THE MORE THINGS CHANGE

As editor of this year's *Senatorian*, I needed to choose a theme. We are West's fiftieth graduating class, so the fiftieth year celebration was a thematic feature I wanted to use. But how was I to take the experiences of West students over the past fifty years and find a common bond?

Although much history separates us, our school history is our shared experience.

Old yearbooks revealed a shared interest in music, friendships, fun, and sports. We had studied almost all the same subjects, in almost the same way.

Some things have changed, but I felt that "The more things changed, the more they stayed the same. "I HAD FOUND MY THEME."

I want to thank everyone who allowed us to use their cherished photographs and memories.

Mr. Gillette and

THE MORE THEY STAY THE SAME

his wife, Mary, wrote a splendid letter. I decided to use it in its entirety. They made our beginning days as a high school sound so challenging.

I know that those of you who read the Gillettes' letter will feel the same respect and admiration that I do for all those early teachers, students, and board members who had the will to persevere in less than ideal conditions.

As you go through this yearbook, you will encounter some of those people who were in on the beginning. In 1969 we moved from Washington High to a

new building. We became the Portsmouth West High Senators. Lately, the name "Siders" has become a part of our tradition. But Siders, or Senators, we are still proud!

FROM WASHINGTON RURAL HIGH SCHOOL

In the mid-thirties when students finished the eighth grade, they needed to travel to Portsmouth each day as tuition students if they wanted a high school education.

The hardship of travel and tuition in these depression days was a bit too much for many, and their formal education ended with graduation from the eighth grade.

Under the leadership of County Superintendent Edward O. McCowen, three townships were joined to form the Washington Local District, and plans were made for a rural high school. Contracts were let and work began.

When the first faculty was called together in September 1939, the high school building was incomplete. The teachers were sent home to return the first of October.

When they returned in October, the building had no water, no restrooms, no furniture, no heat and few textbooks. The teachers did what necessity required. They asked students to sit on the floor, turned to the new blackboards, and with chalk in hand, taught "out of their heads." They started. They improvised. They unpacked furniture as it arrived, uncrated textbooks, and taught six days a week to make up for the late start.

As fall and winter came, teachers brought kerosene heaters from home to

Russell B. Christian, a legend in the annals of West athletics, coached the 1940 basketball team to an S.O.C. title and tournament play. In baseball, a 7-2 record tied the team for second place in the county. Also in 1940, Mr. Christian began the first golf team. His team of four traveled to Athens, Ohio for competition. The newest and smallest school competing, West was proud to be ranked fourth.

The following is excerpted from a letter sent to the staff from Mr. Christian's wife, Marjorie:

"How kind of you to pay tribute to Kris in the yearbook. If he's watching (and I feel that he is), he will be so proud.

I snapped this photo of Kris, and he developed it. In the post-WWII days, he "dabbled" in photography which he learned while serving in Special Service.

Kris' happiest days were spent at Washington High School. He was a member of

the staff from its inception in 1939, also its first coach. The day he returned from WWII, he could hardly wait to go over to the high school.

I'm happy knowing that many students feel that Kris had impact on their lives."

banish chill in their classrooms. Out-houses stood a distance from each end of the lower hall, and boards spanned the construction mud to them.

Each morning, Mr. Frank Rolf, the high school administrator, would tour the building, checking construction progress and noting what next needed to be done. Great piles of dirt lay roundabout, and at first, one wall was missing on the south wing. Slowly the building took shape.

No central inter-coms was available. Runners took notes to and from the central office, and a handbell was rung in the lower hall to indicate class change times.

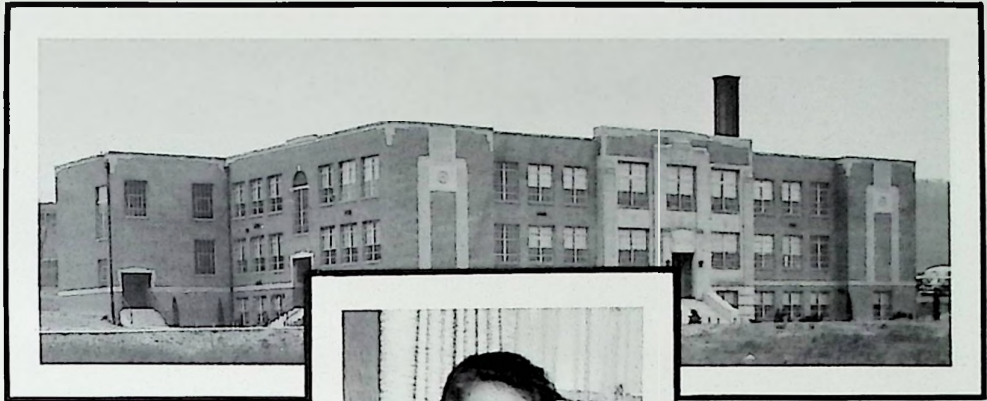

As soon as the gymnasium could be used, Russell B. Christian started basketball. Most players had never handled a basketball before, but in a few short years the Senators were winners in area play.

No music teacher was available. Mr. John Daulton, a science teacher, met before school with a chorus that sang for school functions that first year.

The high school was staffed that first year with district teachers from the elementary schools and other area teachers who qualified at the high school level.

The rest of school personnel includ-

Under the direction of Principal Frank B. Rolf, the first-year high school was granted a six-year charter, received ratings in the State scholarship tests, organized clubs and an athletic association second to none in the county. Mr. Rolf retired in 1962 as Executive Head of West High.

ed: Frank Rolf, principal; Lillian Davenport, English; Marguerite Rapp, Latin, French, Biology; Mary Bennett, Commercial; Edna Jolly, Home Economics; Russell B. Christian, Daulton, Coach; John Daulton, Physics and Manual Training; John Stamm, Science; Phillip Daulton, Mathematics.

Two of that first-year faculty are still living in Scioto County. They are Mary Bennett Gillette and Edna Jolly.

The second year found the furniture in place and a fine inter-com installed. Water was still a problem, and the out-houses were still needed.

Twenty-eight new band instruments were purchased and loaned to students who ranked highest on the Seashore Test of Musical Aptitude. Other students whose parents had purchased instruments joined them, and the high school band numbered forty-five members. The first concert was given before the student body, and the second at Steelworkers Hall in New Boston.

During the first year the high school was in operation, district seniors could elect to finish their work at Portsmouth High School or attend the new school.

Eleven students chose to attend Washington Rural High School that first year to complete their senior year. They were: Nile Davis, Lee Evans, Doris Fawns, Clarence Henderson, Paul Hopkins, Robert Lowe, Ray Mauk, Carl Myers, Elbert Peed, Eloise Risner, and Carless Stepp.

Bessie Greene, one of the original school board members, is now in her eighties and still active in community affairs. After retiring from the board in 1961, she worked until 1973 for Judge Paul Fowler in the Court House.

Members of the board of education represented the three townships comprising the jointure. They were: George Jenkins, President; Roy Cunningham, William D. Evans, Ellison Ladd and Bessie Greene, Clerk-Member. Two members of that board are still living in Scioto County. They are Bessie Greene and Roy Cunningham.

Data furnished by Dale Gillette, Scioto County Schools Superintendent Retired.

ACTIVITIES

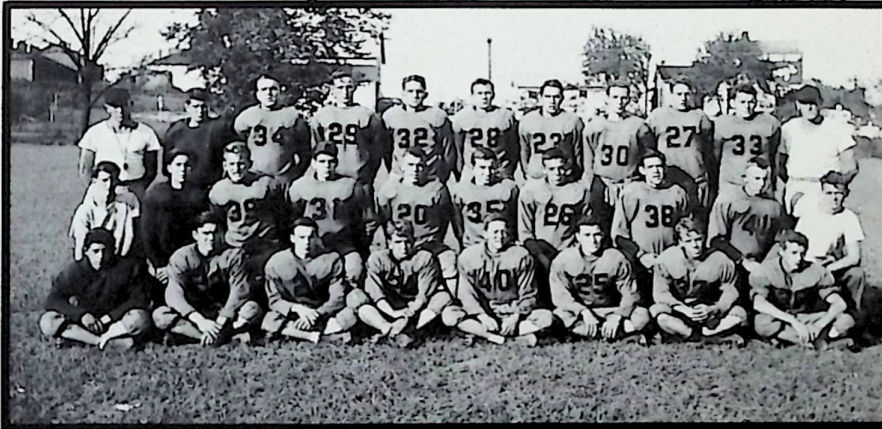

Harold "Monk" Everling
1946-60

In 1946, six years after its opening, Washington High School fielded its first football team, under Coach "Monk" Everling.

We asked Mr. Everling, now a resident of Florida, to share with us some memories of the first year of football at Washington High.

Headlines for the team's opener against McArthur read, **SENATORS DROP 12-6 OPENER ... WASHINGTON BOYS GIVE McARTHUR TOUGH BATTLE.**

Well, that was the beginning, and Coach Everling adds more details about that year in his letter printed below.

The Football Senators of 1946: Row 1 — B. Gilkerson, H. Bradshaw, B. Moriarity, B. Dameron, D. Keene, J. Blevins, B. Toms, S. Wessell. Row 2 — F. Cox, Mgr., W. Puckett, D. Staggs, J. Bazler, C. Mowery, J. Craycraft, E. Mitchell, B. McGinn, B. Barnett, D. Entler, Mgr. Row 3 — Coach Everling, A. Journey, C. Ratcliff, M. Grice, G. Knauff, J. Woods, S. Hopkins, H. Howard, D. Chandler, G. Parry, Coach Christian.

Coach Everling's letter:

That first year, fall 1946, is one I will never forget. I called a meeting with the boys who thought they wanted to participate and got 23 boys, freshmen through seniors.

The budget for football was very small. Administration had no experience of the cost of fielding a team, so we had to get along on the bare essentials. We used the same pants for games that we used in practice every day. When game day arrived we issued jerseys with numbers, and the boys really got excited. The first time we dressed for practice, half of the boys had to be shown how to put on the padding. Almost everyone put his pads on backwards.

Our first WIN was at West Liberty, Ky. We left early Friday morning on a school bus. Each boy brought a sack lunch, and the school provided soft drinks. We ate at a rest stop along the highway. A few "fans"

attended, mostly concerned parents. We won 6-0. The boys thought, "Hey, we have a good team!" (It was West Liberty's first year also, and I knew what we were in for.) We lost all remaining games that first year, and all the games the following year. Our third year was a little better — we won three.

At the beginning of the "fifties", we won 23 straight before being defeated by Waverly, our bitterest rival outside of New Boston.

Looking back on those early years, I really have great respect for the boys and cheerleaders who were a part of our football program. Not a team in our league played under such adverse conditions.

For three years we played our HOME games away from home on the New Boston field. West had only a practice area, hard as concrete, inadequate dressing facilities, a shortage of equipment and first aid material. Coach Christian was my only assistant.

The experience I received and my associations with the boys who took part in the program will always be with me. They had a big impact on my life and the career that followed.

Congratulations on your 50th!

Carr's "Egyptian Love" Float Wins First Place

Andrea Carr represents Portsmouth West in the 1989 River Days Festival. Andrea's mom

came up with the idea for the float, and the whole family worked for weeks on the fine

details. Their efforts paid off with a winner!

Andrea's proud dad displays ribbons and trophies.

Colorful West band adds sparkle to the day's festivities.

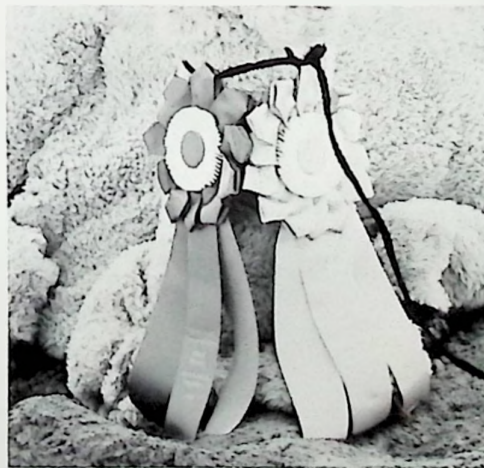

Queen Andrea says, "My favorite part of the pageant was meeting the other contestants, but the whole experience gave me an added sense of maturity and responsibility."

PROM MAGIC

Junior class sponsor, Linda McGraw, and the juniors, honored the seniors with a prom held at the Elk's Country Club. The theme, **MAGIC IN THE CITY**, was carried out with black and silver buildings, and hosts and hostesses dressed as magicians and bunnies. MC for the

evening was Tim Shepherd. Seniors, Herb Davis and Robin Riddle, were crowned Prom King and Queen. This year's gala was just a bit different from the prom held fifty years ago, where students danced at the old Rendezvous and rounded out the evening playing Chinese checkers.

Hours of practice with trivia, team work, and cold hard facts pay off. Thanks to the push from co-advisors Vicki Evans and Mark Rose, the quiz bowl team enjoyed a successful season. The personal rewards of being on the team were more than high scores. Team members learned about getting along with others. They met and made friends with students throughout the county, and they got to know and work with the younger members of their own team.

Dear Senatorian Staff,

I have many fond memories of my school days at Washington High.

Our coach in basketball and baseball was Russ Christian who helped all of us. We had very good baseball and basketball teams.

High school is a person's greatest time, and it's wonderful to be a part of high school sports. Many of the things I learned in high school helped me in my baseball career.

One of the greatest thrills of my baseball career was playing in two World Series — in 1952 with the Brooklyn Dodgers, and in 1960 with the Pittsburgh Pirates. We lost in 1952 to the Yankees, but in 1960 we beat the Yankees.

Thank you for asking me to share this 50th anniversary celebration with you.

Yours,
Glenn "Rocky" Nelson

Football is one of the best taught subjects in the American high schools. Players are given theory and hours of practice in that theory.

They make dozens of split second decisions that will be immediately "graded" by thousands of people.

They must learn a "kind" of foreign language and be able to speak and understand it.

They must maintain excellent physical conditioning while satisfactorily completing a full academic schedule.

Football is a subject we do not try to make easy. The more difficult the game, the more strict the coach, the harder the player works.

Indeed, the more a player sacrifices, the prouder he is of having been able to endure.

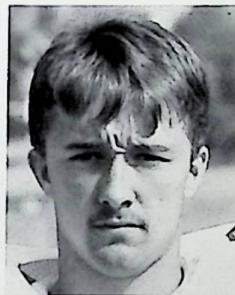

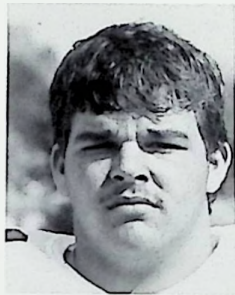

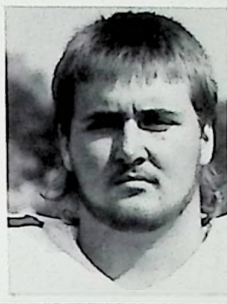

Football is the kind of challenge a player needs. He wants to work hard at something so that when it is finished, he can respect himself.

Of course, the game is glamorous. One would be foolish not to see that. But one would be extremely foolish not to see more.

If and when we learn to make the academic subjects as difficult, challenging, and exciting as football, perhaps we can make them as glamorous.

Students need to be made to work and to think as hard in their academic classes as football players are made to work and think on the football field.

STAFF

Mr. Roy Cunningham

The consolidated school system of Washington Township was made possible by the combining of three townships — Nile, Lower Nile, Washington — into one.

Mr. Roy Cunningham, of Stout, Ohio, was a member of the first Washington Local Board of Education, faithfully serving the district until 1946.

Now in his nineties, Mr. Cunningham is still a venerated member of the community. We salute him for his lifetime effort on behalf of education.

Fifty years ago, Mr. E.O. McCowen was the Superintendent of Schools, Mr. N.B. Potts, the Asst. Superintendent. The original School Board members were Geo. F. Jenkins, W.D. Evans, Ellison Ladd, Roy Cunningham, and Bessie Greene, who like Mr. Cunningham, is still active in community affairs.

SOPHOMORES

"Sophomores Are Sensational," "Class of '92 ROX," are enscribed on sophomore notebooks, but what are we really like?

Well, this year, sophomores are luke warm about grammar, but they think Mr. Conrad and World History are "hot." Most of us like to party on weekends, listen to "Don't Close Your Eyes" by KIX, and watch "Bill and Ted's Excellent Adventure" and "Batman" at the movies.

But the main event of the year is our turning "16" and finally getting that driver's license. Nothing is better than that.

It's great not being the "youngest kids at school" anymore, and it is true . . . Sophomores are sensational.

UPPERCLASSMEN AT LAST!

JUNIORS

One of the first things we learn as juniors is how to deal with separation. Many of our classmates have gone to VoTec leaving a real void in our lives. When we do see them, we have much catching up to do.

Next we learn to be fund raisers. We must earn money to sponsor the junior/senior prom, so we have to sell, sell, sell to send the seniors off in style.

Many juniors have part time jobs after school, so with homework, extracurricular events, ACT/SAT tests, and making choices about careers and colleges, we are busy.

A feeling of maturity develops in the junior year. We become more comfortable with ourselves, and we enjoy our parents' trust as they allow us to use the car and go out with friends.

I'd say being a junior is very special — especially at PORTSMOUTH WEST!

SENIORS

1939-40

W.R.H.S. GRADUATES

Seated: Ray Mauk, Doris Fawns, Eloise Risner, Lee Evans. Standing: Carl Meyers, Clarence Henderson, Paul Hopkins, Carless Stepp, Robert Lowe, Nile Davis, Elbert Peed.

Lines from a class poem in the 1939 Senatorian read "Farewell to the seniors, eleven in all/ Who won't return to school in the fall ..."

Fifty years ago they said farewell, but this year former classmates, Doris Fawns Coy and Carl Meyers returned to their alma mater for the 50th Anniversary Alumni celebration.

Carl said, "It's funny how the years filter out memories. I can't

realize that 50 years has passed. One thing I recall is that when we had a class play, we had to search for a play with only eleven characters. We had eleven in the class and eleven were in the play."

Doris remembers what a busy year it was for her. "The principal didn't have a secretary, so I got to work in the office. Working there actually gave me confidence to work in the outside world."

Carl and Doris both smiled about the school's outhouses. Carl laughed, "When the bell rang, we ran outside and got out our package of Buglar tobacco. So much smoke rolled out, it looked like a fire."

Other things they remembered about the school in '39 were that they had good athletes and four years of Latin were taught. The senior class colors were gold and purple, and as a parting gift to the new school, the senior class donated shrubbery for landscaping.

The 1989-90 Senior Class of Portsmouth West High School proudly salutes the first graduating class of the Washington Rural High School. We are honored to be a part of the tradition they started fifty years ago.

SENIORS READY FOR THE FUTURE

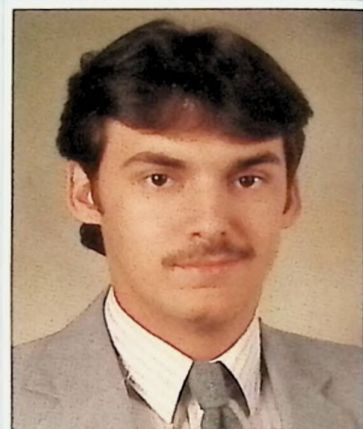

Finally we are seniors. For twelve years we have shared classes, activities, clubs, and friends. We have woven memories to last us forever. Now we must move on.

High school has taught us to compete in academics and sports. We have worked in our churches and the community. Many of us have held part-time jobs, and some have even taken college classes. We have tried to prepare for the future.

From here the future looks challenging. The world needs people who want to make a difference. In high school, pride and spirit became a stable part of our lives. If we tackle the future with spirit, we know that we can help to make a better world.

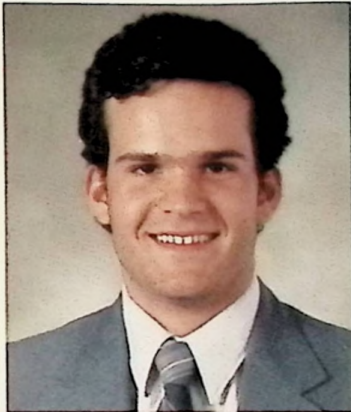

In another fifty years, let us hope that seniors will look back at the Class of 1990 and see that we met the challenge.

Petite and gracious, Mrs. Mitchell filled the room with an intellectual alertness that commanded the respect of every student.

AMY MITCHELL NATIONAL HONOR SOCIETY

In 1940 Amy Mitchell came to Washington High School from the Sciotoville schools.

In 1942 she organized the Senator Chapter of the National Honor Society. Mr. Rolf, the principal, named it the Amy Mitchell National Honor Society.

Mrs. Mitchell's pride in her students was merited. Year after year, her pupils ranked in the scholarship tests given by the state.

After many weeks of preparation, more than one Washington Senator ranked in the Top Ten in Ohio. On one occasion, eight West students ranked in the Top Ten.

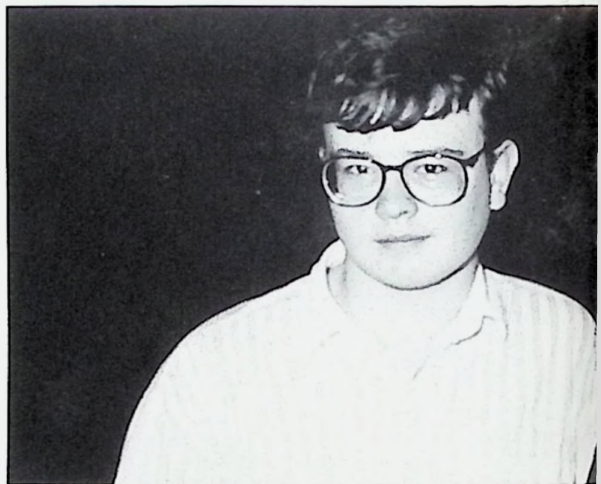

After Mrs. Mitchell's retirement, Eunice Harper became adviser of the National Honor Society. She honored Mrs. Mitchell by always inviting her to the induction ceremony and tea.

In 1987 Portsmouth West High School adopted the Beta and Honor Clubs replacing the National Honor Society. One tradition ended, another began. Nevertheless, those qualities of scholarship, service, leadership and character, upon which the National Honor Society was founded, are still the basis for all educational achievement.

*"One may live as a conqueror, a king, or a magistrate;
But he must die as a man."*

Daniel Webster

It is with much love and respect that we remember this remarkable man. Although he is no longer with us in the physical sense, he is not truly gone. He lives in the memory and affection of the many who knew and loved him. He lives by his special virtues, his thoughtfulness and his steady friendships. He lives and will continue to live by his actions and his words as well as by his legal and professional contributions.

His unassuming character, his personal integrity, his love of country, his simplicity and unostentatious habits were the true foundation of his life. The foundation that helped him to become "The great man that we remember and love."
