THANKSGIVING PROJECT
(Mrs. Peed's and Miss Orthmeyer's Classes)

A YEAR OF FIRST

The 1978 - 79 school year began with anticipation and excitement about moving into the new wing of our building. Students were wide-eyed as they entered the brightly painted, carpeted and air-conditioned rooms. They were also elated to discover the new art classes being made available to them for the first time. Then the students were given a chance to help themselves. They began the very first sales campaign that the Primary has ever had. Their goal - to purchase additional playground equipment - And were they ever successful! They raised \$2004.65; enough money to buy three large pieces of playground equipment. The excitement continued as we received, for the first time, three student teachers during one quarter. We are always grateful for new and exciting firsts. However, above all we are grateful for our fine boys and girls and for an outstanding staff.
