Principal's

Message

Education Is Your Responsibility

The basic foundation for a successful entry into secondary education is to have a suitable background in reading. No boy or girl can be successful in high school who can not read intelligently. The fundamentals of all education are based on reading comprehension.

In order to prepare for a highly specialized world it is necessary to secure a minimum of a high school education. Further preparation is necessary by securing a college education or some type of special apprenticeship training.

There is no excuse to be uneducated. Opportunity knocks at your door; open wide the portals and partake of that which is rightly yours.

A black and white portrait of a young woman, Ruth Maple, who is the Homecoming Queen. She is wearing a decorative, multi-pointed crown with a lace-like pattern and a light-colored, short-sleeved, button-down blouse. She is smiling and looking slightly to the right of the camera. She is holding a large bouquet of white flowers, possibly chrysanthemums, in front of her. The background is dark, and the lighting is soft, highlighting her face and the crown. The photo is mounted on a page, with the binding visible on the left side.

Scholarship Winner

Winner of the first Detroit Steel Corporation scholarship award valued at \$4,000 was Bill Turner (center) shown receiving his award from Duncan Baxter, (left) vice president in charge of industrial relations while H.E. Baughman, vice president in charge of Portsmouth operations looks on. The scholarship is to be given every year and specifies that a course of study be pursued in industrial relations and labor management.

Tribute to a Loyal Fan!

Louis Sizemore who is now a retired steel worker has a son, Morris, who played on the first football team in New Boston. The coach was Vernon Smith, now a Judge of Common Pleas Court.

A younger son, John, played basketball. Mr. Sizemore is a loyal booster as he has not missed a single athletic contest no matter how far away or what kind of weather.
