five percent off your grade."

Mrs. O'Brien—"Oh! How cunning."

Miss Graham—"That is perfectly wonderful."

Mr. Fries—"Never pass the buck, fellows."

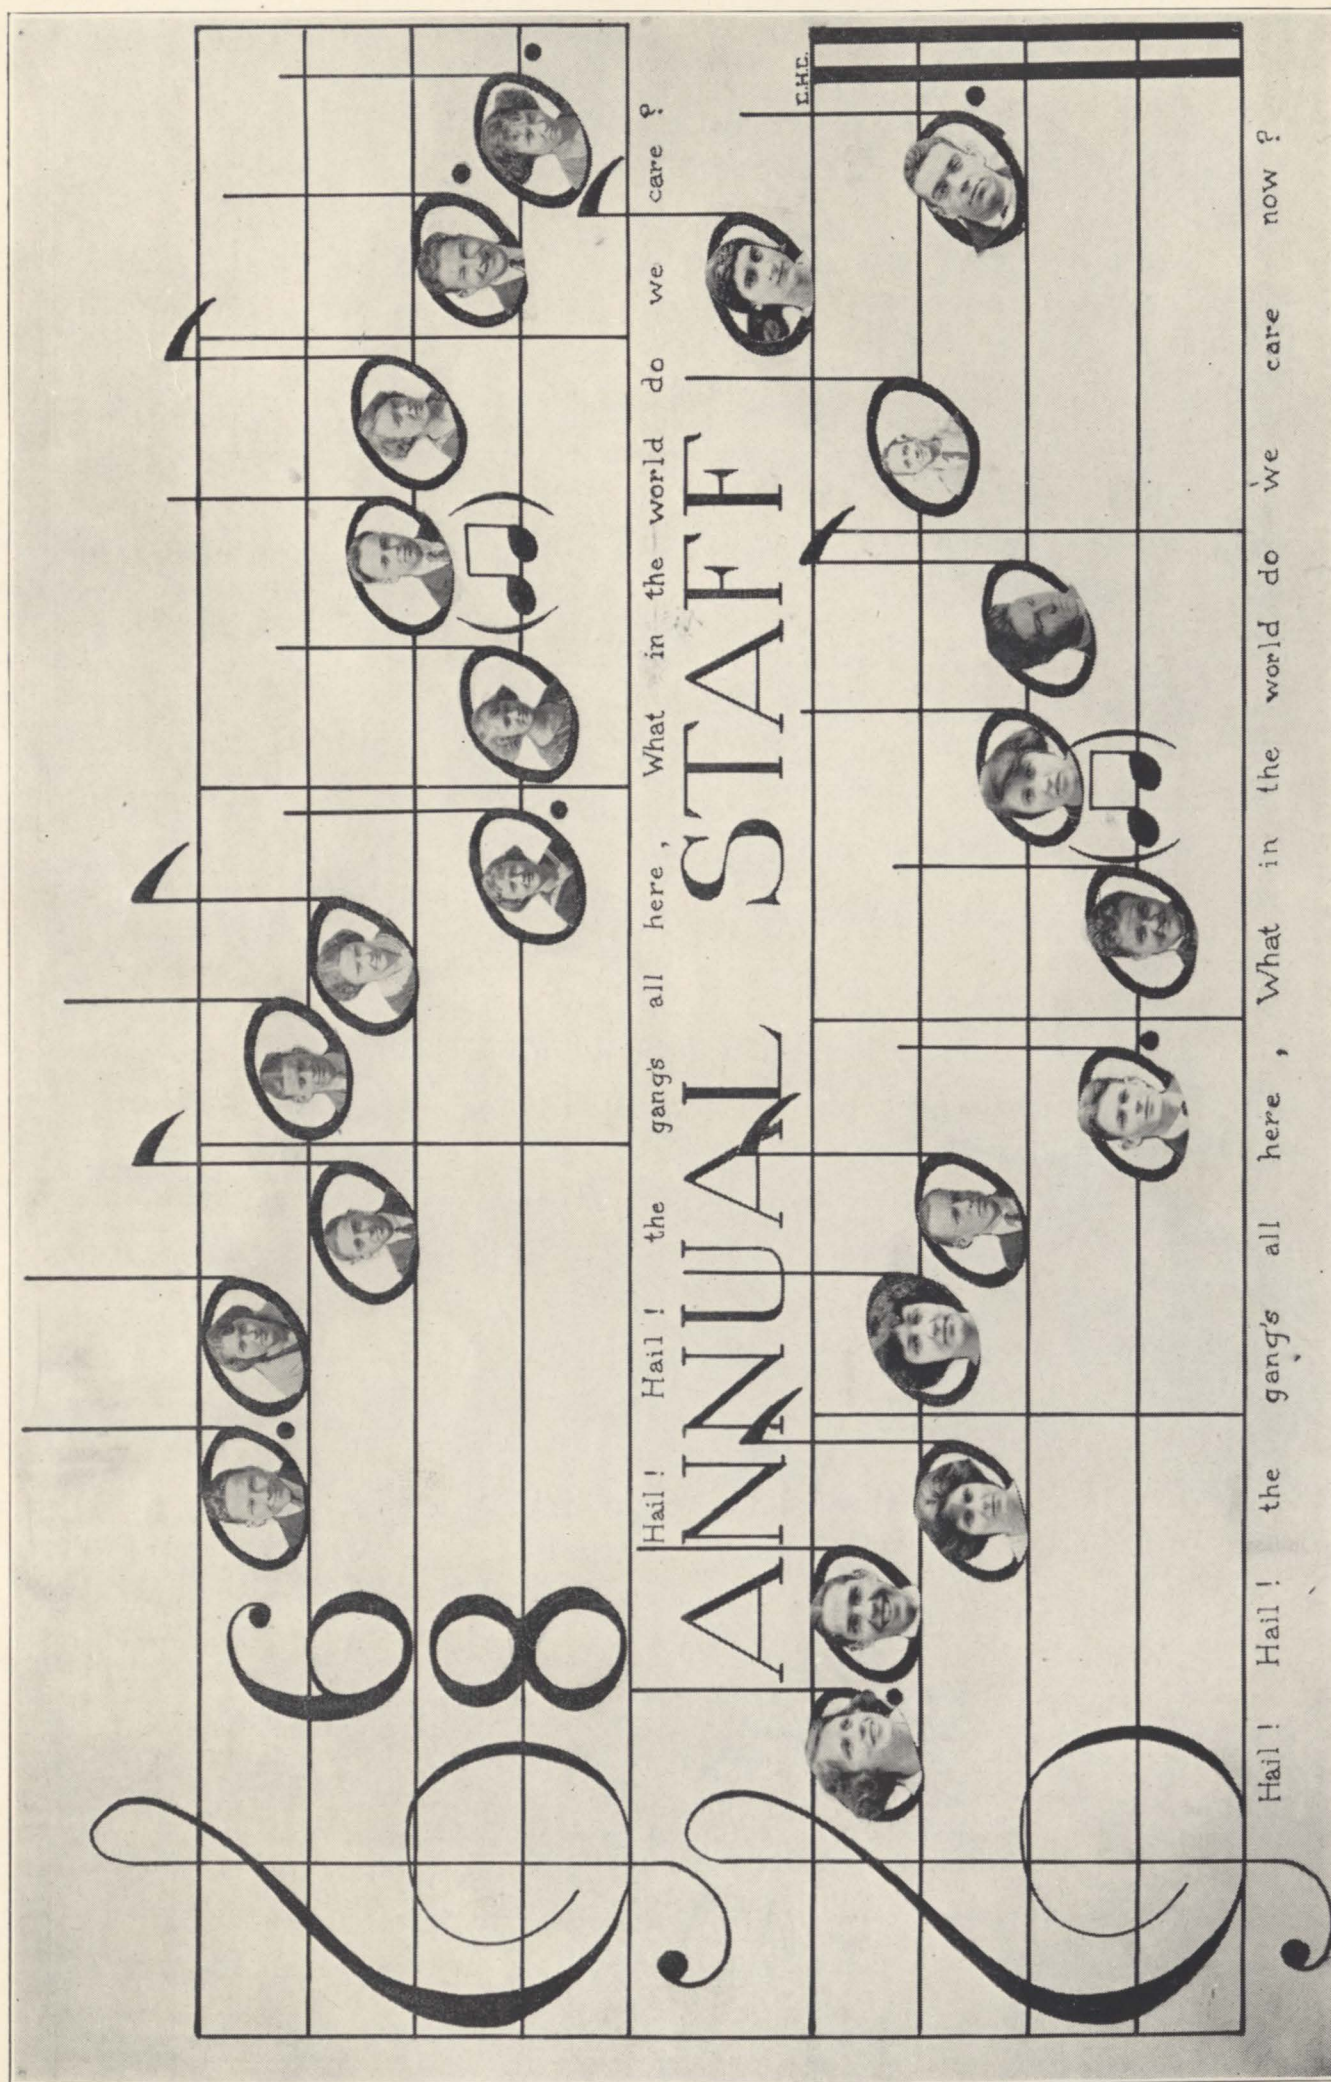

Miss Erskine—"Hurry girls, it is time for the bell."

Miss Beltz—"What do you think about that?"

Miss M. Ball—"I KNOW you can translate it."

None name thee but to praise.

History of the Class of '22

'Tis our arduous duty to set forth the history of the class of '22; a dreadfully frightful thing, really. Why? Because we anticipate a great fall in our estimation in the eyes of the Freshmen, when they shall have discovered us dignified iceburgs to be really humans. (By the way, who was the poor chap who first called Seniors "Dignified." "It is to laugh.") Indeed, in strict confidence, we find our history looks much like any other class history; perhaps our football star's name is Brown instead of Smith. (It happens to be Creasy.) But take it all in all, the facts compiled in each class history, have a painful sameness. You will, nevertheless, dear reader, concede to us something of personality.

It was a very awed and highly impressed people who donned their white-middy-suits-with-red-ties, or more somber tailored magnificence and betook themselves to their first day at high school. We were awfully stuck up. We went down to the book store at noon of that day to buy our texts. We gave our order pompously and hoped our grammar-grade friends in the jam marked our high school dignity. The first few days were very exciting. We were so painfully earnest in everything! We made the usual mistakes. We remember, we were literally mortified to stiffness, in fright, on the first day at the lunch room. We were "scared to death" and thought that, not knowing prices, we had taken more than the white, spic-and-span lady at the other end of the line should declare payable out of our quarter. We left our trays on our table, of course. We have since learned to "wait on ourselves." (Alas, we fear some have learned to "help themselves," too.) When we had been there some few weeks, we used to walk through the corridors of—to us—vast length, and fancy ourselves participants in the delights of a wonderful Hall of Learning; tenants in a Castle of Knowledge; tenants bound to learn, as rental money, some positive goodly work. We fancied ourselves as many drawing the crystal water from a bottomless well of Thought; or, users of a pitcher never empty. We would park ourselves in front of the bronze tablet of the Athenian Oath, and gaze long and raptly upon those letters, "in vacant or pensive mood,"—usually, "vacant."

We shall never forget the first class meeting. We were surprised. We didn't know there were so many of us. We hardly knew each other, of course. Some "pompous little man" presided. We wondered how he got there. Someone informed us he was of a superior species known as "High Freshmen." We elected our officers: Jack Creasy, President; Raymond Zuhars, Vice-President; Joseph Spencer, Secretary; Page Geer, Treasurer. Our class flower, it was decided, should be the yellow rose. Our class colors become yellow and blue. (It seemed the upper-classmen thought the colors peculiarly appropriate, inasmuch as we had been taught in the grades, that blue and yellow make—green. Cruel of them, wasn't it?)

We were rather a progressive class; we actually had a literary society. (It was compulsory.) We had a Girls' Chorus. It was—never mind. We had a party;—a real sure-enough party. We played "drop-the-handkerchief" and "fox-and-goose" and had an awfully nice time. The Seniors stole the "eats," which shows merely, that our "eats" were good, but the Seniors were bad.

We had a debating-team: James Scott, Bertha Sellards, Fred Pride, and Oleta Albertson, alternate. We administered on the Sophomores an overwhelming defeat. (How popular opinion changes! It is seen in our debate subject. We were debating a popular cause, once, when we debated the negative of a question concerning Restriction of Immigration, affirmative of the League of Nations, affirmative of Compulsory Military Training. "Nothing is permanent but change.")

We had a basketball team: Walter Chick, Charles Gordon, Jack Creasy, Richard Ridenour, and Raymond Lewis. Unfortunately, only one of these is left this year. The others have fallen by the wayside. We shall have more to say of this later.

Finally, we had the very great honor of furnishing a man for the football team—Jack Creasy. He gained finally in his Senior year the captaincy.

At length dawned our Sophomore year. Most of us assembled in 209. We led Mr. Moore a merry chase. He was worn to a shadow with shouting at us.

Our officers for our Sophomore year were: Vivian Scott, President; Clyde Berry, Vice-President; Raymond Moritz, Secretary; Fred Pride, Treasurer.

We made an attempt at raising a voluntary literary society called the "Cleonism." But the infant died, after the class had spent a whole afternoon in bitter debate over the christening.

Arthur Rosenthal was an addition to the class debating team. The team won from the freshmen of course. Bertha Sellards and Fred Pride were fortunate enough to be participants in the big Varsity debate with Marietta.

When the Girls' Varsity Basketball team was formed, Gladys Selby, Grace Ruark and Bernice Doll, three of us Sophomores, were favored.

We had a successful party that year, too. We went in the hole and dear "Uncle Bert" "went done into the pocket of his jeans" and pulled us out. We rather fancy we should have fallen down many times, and in much more serious passes, had it not been for "Uncle Bert."

In Junior year, our officers were: Jim Scott, President; Clyde Cunliffe, Vice-President; Raymond Zuhars, Secretary; Jane Bothwell, Treasurer.

In Junior year, we really began to amount to something. Mr. Eccles compiled statistics that some-way-or-another, proved that WE, the Junior Class, wasted the least time of all the classes, and were altogether the most efficient class. Just think o' that! Maybe that wasn't a feather in our cap!

Fred Pride and Cunliffe swelled our representation on the football team—a representation further increased this year by James Gower, making this year, with Captain Creasy, four on the squad.

Don Gulker and Everett Wallace, last year, made their places on Varsity Basketball.

Oleta Albertson served as speaker on the class debating team.

Mrs. Eccles came to Portsmouth, to our aid, and succeeded in pulling the "factions" in our social structure together. We had a picnic that was socially, wonderfully successful, and a Bazaar for the whole school that was, financially, a "howling success."

Under Mrs. Eccles' leadership, we organized a permanent senior dramatic society, the "Revellers."

A newspaper, the "Searchlight," was founded. Lo and behold, four Juniors, besides two Junior reporters were on the staff. The newspaper was discontinued this year, but that wasn't the fault of the Juniors.

Junior year was, in fact, quite successful; and therefore, rather tame. No very startling thing happened to us. One thing in passing.

We used to sit down in 109 assembly, under Coach McComb, "Fleety." He has a dreadful frown, so that we were pretty good last year. He had also a tiny curl, right in the middle of his forehead. Alas, one morning it had disappeared. The world has never seemed quite the same since.

However, in due course of time, Senior Year rolled around. In the presidential election, Howard Harris seemed to be the most "available" candidate. Contrary to those of most "available" presidents, his has been a good administration. He is aided by Clyde Cunliffe, Vice-President; Arthur Rosenthal, Secretary; Juanita Faught, Treasurer.

You have seen, dear reader, just about what we have done, who's who in the class, and what sort of class we are. We are, of course, moderately proud of ourselves. We weep for those of us who have fallen by the wayside; for they, unknowing, have sacrificed an invaluable treasure. Somebody used to tell us that each day in High School is worth eight or nine dollars to us. That's commercialism "reductio ad absurdum." We are ourselves convinced that our days in High School will prove well-nigh of inestimable value. Who can set a value on the cultural value of our High School life, to us? Who can be found to say the education of the future generation is worth such and such a sum in dollars? Will you not believe us when we say, it has been invaluable? Will you not believe us when we say, we love our dear old High School?

"The City of Utopia"

Mr. Future Man stepped off the train into the arms of the beaming President of the Chamber of Commerce of the wonderful city of Utopia.

"Mr. Future Man, I believe?"

"Yes, sir."

"Schloss is my name, sir, and as President of the Chamber of Commerce I have the privilege of introducing you to our city of Utopia."

"I shall be delighted, sir; but first, where shall I find a good hotel?"

Mr. Schloss led the way to his car, which had been waiting for them, and leaning over, directed the chauffeur—

"James, take us to the Hurt Hotel."

Mr. Future Man left his grip at the hotel. Then they started on their trip to view the city. First, they went to the city hall.

"Mr. Future Man, permit me to introduce to you the chief executive of our city, Mayor Creasy."

"Mr. Future Man, I take great pleasure in welcoming you to our city, of which we are very proud."

During their conversation, President of the Council E. C. Davis and Deputy Sheriff Charles Mills came up, bringing with them Chief of Police Bowen, to be introduced to the visitor. After a few minutes' conversation, they left to cross the street to the office of H. D. Harris, editor of the Utopian Daily Tribune.

The editor was out, but Miss Agnes Smith, the assistant, entertained them and showed them over the establishment. Here Mr. Future Man met the society editor, Miss Lorraine Harris, and the chief reporters, Miss Margaret Haney and Miss Dorothy Loft, and was snapped by the Tribune photographer, Clyde Berry.

After they were again in the car, Mr. Schloss directed the chauffeur to take them to the S. A. Kline department store. Mr. Kline, himself, welcomed them and invited them to attend a dinner arranged by him and his department managers, Louise Berling, Lucile Berling, Ruth Ball, and Howard Brehmer. Mr. Kline further suggested that they take Mr. Future Man to the hospital to visit one of his employes who was ill.

There, the head nurse, Miss Leona Davis, proved a very charming hostess. As they passed through the building they met the pastor, Reverend Herdman, and the city physician, Dr. Margaret Stanfield.

They left the hospital to visit the High School. The superintendent of the public schools, H. H. Hudson, took them through this building. They visited Miss Pfeiffer's gymnasium class, Miss Lantz's music class, Miss Patton's LATIN class, Miss Darough's chemistry laboratory, Miss Cole's retail-selling class, and Miss Hauck's history class. In the school library they found other members of the High School faculty, among them being Miss Evans, Miss Whitworth, Miss Wilson, Miss Swavel, Miss Blake, Miss Higgins, Miss Seymore, Miss Gyor, Miss Mann, and Miss Vogel.

"Mr. Future Man, I believe lunch is the next thing in order," said Mr. Schloss, looking at his watch.

"Very well, where shall we lunch?"

"I know of a delightful tea-room."

Thereupon, the chauffeur drove them over to Miss Dot Freund's tea-room.

It so happened that a bevy of young, well-dressed women of Utopia's elite were lunching there when Mr. Future Man and Mr. Schloss entered. Mr. Future Man had the pleasure of meeting the Mesdames Vivian Scott, Fred Pride, and Arthur Rosenthal, also the Misses Margaret Neudoerfer, Katharine Locke, Mildred Schloss, Elizabeth Locke, Dorothy Goetz, Ruth Gibbs, Maude Wilson, Dorothy Helt, and Oleta Albertson.

After lunch they concluded that they had just time enough to visit the bank before it closed for the day.

As he stepped from the car in front of the bank, Mr. Future Man noticed a smartly dressed young lady enter the building.

"Who is the owner of the Titian locks?"

"Titian locks! Why man, that's Grace, the town vamp!"

Mr. Future Man continued to gaze raptly at the departing figure as they walked into the president's office.

President Cunliffe greeted them cordially and introduced them to a guest of his, Mr. James Gower, an efficiency expert, who could do less work in more time than anyone else. Mr. Schloss led the way to the elevator, which took them past the offices of Attorneys Miller & Rosenthal, as they mounted to the Community Club rooms, several floors above.

There they found a very jolly tea-party in process. The hostesses were: Miss Aileen Wiedner and Miss Maymie Warner, social welfare workers; Miss Gertrude Hood, leader of the Girls' Community Club; and Miss Lucile Slag e, directress of community music. Their guests were the stenographers from the neighboring buildings: from the offices of White, Cunningham & Green, Engineers, were Miss Gilkerson, Miss Rickey, and Miss Parks; from the offices of Drs. Phillips & Duncan were Miss Faught, Miss Workman, and Miss Pulsing; from the offices of Searles & Kidd, Surveyors, were Miss Irvin and Miss Fulton; from the offices of Drs. Ogier & Lloyd were Miss MacMaster and Miss Dobbins; from the offices of Maddocks & Zuhars, Dentists, were Miss Day and Miss Cottle.

On the return to the hotel, Mr. Schloss and Mr. Future Man passed some very beautiful homes of the city. Among these was "Bird's View," the charming mistress of which was formerly Miss Page Geer.

"I hoped to take you to see our art museum and library, founded by our great philanthropist, Mr. Charles Hall," said Mr. Schloss, "but since it is nearly time for dinner, we shall have to postpone those visits."

An hour later Mr. Future Man and Mr. Schloss were ushered into the spacious banquet hall of the Kline home. At the table were places for Miss Bertha Louise Sellards, who had just finished her latest book, "The Psychology of Keeping Working People Happy;" Miss Lucile Kyle, artist; Mr. Everett Wallace and Mr. Hemphill, architects; Miss Georgia McCord and Miss Eva Morgan, returned missionaries; Miss Mary Dougherty, a designer; Mr. Fred Koch, architect; Mr. W. F. Morrow and Mr. Lowell Adams, chemists, the latter famous for his discovery of a process for removing the odor from hydrogen sulphide; Miss Marie Stone, Miss Charlotte Crosby, Miss Lillian Haney, and Miss Ruth Donaldson, welfare workers; Mr. Karl Seiling, Mr. Raymond Lemon, and Mr. Glenn Harley, merchants; and Mr. Henry Maupin, Mr. Kline's representative in Buenos Aires.

Later in the day Mr. Future Man and Mr. Schloss were members of a theater party, composed of Mr. Henry Maupin, director of the Airplane Taxi Company; Miss Bernice Doll; Mr. Vivian Scott, structural engineer; Miss Kathryn Elliott; Mr. Frederick Pride, Chief Justice of the Supreme Court; and Miss Ella Spring, the noted chiropractor. In the evening they went to hear Mademoiselle Selby sing in her latest opera, "Maruit." Mr. Future Man personally congratulated the theater manager, Mr. Schwartz, in procuring talent of such remarkable interpretive ability. Mr. Schwartz gave all credit for the production to the expert management and direction of his noted assistants, the Misses Jane Bothwell and Ruth Millard.

Mr. Future Man barely had time to catch the midnight train, which would carry him away from the mystical city of Utopia.

Which ne'er has been and ne'er shall be.

B. L. S.; C. P. G., '22.

Novum Testamentum, etc.

We, the Senior Class of 1922, being sane (still), and in our right minds (?) do hereby will and bequeath our worldly possessions and mental equipments and accoutrements (such as they be), hereby making known our hopes of departing this life, not later than next June:

To the present Freshmen Class, our high good nature and our tractability, which all our dear teachers do declare to be unexcelled.

To the present Sophomore Class, all the hard knocks we have accumulated, together with our diploma from the School of Experience.

To the Juniors, our dramatic ability, born of and fostered by the "Revellers," and our four years' experience in high tragedy, comedy, and even melodrama.

To all future Seniors, our economy and our geniality, which our kind teachers do affirm, offset and make reparation for, our lamented and long-lost slowness.

To all who shall find need of it, Creasy wills his Perseverance—stock, which, from market indications, will presently be much above par, by reason of its scarcity and desirability.

To the silent and self-conscious Freshmen, H. Herdman wills his Verbosity, which has threatened, of yore, to becalm a certain History class (which by the way, had much need of rest).

To all loiterers and dalliers, we will our President's addiction to hurry, which oft has imperiled quiet folks' lives; the while he rushed madly through the halls.

To the crabbed and cross and peevishly inclined, we will Louis Preston White's sweet disposition.

To all bobbed-haired ones, Velva and Grace will their barber shears.

To all who lack it (and to the Sophomores particularly) we will Herron Hudson's Dignity, of a type similar to that extinct article, a Poker.

To Mrs. Smith, we will the monopoly on Giggles, hitherto held by Dorothy Goetz and Margaret Neudoerfer.

To Freshmen who need it, we will Oleta's generous amount of self-assurance; with the stipulation that if, after careful division there be any to spare, it be given to the present Juniors.

To whomsoever can withstand it, we will the unequalled indolence of Sam Kline and Charles Hall, in all its virulent forms.

To the flighty Juniors, we will our Editor's reliance—a good rock foundation.

To all future Seniors, we bequeath the disarming aroma of the Chemistry Lab.

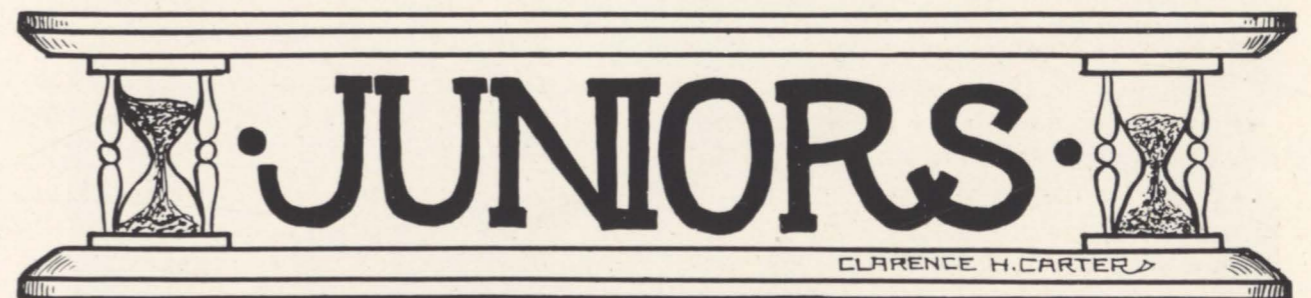

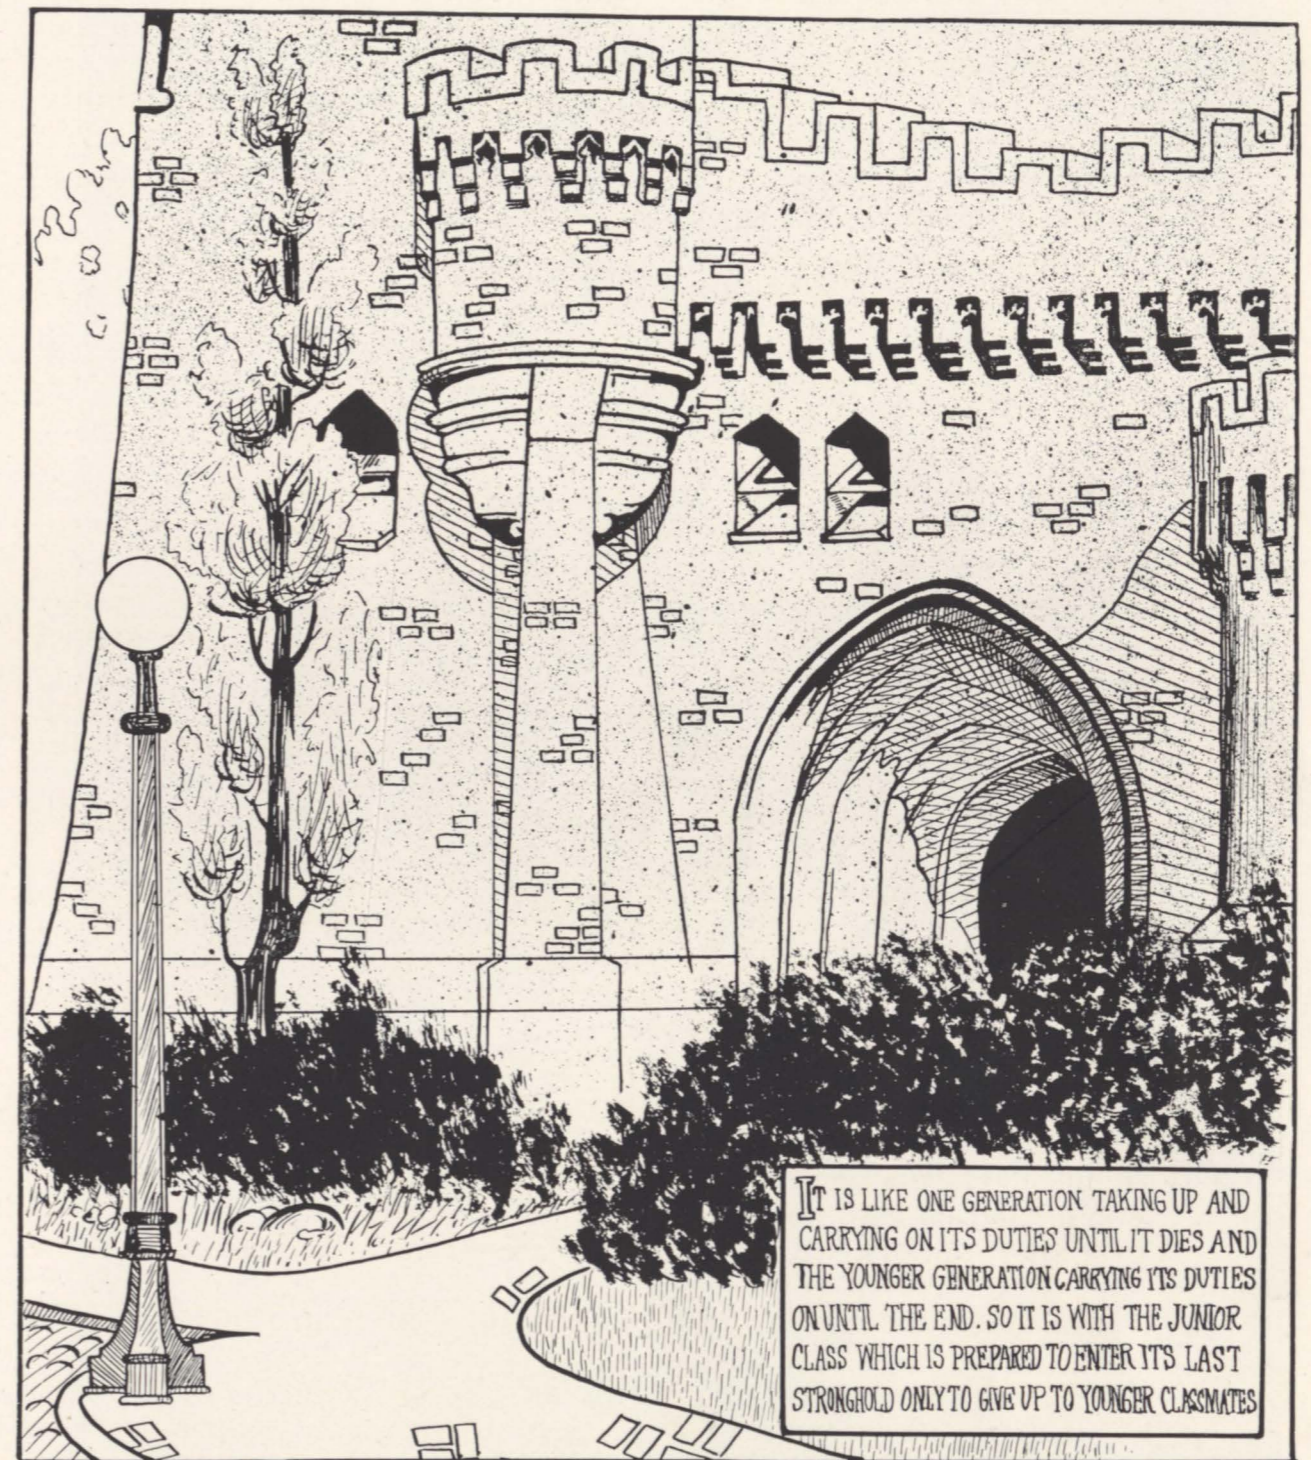

To Mr. Eccles, in accordance with his expressed desire, we will our ferry tickets over the River Styx, and reservations in the Elysian fields (the gentleman's wish being for "a hunk of Heaven"); these our reservations given, inasmuch as Massie assures us we shall reach the upper regions through a process of "sublimation."

Finally, be it known with respect to our Senior Teachers, we will away with cheerful hearts or with thankful (as the case may be) those gifts by which men know them; including—

Our chemistry instructor's popularity and (to the girls) his dimple; Miss Banta's giggles; Mrs. Kyle's repartee; Miss Ricker's study class; Miss Hall's sympathy; Mr. Fries' good nature; Miss Ball's dreadful accuracy; Mr. Eccles' tortoise rims; Mr. Leach's avidity for unselfish service; Mrs. Eccles' devotion (and her good example, the maintenance of which bores her sometimes, we suspect).

To all future Seniors, we bequeath whatever other properties we die possessed of, excepting only our RED INK, a Cyclops which we will blind (and darken into Black) with the sharp stick of New Resolutions.

In Witness Whereof, we this day set our sign and seal— '22.

Juniors

Juniors '23

One of the most eventful meetings that has ever been held in P. H. S. convened September 6, 1919. Then was born our class, the class of 1923. At the beginning of our career, we formulated and laid down the principles of our future greatness—"Possumus quia posse videntur."

It is not our aim to prevaricate, exaggerate or insinuate anything of which the Junior class is not worthy, and in enumerating some of the valiant heroes and some of the brave deeds of the class, the Freshie may not realize all that is due the Junior class, because the dark curtain still hangs before him unlifted. Neither do the Sophies realize the true worth of the class. Nor the Seniors with their air of superiority. Ah, Seniors, how sweet a thing it is to wear a crown.

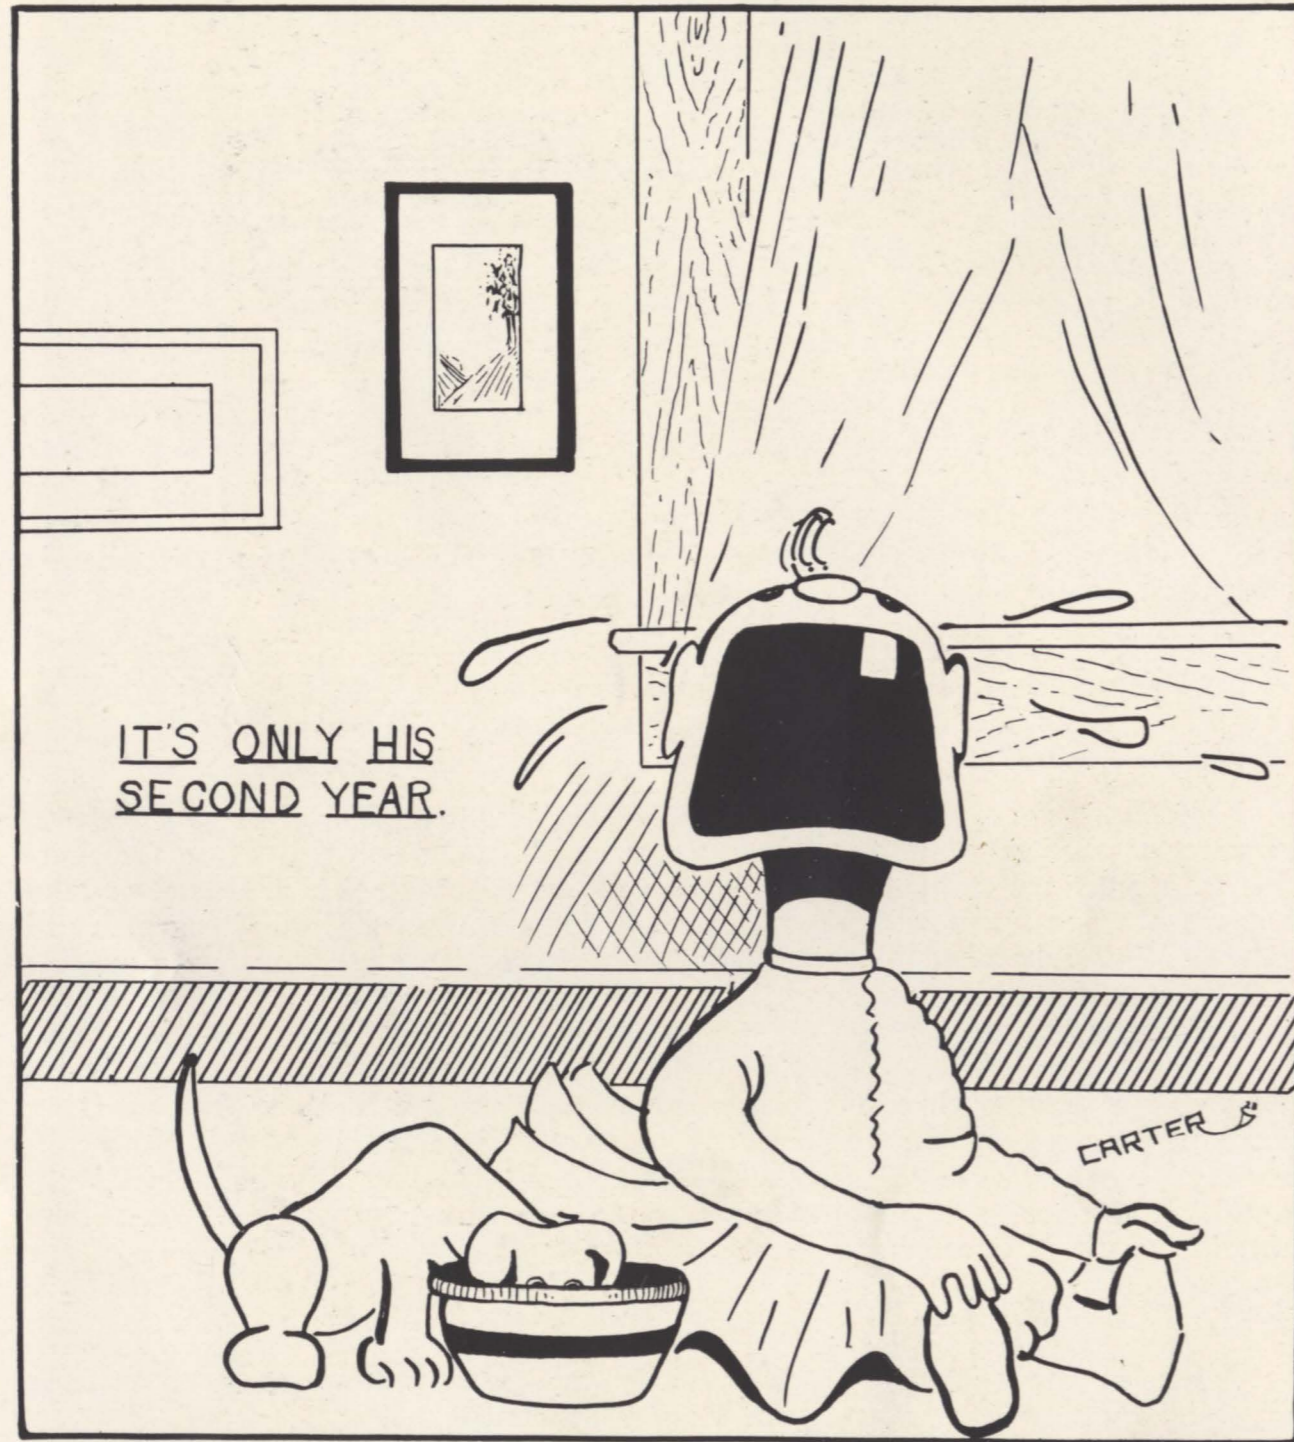

On September 26th we assembled and elected as our officers, Lee Rugless, President; Paul Brunner, Vice-President; Bonnylin Copas, Secretary, and Glen Coe, Treasurer.

The class party was held in the Gym on Hallowe'en and proved to be a very successful start for the year's program. When the call came for warriors to fight our gridiron battles, it was answered by Barklow, Ellsessor, and Manning. And when it again rang, these same three knights of the order of "Varsity P." advanced to win their letter in basketball. Nor are our girls less valiant, for did not "Piggy" go forth for her second year on the Girls' Varsity squad? In debate, we are represented, Ruth Lloyd and Bonnylin Copas having joined the ranks. And the cheer-leader, "Mack!" We claim the honor of having the only Literary Society in P. H. S. The first meeting was held December 16th. This new bark was christened the "Junior Literary Society," with Virginia Carroll, Willard Ellsessor, and Bill Tripp in command. The success of this society has been due, in a great measure, to the untiring work of our faculty member, Miss Hall. Two of the officers of the Do Sha Kai have been selected from our ranks, Ruth Lloyd, Vice-President, and Utella Woods, Treasurer.

Then in the minstrel, Brunner, Yuenger, Sampson, Dever, and Spence have shown their prowess as grand opera stars.

We have yet another eventful year before us. "Then let us build well; fix each spar and sail; anchor well our hopes, because at yonder port Success awaits us."

A Uranography

A general knowledge of the constellations sufficient to enable one to recognize readily the more conspicuous stars and their principal configurations, is a very desirable accomplishment and not difficult to attain. We shall begin our study of the Uranography of P. H. S.'s heavens with the four major constellations: Ferrum Coquendi, Pila et Canistrum Magnorum, Pila et Canistrum Puellarum, and Colloquendum Aemulorum.

Ferrum Coquendi (The Gridiron). Of these interclass constellations none is more easily recognized than the Gridiron. Assuming the time of observation as about three o'clock in an afternoon of November, it will be found in the zenith of popularity, in the seventeenth part of the heavens. The familiar constellation is composed of evelen stars, all of about the second magnitude, excepting Abrantis and Phillipus, which are stars of the first magnitude, being known under the more general term of Sophomori. This constellation was not considered important by the astronomers of this past season until they had the privilege of viewing its magnificence through our powerful telescopes.

Pila et Canistrum Magnorum (The Great Basket Ball). The two stars, Abrantis and Phillipus, together with their satellites, unmistakably mark out the rim of a basket, while a third star of the first magnitude and of marvelous brilliancy, with two other stars of one and a half magnitude, form a ball dropping through the basket. This third star, known as Floweris, is sometimes called the guardian of the basket.

Pila et Canistrum Puellarum (The Girls' Basket Ball). This constellation lies on the opposite side of the pole from The Great Basket Ball, at about the same distance as Floweris, and is easily recognized by the unusual number of brilliant stars which it contains. With the help of the two conspicuous stars, Selbio and Hopkinsia, we can make out of them another well-formed basket and ball. Other bright stars belonging to this group are: Ferneris, Virginia, Jochinnis, and Bakera. The ancients honored these stars with longer names, which are much more difficult to remember and not necessary in these enlightened times of contracted speech.

Colloquendum Aemulorum (The Debate). The constellation of Colloquendum Aemulorum is characterized by two groups of four stars each, set close together in irregular circles, all being of considerable magnitude. The beautiful star, Kimbilis, outshines the others, and although its brilliancy is variable, often disappearing almost entirely, it is sure to reappear again in renewed beauty.

Having completed our study of the four major constellations, we shall pass on to the Social Galaxy of the P. H. S. heavens. This figure, extending entirely across the sky, is composed of many small stars which are known under the general name of Sophomori. There is only one group deserving of particular mention, since the entire constellation is composed of small stars. This group is known as the Punch Bowl, being formed by a few large stars and a number of smaller ones which have held the same position since the Punch Bowl was first noticed.

In conclusion of our study of Uranography, it is necessary to mention the four beautiful planets whose many scintillating rays add much to the beauty of our heavens. These planets are called Laurencius Kimbilis, Paulus Lykenius, Helene Hopkina, and Walterus Severingdomus.

Freshman A

Freshman B

Freshmen '25

The history of the Freshman class is not a record of great prowess in battle, of brave and noble deeds performed in the interest of the class; yet the superiority of that class over all others may still be believed in; for this first year marks the growth and development of a broader and more general view of High School affairs—a growth and development which are individual rather than collective. In this first year, the responsibility for the general welfare of our class has rested upon the shoulders of: Ralph Monk, President; Charles Wertz, Vice-President; Persis Bannon, Secretary, and Nancy Grimes, Treasurer.

From the delights of a summer vacation, we at once were ready to return to school, where awaited the alluring mysteries of an unknown P. H. S. Almost immediately upon our entrance, we held a class meeting and elected the above-named officers. Mr. Krake had charge. After the election of officers was completed, it was decided that we should have a party; but no party has been held so far.

The members of the class who are athletically inclined, were eager to go out for football under the efficient training of Coach Fries. The whole class was glad that when the team was chosen, one of our number, Ralph Monk, was in the line-up. Later, another member of our class, Will Ray Campbell, was put on the team. The class is proud of their work. At every game the crowd was dotted here and there with "Freshies," eager to see their representatives in action.

When the successful football season closed, both boys and girls looked forward to another popular form of athletics—basketball. P. H. S. had a fast Varsity Five. One of the forwards, we are proud to say, was our classmate, Monk. We had on the "sub" team, Will Ray Campbell and Walter Doll, members of the Freshman class. The Girls' Varsity was not lucky enough (?) to have a member of our class on the team; but our girls made a fine showing in the class games. There are now many prospects for next year's Varsity. "Fleety" has indeed been doing his best to prepare the girls for Miss Warson, and the boys for Coach Fries.

In a class meeting, we elected an executive committee to make plans for the aforementioned party. The necessary arrangements were made, but we were unable to obtain a permanent date, due to the fact that there were quite a few entertainments scheduled besides the basketball games and the lecture course. But we suppose we shall have it some time in the near future. Here's hoping!

The Freshman English class of the first period, under the direction of Miss Lucile Graham, dramatized and presented in the Chapel that delightful story, "Rip Van Winkle." The parts were quite creditably portrayed by the cast. It was received with so much enjoyment by the High School, that it was repeated for the grammar grades. Later, the Freshman class presented the "Spectre Bridegroom." So well was it done that (Sh! a little bird told us) the coach of the Senior class play thought well to point out to the Senior cast the fine points of our Freshman acting!

The rest of the class has spent a quiet, sober, and industrious school year. Surrounded by our beloved books, kind, generous and considerate teachers, with the delights of the movies and the basketball games, what more could the heart of a Freshman desire?

ALUMNI

Alumni

Let us start with the persons with whom we are closely associated; those with whom some of us come in contact every day. Who could these be but our honored teachers both in high school and the grade schools.

First we shall mention Miss Emily Ball, who has been with us almost fifty years, acting as principal of the High School for four years, from 1901 to 1905, and as teacher before that time and since.

Another teacher, who has been with us for nearly fifty years, is Miss Charlotte Lewis, who has sent more pupils to our High School (perhaps) than any other teacher in the city.

Miss Kate Vigus has taught nearly forty-eight years, making her place in the public schools.

Miss Lucy Hall has taught forty-three years, both in the grades and the High School and Miss Lizzie Gatterman the same number of years in the grade schools.

One hundred and seventeen out of one hundred and sixty-seven teachers, at the present time, are graduates of the Portsmouth High School.

It is with pride that we mention Miss Ettaline Grice, graduate of the class of 1904, who is acting as Professor of Semetic languages at Yale University.

We should also speak of Miss Margaret Anderson, a graduate of the class of 1915, who has left this country to teach English in an American College at Panang, Straits Settlements, Malay Peninsula.

Robert Johnson Horr has made us proud of him by becoming an assistant Professor of Military Science and Tactics at Princeton University.

We are very proud of Colonel Brigadier General Kennedy of the class of 1875, who is in charge of the Coast Defense for the Government at San Francisco, California.

Across the seas, we have Major Louis R. Dice of the class of 1895, in charge of the Grave Registration Service in one of the four national cemeteries of France.

A very recent graduate of the class of 1914 from P. H. S., and also a graduate of West Point, is now at the Cavalry School, Ft. Riley, Kansas.

In the State Legislature from Boulder County, Colorado, we have W. P. Reed of the class of 1886.

Dr. Reisman, who ranks as one of the foremost medical specialists of the United States, is an alumnus of whom the Portsmouth High School is very proud.

We only need to mention such men as Mr. Daniel Ryan of the class of 1875; Mr. Oscar Newman of the class of 1884; Mr. Charles Hard of the class of 1889; Mr. William Dupre of the class of 1906, and Mr. Henry Uhl of the class of 1908 and be proud of them.

Miss Emily Ball

To a very few people is given the opportunity to spend a half century in the service of their fellow beings. When one is found who has completed such a term of service, retaining, throughout the period, the affection and respect of all who know her, an example is found worthy of the careful study and emulation of those whose lives lie before them.

Miss Emily Ball, the daughter of William Henry Ball, is a native of Portsmouth. She entered the schools as a pupil in 1860, and was graduated in 1872. For two and one-half months she taught as a substitute in the Portsmouth schools. In the fall of 1873, she began her long and useful life as a teacher in the "C" Primary on Fourth street. She was three years in that grade; then was promoted to the "A" Primary on Second street, where she taught the English branches of that grade and the arithmetic of the "B" Primary for two years. She went into the "D" Grammar on Union street, and taught there three years, and then one year in the "C" Grammar, and after teaching there one year was dropped back to the "B" Grammar, on account of the dropping of an extra school. She remained in this grade two years and then was appointed to the "B" Grammar and "A" Grammar, but never taught these grades for she came into the High School in the fall of 1885, and has been here ever since. She was principal of the Union Street building from 1879 to 1885, and principal of the High School nine years. Most of her labor in the High School has been in teaching Mathematics and Astronomy, but she has taught English and American Literature, English composition, English History and Civics. When she began, there were three teachers in the High School; now there are thirty eight. At the beginning of her teaching in the High School, she taught fifty-four pupils out of 108. She has always been most highly esteemed as a teacher and disciplinarian and has always enjoyed the confidence of the Board of Education and of the parents of her pupils in the highest degree.

It is but fitting that the Class of '22 should pay this sincere and heartfelt tribute to the teacher, the majority or portion of whose life has been dedicated to the welfare of successive generations of Portsmouth students. Everyone who knows Miss Ball recognizes her never-varying sincerity and sense of justice. Her life has been like that of the Roman statesman, who said he would build his house of glass so that any Roman might see his every act. Like Ruskin, she could say she has never written a letter which might not be posted in the market-place.

We know of no higher praise than this; if we did, we should make use of it.
C .P. G., '22.

ATHLETICS

DANIEL FRIES

Many schools have wonderful football coaches, but we claim and have a superb one. Coach Fries created a fast, winning football squad from practically green recruits. There were but three men on the squad who had played the game in our school before, yet we had a speedy, fighting team. Mr. Fries was also the boys' basketball coach and developed a winning team out of more or less raw material.

F. B. McCOMB

General Manager of Athletics in Portsmouth Public Schools.

Mr. McComb was promoted this year from the position of coach of the High School teams to the office of General Manager of Portsmouth Scholastic Athletics. Mr. McComb, to whom the students have affectionately attached the fitting soubriquet of "Fleety," is preparing the grammar school students for High School athletics, having charge of all basketball, football, volley ball, track, and tennis work in the Portsmouth Public Schools.

MISS WARSON

Miss Warson came to us from Otterbein College, and has made herself dear to the girls by her wise coaching in gym work and basketball. She developed a fast girls' basketball team and taught them the essentials of the game. We anxiously anticipate her presence next year.

The Team

JACQUES CREASY
—“Jack”

As captain of last year's Varsity Jack finished up his fourth and most successful season for P. H. S. His defensive and offensive work was excellent, and his passing sure and swift.

FREDERICK PRIDE
—“Fred”

Fred was one of the mightiest on this year's team. As quarterback he could not only handle the team well, but could buck the line and end run. His work has been of a very high standard, and we wish him the greatest success as a college star.

THOMAS BROCK
—“Tommy”

Next year's captain is the terror of opposing elevens, Tommy Brock. As an end, he couldn't be beaten, and was a wonder at tackling and catching passes.

CLYDE CUNLIFFE
—“Chic”

A smashing line plunger and fast field runner was Chic, and next year it will take much coaching to develop a half-back to take his place and put up the same sterling game that he did.

JAMES GOWER
—“Jim”
Jim, at tackle, always played consistently, though not brilliantly. He made his place in the line invincible, and in losing Gower, one of Portsmouth's best tackles is lost.

CARSON BARKLOW
—“Pollard”
Resembling a stone wall on the defense and a tractor on the offense, Barklow put up a wonderful game at guard. He will be back next year.

WILLARD ELSESSOR
—“Peg”
Peg was one of our best halfbacks. As a forward passer he was a source of strength to the team. He will be back next year, with the same old “pep” and enthusiasm.

RAYMOND MORITZ
—“Moritz”
Moritz played guard and sub-halfback. His work at both positions was always above par, and he will be a bulwark of strength to next year's team.

DONALD PHILLIPS
—“Don”
Spilling off-tackle plays and end runs was Don's specialty. He is only a Sophomore, and much will be heard of him in the future as a tackle for Portsmouth.

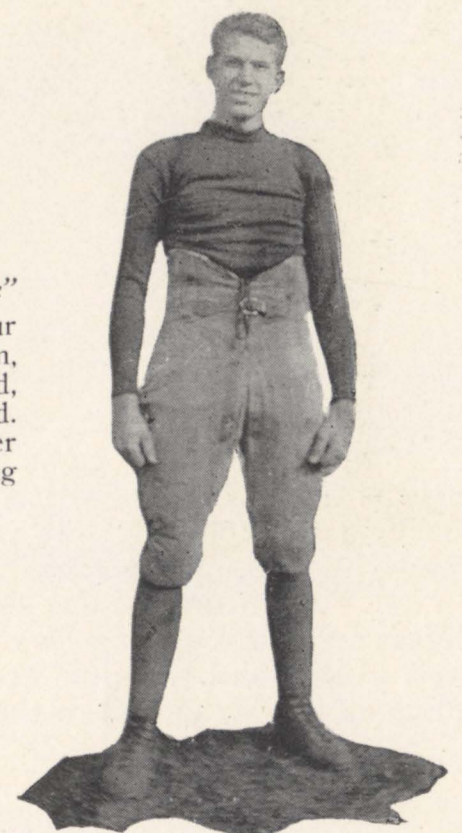

OLIN MANNING
—“Mouse”
Although small in size, Manning made all this up in speed and grit. As an end, Manning played a wonderful game, getting tackle after tackle, in addition to being an important factor in the aerial game.

ALBERT BRANT
—“Al”
Brant played fullback, and his long suite was line plunging. He played a hard, clean game, and should develop into a great man for P. H. S.

RALPH MONK
—“Bick”
Monk was one of our Freshmen on the team, and he played a hard, consistent game at end. He was a sure tackler and would spill anything that came along.

WILL R. CAMPBELL
—“Fat”

Campbell was another Freshman on the team, and he put up a good game at guard. He will be with us for three more seasons.

EVERETT WALLACE
—“Ev”

As manager Ev was of college caliber. He spent more time working for the team than any person in school, and it will be hard to fill his position next year.

Season of '21

The team put on the field this year by P. H. S. was one of the best in years. With only three letter men back from last year, the team certainly did accomplish wonders. Much credit is due our able and efficient coach, Dan Fries.

Not only was the season successful in the number of games won but it was a great success from the financial standpoint and at the end of the season the treasury contained a large surplus.

The schedule this year was a very good one. It included New Boston, Ironton, Ashland, Huntington, Chillicothe, Circleville, Jackson, and Aquinas of Columbus.

One of the greatest games of the season was that with Huntington. During the first half the battle was nip and tuck, neither side scoring; however, during the second half the weight of the Huntington men began to show on the light Portsmouth team and they managed to put four touchdowns over on us. As a fitting climax to the season, Aquinas of Columbus went down to defeat on Thanksgiving Day. Though played on a field of mud the game was well played and the final score was 6-0. The team next year is headed by Thomas Brock, an end of the best quality.

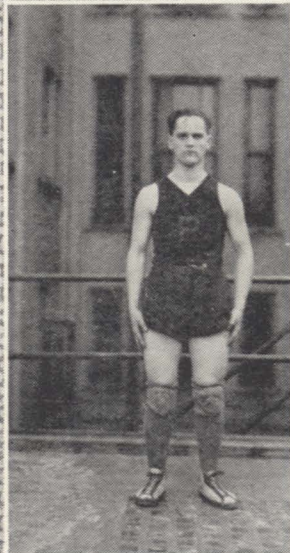

Boys' Basketball Squad

Girls' Basketball Squad

Basketball - Boys

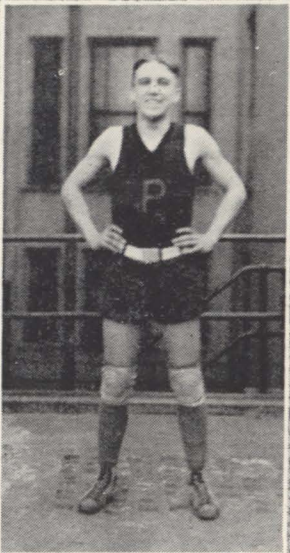

CARSON BARKLOW—"Snub"

"Snub" played a guard this year and played it very creditably. His guarding was always of the highest brand and as Barklow is with us again next year he should come through in great style.

ALBERT BRANT—"Al"

"Al" played at both center and guard and certainly distinguished himself at both positions. He was good at both shooting and passing and was also very good on the defense. Brant is with us for two more years and therefore has great chances to show his wares.

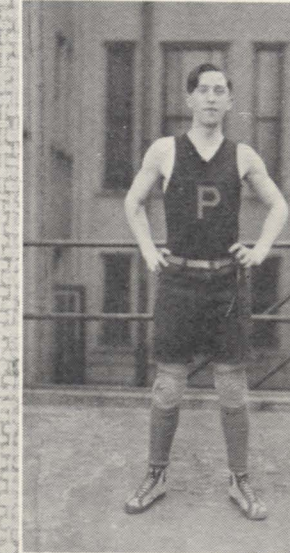

WILLARD ELSESSER—"Peg"

"Peg was one of the strong point gainers on this year's team. Not only as a point maker was he good but his floor work was of the highest type. This was "Peg's" first year at basketball and he should be the real star of the team at forward next year.

CLARENCE FLOWERS—"Flowers"

"Flowers" played his first year with P. H. S. and showed up very well. He played running guard and was very good in this capacity. He is with us for two more years also.

RALPH MONK—"Bick"

"Bick" played a forward position for P. H. S. this year and did very well in his place. He was one of the best point gainers we had and also a good passer. Monk is with us for three more years.

DONALD PHILLIPS—"Don"

"Don" played center this year but was kept out by a serious illness part of the season. Nevertheless when he was in the game he always played a hard consistent brand of ball that was hard to beat. "Don" is with us for two more years.

Basketball - Girls

GLADYS SELBY—"Seb"—Captain

"Seb" played her third and last season for P. H. S. this year. She held the position of guard with a capability born of experience and natural ability. She knew just when to leave her position to run down the floor to our basket and generally dropped the ball in for two points. Her steady playing and leadership will be missed next year.

HELEN HOPKINS—"Hoppy"

"Hoppy" played guard and she was a fighter. She played the game with all that was in her and never missed a play. We are very glad she is to be with us for two more years.

THELMA WORKMAN

Thelma played both center and forward positions and played them well. She added quite a few points to the score in every game she got into. We are sorry to lose Thelma this year.

ELLA SPRING

Ella appeared in the foreground late in the season but when she did play she played hard and effectively. She was out the last of the season with sickness. Ella leaves us this year.

MARGARET ARMSTRONG—"Piggy"

"Piggy" will captain next year's team. She is an excellent forward and is a big factor in every victory. Illness prevented her from taking part in all of the games and prevented the "Annual" from securing her picture.

MARY LOUISE SELBY—"Weezie"

Mary Louise was the most aggressive player ever seen on the P. H. S. floor, either on the home team or the visiting team. She played the whole floor and was in the game "head over heels" from the first sound of the whistle to the final one. She will be with us for two more years and we are certainly glad of it.

VIRGINIA ROBINSON—"Ginny"

"Ginny" is another Sophomore. She played both guard and forward. When playing guard she was stable and could be depended upon, when forward she was aggressive.

MARY PFEIFFER

Mary was undoubtedly one of the fastest girl players to ever grace the P. H. S. Gym floor. When Mary got into the game one could almost see it move faster. This is Mary's first year on Varsity and she was quite an addition to the squad.

FERN GALFORD

Fern played forward and performed her task well. Her ability to cage the ball for points was a big benefit to the team. She also will be back two more years.

Boys' Basketball Season

This year's team just broke even, winning and losing the same number of games. Although not a large team the boys fought, and fought hard, at all times, showing clean sportsmanship and determination.

On the schedule were such teams as Greenfield, Huntington, Ashland, Chillicothe, Athens and Circleville. One of the greatest games of the season was with Greenfield, here. At Greenfield the boys were defeated by the score of 49-9, but when Greenfield came here they were made to fight the hardest game of their season to secure a 20-19 score. The season, on the whole, was favorable and next year we expect to have one of the best teams in the state. Willard Ellsesser will captain next year's team.

Girls' Basketball Season

Basketball for girls in P. H. S. is still in its babyhood. However, each year the teams are improving and winning more games. During the 1921-1922 season, the third year of existence for the team, the improvement was marked by the added interest of the school, the loyalty of the girls to the team, and the fighting spirit of the team. Never before had a girls' team possessed the "fight-to-the-last" spirit which our girls had the latter part of the season. When they went into a game they meant to win it.

The success of the team was in a large measure due to the skillful coaching of Miss Warson and Mr. McComb, who spent much of their time with the girls.

Although many of the girls on the first team graduate, their places will be capably filled by those girls on the class teams who have shown ability and aptness to learn in the past season, and the girls on last year's squad.

With more girls trained for their respective positions each year, P. H. S. need have no fear in the years to come of not having a strong, winning, girls' basketball team.

Boys' Interclass Basketball

The inter-class teams this year were a great success. The league consisted of the teams of the four different classes. Some very close and good games were played. In order to play this year each player was obliged to be up in three subjects. This made the fellows take an interest in their studies as well as in the Interclass League.

The race for the championship this year was very close, the teams finishing up in the following order:

First—Seniors.

Second—Sophomores.

Third—Juniors.

Fourth—Freshmen.

The championship team was awarded small P. H. S. monograms by the Athletic Association.

The winning team was composed of the following members: Jacques Creasy, Clyde Cunliffe, Frederick Pride, James Gower, James Miller, Clyde Berry and Howard Brehmer.

Girls' Interclass Basketball Season

The interclass basketball games scheduled for every Friday after school during the basketball season presented a welcoming climax of the week's work to the student body. The gym was always crowded to capacity with every boy and girl rooting for the representatives of his or her class on the floor.

The purpose of the interclass games is not only to entertain the student body, nor to decide the championship of the classes, but to train the lower classmen for positions in the making of the varsity team which is to represent the school in the following years. This, for one thing, explains the failure of the higher classes—the Junior and the Senior to place strong teams on the floor as a rule. Most of the better players who have been trained for that purpose in earlier years held positions on the school five.

During the 1921-1922 season the lowly Freshmen girls won the Girls' Interclass Championship. This team presented a strong lineup that had a fighting spirit and a loyalty to its class. Those girls who represented the Freshmen class and so nobly led it to the head in the tournament were Elizabeth Nye—Captain, Catherine Scott, Persis Bannon, Lucy Akers, Clara Whitworth, Thelma Dopps, and Mildred Moore.

These girls will in the next two or three years no doubt play on the varsity squad.

Track

This year promises to be a big one for Portsmouth in track. Material for the team is plentiful and the practice sessions fill the coaches with the highest anticipations. This year Portsmouth enters several meets, the tri-state meet at Ashland attracting the most attention.

As yet it is impossible to name the personnel of the team, since competition and rivalry for the various events are at their highest and no one athlete has a place absolutely assured.

The track squad is in charge of two able coaches, Coach McComb being in charge of the runners and Coach Fries in charge of the entrees for the field events. At this time we cannot give actual results, but we do prophesy the very best in the way of track athletics for P. H. S. in the coming season.

Athletic Council

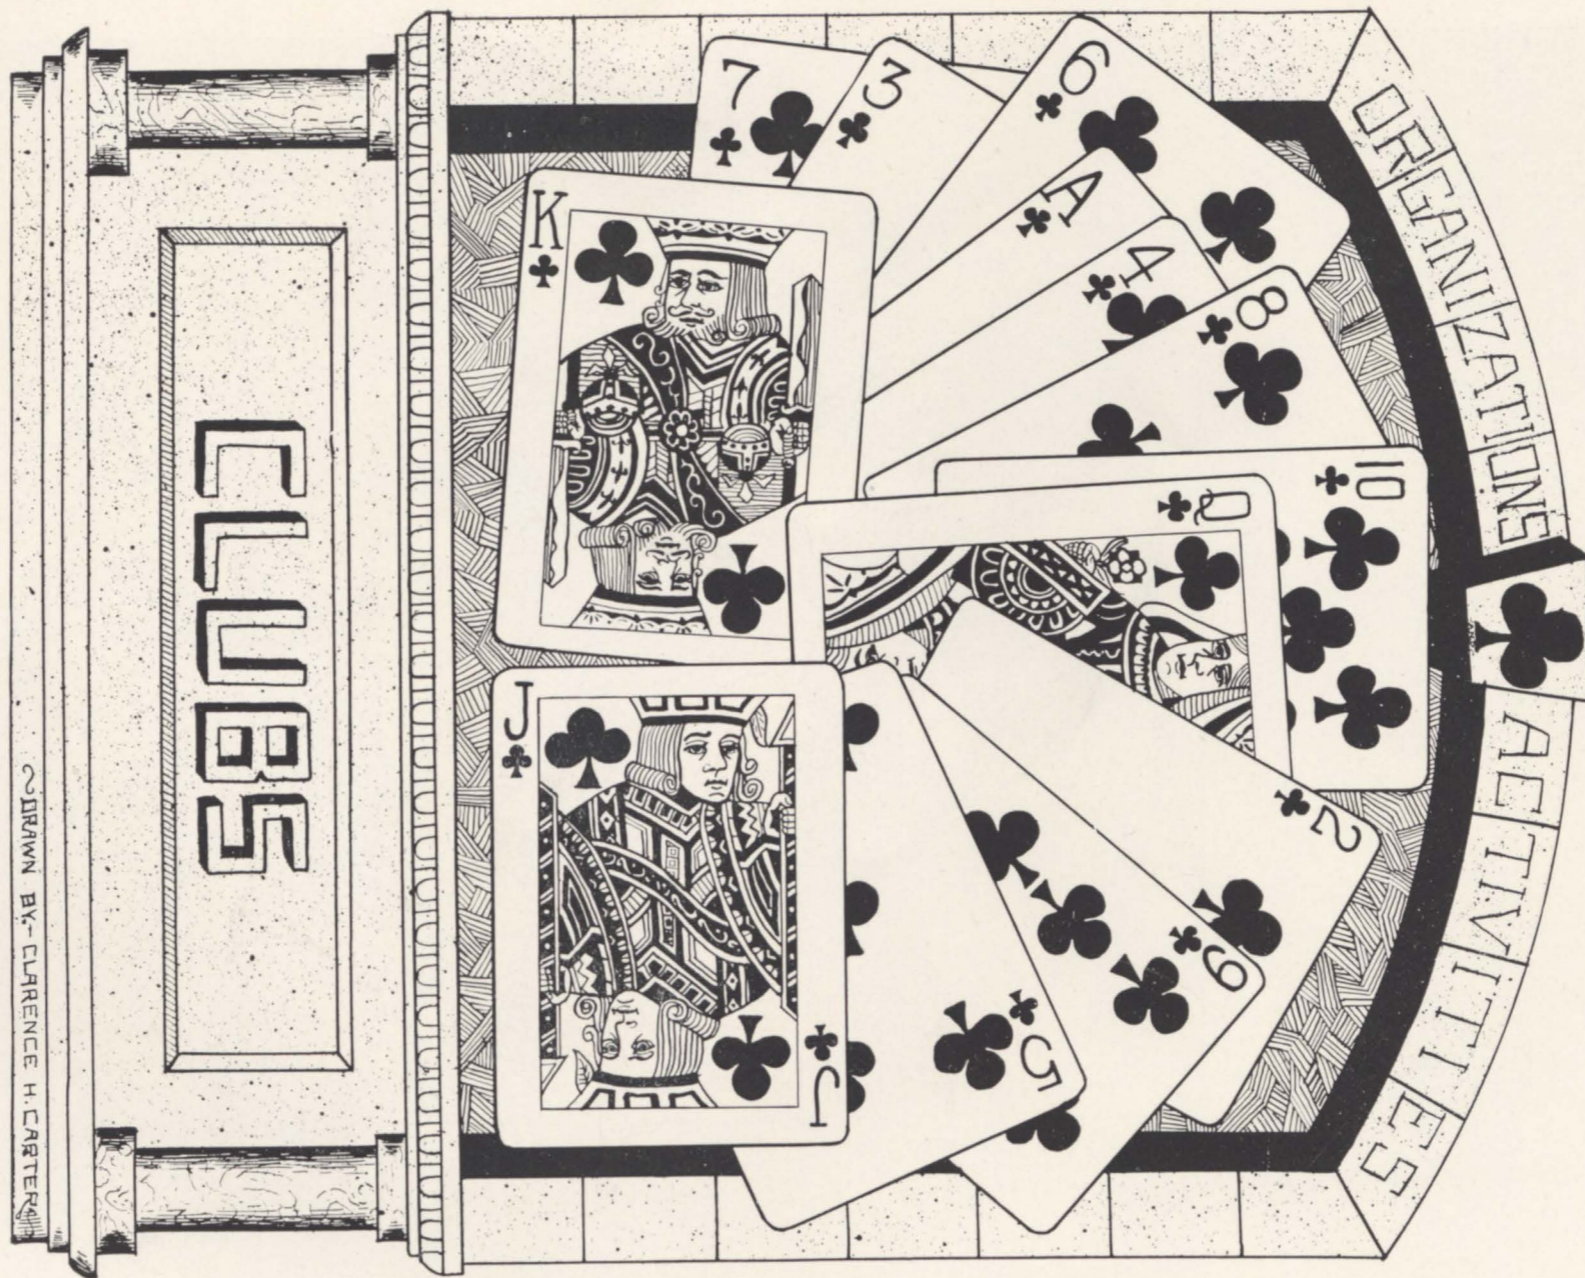

Our athletics have been ably managed and directed by the Athletic Council, consisting of ten members, elected by the Athletic Association. The school has been very fortunate during the past year in having one of the best councils in the history of the school.

The following comprise the Athletic Council:

President	Clyde Cunliffe
Vice-President	Howard McNamara
Secretary and Treasurer	Jane Bothwell
Boys' Representative	Jack Creasy
Girls' Representative	Gladys Selby
Faculty Advisors	{ Miss Welty Mr. Sieg
Coaches	{ Mr. Fries Miss Warson

DEBATING THE QUESTION OF SUPREMACY.

CLARENCE H. CARTER

~ DEBATE ~

Debating Team

Debate

"Aw! Do we haff to go to the debate? Gee! I don't wanna hear any ole dry debate. I'd rather stay in class if I haff to stay, wouldn't chu, Bill?"

Many similar remarks and protesting murmurs were heard on March third, the day upon which our Portsmouth debating team was scheduled to meet the John Hancock team of Athens, Ohio. The question was a big one, "Resolved, That Congress Should Impose a Three Percent Manufacturers' Soles' Tax," and to us as high school students, it promised an hour of boredom. But when our affirmative team, composed of

- Howard Harris
- Lawrence Kimble
- Bertha Louise Sellards
- Edward Gilfillan (alternate)

began to hammer at the proposition, and the Athens team busied itself tearing down our wall of opposition, the interest became contagious and another hour found seven hundred students staunchly and enthusiastically rooting for debates in general and Portsmouth in particular.

Keen disappointment and obvious surprise followed the announcement of the judge's decision, which, because of complicated errors was two to one in favor of Athens.

The negative team, composed of

- Ruth Lloyd
- William Plummer
- Fred Pride
- Bonnylin Copas (alternate)

which debated at Athens won a three to nothing victory, and also enviable reputations as brilliant debaters. In spite of mistakes, therefore, our teams boasted of four points and a high score.

In a triangular debate with Circleville, Logan and Lancaster, Circleville won two decisions and were thus labeled as champions in the Southwestern Ohio District, in which we were represented. As Portsmouth did not desire to lose two cups, held up as prizes, without having a chance to show that the teams had lost fairly, Circleville was challenged to prove conclusively the real champions of the district. The challenge was not accepted. Portsmouth then challenged Marietta, champions of the Southeastern District, and Circleville to a final triangular debate. Attractive inducements and pleas of a fair chance were futile and the debating season was forced to close.

However, Portsmouth High School unanimously declares that debating is enjoyable and interesting; that, as a combat in which brain meets brain it compares favorable in the allurements of emulation with our athletic contests, in which brawn meets brawn. Portsmouth is awaiting the opportunity to prove next year that it is alert and alive and, given a fair chance, it can hold its own in Ohio debating circles.

Varsity "P" Association

Varsity "P" Association

The Varsity "P" Association consists of all the letter men and women in school. It was organized in 1918 to promote better and cleaner athletics, and to make the letter given to athletes mean more to the letter-winner and to the student body.

The officers for the past year were:

President—Jack Creasy.

Vice-President—Frederick Pride.

Secretary and Treasurer—Clyde Cunliffe.

The present members are:

Football—Jack Creasy, Frederick Pride, Clyde Cunliffe, James Gower, Raymond Moritz, Thomas Brock, Everett Wallace, Carson Barklow, Olin Manning, Frank Koegle, Donald Phillips, Willard Elsessor, Ralph Monk, Albert Brant, Will Ray Campbell.

Girls' Basketball—Gladys Selby, Thelma Workman, Mary Pfeiffer, Margaret Armstrong, Mary Louis Selby, Helen Hopkins, Virginia Robinson, Fern Galford, Ella Spring.

Boys' Basketball—Carson Barklow, Albert Brant, Donald Phillips, Willard Elsessor, Ralph Monk, Clarence Flowers, Charles Mills.

The Minstrel

On the nights of March 1st and 2nd the male students of the High School presented the "Black and White Frolics," a mirth-quake in six shocks, to two highly appreciative audiences. The minstrel was directed by an agent of the John Rogers' Producing Company. Scenery and costumes of the latest design were used, adding much to the effect. The songs and jokes were all new and were received with rounds of applause by the audience.

The olio, consisting of five parts, namely: "Russian, the Kanski"; Comic Monologue, "Death of Eva," a negro skit, "Jobs," and the "Ragtime Wedding," ending with the Grand Finale, completed the best minstrel ever presented in this city.

The cast was the best to be had, having been carefully chosen from the whole school. The music was furnished by the High School Orchestra, directed by Mr. Foster Krake, musical director of the school.

The proceeds, which reached a handsome sum, were used to purchase a phonograph and a supply of records.

Minstrel Show

The "Revellers"

"Always Ready," the motto of the class of '22, explains the origin of the "Revellers." In April of '21 the Junior class met to organize a dramatic club under the supervision of Mrs. Eccles. The purpose of the organization is to develop and foster interest in dramatics and public speaking. No attempt was made to present any plays until fall. A meeting was then held, at which Gladys Selby was elected President; Vivian Scott, Vice-President, and Richard Maddock, Secretary and Treasurer. In October a tryout was held for the first play, "Nothing But the Truth." Rehearsals were started immediately, and the play was presented with great success on December 2nd and 3rd.

The following cast took part:

Mr. Ralston	Spencer Schwartz Howard Harris
Mrs. Ralston	Gladys Selby Eva Morgan
Gwen	Maude Wilson Ruth Millard
Ethel Clark	Page Geer Bertha Sellards
Mabel	Oleta Albertson Dorothy Goetz
Sable	Gertrude Hood Jane Bothwell
Martha	Dorothy Freund
Bob Bennett	Arthur Rosenthal Fred Pride
Dick Donnelly	Charles Hall Jack Creasy
Van Dusen	Richard Maddock Vivian Scott
Bishop Doran	Kenneth Schloss Howard Herdman

The "Revellers" is well represented in this year's Class Play. We, the Seniors, hope that our influence will last long after we are out of school; and that the membership of the club will increase rapidly.

Revellers

O. G. A.

O. G. A.

The O. G. A., or Order of Gregg Artists is one of the most active and enterprising clubs in P. H. S. There are about eighty members in the club who, to win their membership, obtained a certain efficiency in Stenography. During the school year this club has held many interesting meetings besides its social events. The O. G. A. Carnival, held in the High School gym, October 26, for all High School students, was a decided success.

At the first meeting, held early in September, the following officers were elected:

President—Kathryn Elliott.

Vice-President—Jimmie Gower.

Secretary—Howard L. McNamara.

Treasurer—Bernice Doll.

Executive Committee—Mary Pfeiffer, Juanita Faught, Howard Harris.

The success of this organization was due largely to the efforts of Mr. Leach, the originator of the club, with the cooperation of Miss Hall and Mrs. Eccles, honorary members of the Club.

The Junior Literary Society

Early in the school year a new organization appeared in P. H. S.—the Junior Literary Society. This society, the only literary organization in the school, is composed of forty-one members. The officers are as follows:

Virginia Carroll, President.

Willard Ellsesser, Vice-President.

William Tripp, Secretary-Treasurer.

Miss Hall, Faculty Member.

The object of the society is a double one—to perpetuate a literary society among the Juniors and to encourage sociability. For a mere infant, the society is lusty and strong.

Junior Literary Society

Do Sha Kai

Do Sha Kai

In 1915, under the direction of the Portsmouth Y. W. C. A. the Do Sha Kai was organized in P. H. S. The membership has increased each year and we hope that it will continue to do so from now on.

The purpose of this club is "To create and maintain among High School girls Christian Ideals of womanhood; to help each member to be her best self; to promote true friendship and democracy throughout the school; to have the right kind of a good time; to engage in definite social service and learn the meaning of true citizenship." The motto "Be A Friend" should inspire all girls in P. H. S. to live up to the purpose of Do Sha Kai and to take interest in all of the activities.

Before Christmas two service meetings were held in the serving room of the school and the girls responded loyally. A large number of tarlatan socks were made and filled for the Community Service to be hung on the trees of poor kiddies when Santa Claus came. This shows the true spirit of P. H. S., which should be developed by just such organizations.

The officers for the past year have been:

President—Oleta Albertson.
Vice-President—Ruth Lloyd.
Secretary, Utella Wood.
Treasurer—Helen Hopkins.

The Do Sha Kai shall always be remembered by the class of '22 as only the greatest success can be wished such a society.

D. F., '22.

Freshman Plays

Miss Graham's Freshman English classes have produced two delightful one-act plays in Chapel periods. The first of these was "Rip Van Winkle," a dramatic presentation of the story of the Catskills by Washington Irving. The parts of the play were ably taken by James Duduit, Herbert Rice, William Plummer, Beulah Jones, Eloise Boswell, Henry Goldstein, Austin Sprague, Richard Herms, Charles Ogier, George Boehnker, Irma Brunner, Marvin White, George Perkinson, Jane Carlyle, Ruth Haney, Elizabeth Nye, Dorothy Phillips, Garnet Scott, Inez Slatil, Virginia Stewart, Edna Tracy, Marie Trowbridge, Elizabeth Wykoff and Helen Yeley.

The other play given was "The Spectre Bridegroom." This play vividly presented life in the middle ages, the barons, the knights, and the ladies of the castles. The members of the caste were: David Morgan, Howard Zeisler, Florence Lane, Margaret Linn, Louise Bradshaw, Thelma Resler, Walter Kirsch, Ruth Withers, Jean Foster, Elizabeth Goodman, Grace Fitzer, Carl Elberfield and Richard Blake.

The Class Play—1922

Class Play

"Pomander Walk," a romantic comedy in three acts by Louis N. Parker, was chosen by the Senior Class for this year's Class play. The play, under the direction of Mrs. Eccles, was presented the evenings of the twenty-fifth and twenty-sixth of May with a different cast each evening. The casts were:

John Sayle, 10th Baron Otford	Spencer Schwartz
Lieut. The Hon John Sayle	Richard Maddock
Admiral Sir Peter Antrobus	Frederick Pride
Jerome Brooke-Hoskyn	Howard Harris
Rev. Jacob Sternroyd	Clyde Cunliffe
Mr. Basil Pringle	Howard Herdman
Jim	Kenneth Schloss
Mlle. Marjolaine Lachesnais	Arthur Rosenthal
Madame Lucie Lachesnais	Karl Seiling
Mrs. Pamela Poskett	Clyde Perry
Miss Ruth Pennymint	Vivian Scott
Miss Barbara Pennymint	Charles Hall
The Hon. Caroline Thring	James Gower
Nanette	Raymond Lemon
Jane	Agnes Smith
Muffin-Man	Ruth Millard
Eyesore	Gladys Selby
Lamplighter	Oleta Albertson
	Gertrude Hood
	Page Geer
	Aileen Weidner
	Maude Wilson
	Dorothy Goetz
	Bertha Louise Sellards
	Jean Cole
	Lucille Slagle
	Dorothy Freund
	Ruth Donaldson
	Jane Bothwell
	Georgia McCord
	Grace Ruark
	Charles Mills
	Frederick Morrow

Junior-Senior Banquet

This year an old custom at P. H. S. was renewed when the Junior class invited the Seniors to attend a Junior-Senior Banquet. Of course the Seniors accepted (they never refuse anything that sounds like eats) and the enjoyable affair came off on Friday, June 2nd, at the Elks' Club.

After "some splendid feed" and "some splendid (?) toasts," there was real entertainment with Davison's Orchestra, and "they called it dancing"—no, they didn't all try it; quite a few were entertained by pastimes more innocent, but calling for more "gray matter," such as cards, tiddle-de-winks, etc.

It sure was "one grand affair," and when it finally came to an end, each fellow took his girls (?) and they all went away convinced that they had just left the grandest party of their life.

Twins Picture. Which is Which?

Lecture Course

This year the High School combined with the elementary schools in presenting the annual lecture course. The different companies appearing on two successive nights and the plan of the course made it possible for one to attend either night. The course this year was not the success it has been in former years and it was necessary to bring another number to Portsmouth in order to cover the deficit.

However, the course this year consisted of some of the best companies and lecturers that have appeared on the local stage. The climax of the course was the nationally known Impressario Company, which is recognized as one of America's best companies in the presentation of the light opera.

Those who patronized the course were completely satisfied and were enthusiastic in their praise of the entertainers. Next year another court will be presented and it is hoped that it will receive better support from the student body and the public at large.

Spanish Play

One of the most interesting chapel periods of the year was that in which Mrs. Kyle's Spanish classes presented a Spanish play. The play, a one-act comedy, was written by Mrs. Kyle.

The characters were:

Senor Martinez	Spencer Schwartz
Senora Martinez, his wife	Ruth Millard
Carlos Martinez, their son	William Plummer
Mr. Percy Mumbleson	Arthur Rosenthal
Mrs. Mumbleson	Page Geer
Angela Regina, their daughter	Grace Ruark
Senor Lopez	Roscoe Cooper
Senorita Lopez, his daughter	Ruth O'Leary
The waiters	Raymond Lemon
	Sylvan Jackson
The Spanish dancers	Mildred Hughes
	Sarah Louise Walker
	Ruth Donaldson

Here and There

Freshmen can cause no end of trouble. They have been the cause this year of the Seniors reciting in the Public Library Building. Crowded conditions in P. H. S. have made it necessary for this step, until the new addition to the High School is completed. However, the rooms in the Library are admirably suited for the purpose, and the Senior English and History classes which recite there suffer no discomfiture or hardship.

— o —

The second annual Letter Winners' Banquet was held on April 21, at the United Brethren Church. The church was beautifully and artistically decorated with the "old red and blue." Shaded candles lit up the tables and dainty place cards marked the places of the hundred persons who attended. Music was furnished by a school orchestra.

A delightful chicken dinner was served by the ladies of the church, after which toasts were given by some of the ardent backers of school athletics.

Captains were elected for the coming season and the results were as follows:

Thomas Brock—Football Captain.

Willard Ellsesser—Boys' Basketball Captain.

Margaret Armstrong—Girls' Basketball Captain.

The newly elected captains gave short talks when the results of the elections were announced.

— o —

In the list of organizations it is only fitting and proper to include the detention room, founded in 1920 by Mr. H. H. Eccles, having headquarters and meetings in 109, 209, 313, 304. Judging from the wide patronage accorded the organization it must meet with considerable favor with the student body. It is unnecessary to state that attendance is compulsory. Membership is rapidly increasing and now the roll contains a goodly number of names. At the outset one room only was utilized, but now four are necessary to comfortably seat the membership at their daily meetings.

— o —

The Christmas Program this year was furnished by the Cicero classes, taught by Miss Banta. The play, given in Latin, was very favorably received. A large caste was used and all took their parts exceptionally well.

Snapshots About P. H. S.

Jokes

Why did B. S. look for Howard, when Foster Krake played in Chapel, April 21? (See Calendar in Annual for answer.)

H. H. (seriously): If you're "pinched" don't give your right name."

Who was the Freshman that asked for a ticket to Chapel? Courage, son, you will learn.

Mr. Eccles (in Chapel): "I would like to own one of the High School Annuals of 1907, because there are pictures in it of people I know now. They look so funny."

Miss W. (in Economics' class): "What grows on a sheep's back?"
Bright Junior: "Fur."
Freshman Girl to Librarian: "Can you please tell me where I can find Benjamin Franklin's autobiology?"

Miss R. (in American history): "In Massachusetts they voted by ayes and noes."
Senior: "Eyes and nose? How on earth could they do that?"

Senior (studying American history read the following): Massachusetts, alone, has imported 15,000 hogsheads of molasses. Suddenly he asked with a very earnest face, "What does this mean 15,000 hog sheds of molasses?"

Miss R.: "I want all of you to read in last month's 'Scribners' an article called 'Washington Captain of Industry'."
Jane B.: "What does she mean? I never heard about Washington's Capture of India."

A little girl from the country was intently watching a few dignified Senior girls. When the child saw the girls' ear puffs she exclaimed, "Oh, mother, they've got bustles on their ears!"

H. H. E. (in Chapel): The gentle name of "Kittens" was given to the visiting basketball team by their friends and supporters.

History Teacher: "What is a guillotine?"
Pupil: "A jelly-like food."

Miss R. (In history): "Who was John Brown?"
K. S.: "John Brown was a noted anti-slavery man, who shot five slavery men in the middle of the night."

M. H. (in Economics): "A poor woman tries to dress l-l-l—"
Mr. Butler: "Well, let's hope she does."

With such a splendid teacher a few members of the Freshmen Class are confident that they will be able to recite the entire Bible by the time they graduate.

Coach: "I hear that the fashion for men this year is to wear clothes the color of the hair."
Fleety: "Great Scotts, what will I do?"

Teacher (in physics): "What is the best conductor of electricity?"

A. R.: "Why-er-er—"

Teacher: "Wire is correct. Now, what is the unit of electricity?"

A. R.: "What?"

Teacher: "Splendid! I wish everyone could recite like that."

— o —

Mr. Leach (in business law): "If the coach would resign it would take quite a large man to fill his shoes. If the School Board could not find such a man, what would they do?"

M. P.: "They would have to get smaller shoes."

— o —

A. C.: "Your pompadour must be annoying."

Fritz M.: "Oh, it is next to nothing."

— o —

H. H. E.: "Has your son Charles been studying any this week?"

C. H.: "I don't know. My car has been out every night this week."

Dick M.: "I dunno. I'm studyin' Latin not agriculture."

— o —

English Teacher: "Which is correct: A herd of camels, or a drove of camels?"

Clarence B.: "I always thought they come in packs."

— o —

Freshie: "Haw, Haw! That's a good joke on you."

Senior: "What's a good joke on me?"

Freshie: "That's not your hat yer sittin' on. It's mine."

— o —

Mother: "Ed, I wish you would give your son Howard a talking to. It's about time he was choosing a career."

Ed.: "Judging by the hours he keeps, I thought he was studying to be a night watchman."

— o —

A. V.: "So Smith and his wife expect to keep peace?"

S. U.: "Yes, they have agreed to scrap her biscuits."

Ain't Nature Grand

A local teacher boxed the ears of a pupil a few days ago. The boy told his mother, and the next day the teacher received the following note: "Nature has provided a proper place for the punishment of a boy and it is not his ear. I will thank you to use it hereafter."

B. D.: "I like your cigarette holder."

H. Mac.: "Why, I never use one."

B. D.: "Don't be so dense."

— o —

B. L. S.: "Did you ever read 'Kant'?"

H. H.: "No, but I have read 'Don't for Young Girls.'"

— o —

A. W.: "Did you take gym last year?"

V. D.: "No, I liked Harry so much better."

— o —

Father: "I have at last thought of a job I think you would like."

Jim G. (disgusted): "What is it?"

Father: "A lineman in a wireless telegraph company."

— o —

Photographer: "Look pleasant, please."

Jack C.: "I can't. I'm captain of the football team."

— o —

L. W.: "Where is that quarter you owe me? Have you forgotten it?"

H. B.: "Not yet, but give me time."

To Serve

To serve the residents of this city with electricity for light, heat and power is our job.

It is a big job, too, you'll admit. For it means that there must be light, heat for the ironing and cooking, power for the cleaning and washing—electricity ready to perform any household task, "on tap," whenever it is wanted in your home.

It also means that there must be light, heat and power sufficient for the needs of the factories of this city when they want it. And the stores, offices, churches and public buildings must be supplied, too.

Some Job, isn't it?

But we have no complaint to make; we like our work. We have a loyal, earnest and happy organization of men and women here—working to serve you.

We want your patronage—must have it, in fact—but we also want your friendly good will.

The Store of Quality

This store grows because we are continually giving unusual qualities for the prices; because the assortments here are largest in town in the lines we carry; because our customers know our prices for the qualities are right and no time is wasted "beating down the price," because people read our ads and believe them. This fact is easily proven by the crowds after each special announcement; because we are doing everything in our power to improve this store—to make it the most popular shopping place; because anyone is welcome to visit these departments, see the new goods and stay as long as they wish. No one urges you to buy; because our customers show their purchases to their friends which makes new customers for us.

ACHIEVEMENT

The goal of every ambitious man and firm is typified in the rapid growth of the *Jahn & Ollier Engraving Company*—the universal esteem in which their art and plates are held by the large national advertisers—and the enviable reputation for prompt deliveries which they enjoy.

Delivering this same high quality and careful personal supervision to schools has built up for us the largest college and high school annual engraving business in America—400 books yearly.

Thirty thousand square feet of floor space (4 floors) and over two hundred and fifty skilled employees are required to meet the constant demand for "J&O" commercial photographs, art, color process plates and photo engraving (one complete floor is devoted to color process work).

Intelligent supervision of all work by many skillful office service men eliminates your troubles. *Sales service men sent everywhere*

Lament of a Senior

They say I have ability;
These teachers, dear, of mine,
My lessons should be excellent,
My work should be just fine.

I think the teachers ought to know
And so, I feel quite proud;
Assignments I recite to them
In voice both strong and loud.

But, when the month has rolled around,
My card I do receive;
I look, I sigh, I look again
And then can scarce believe—

All former praises are forgot
And, far as I can see—
The card this theory justifies,—
They all just pick on me.
