VALLEY RURAL SCHOOL

Edward R. McCowen  
County Superintendent

Mr. McCowen received his BS degree in education from Ohio University, the Master's degree from Northwestern University and has attended both Otterbein College and Harvard University.

Many educational leaders of the State point toward the rural schools of Scioto County as being outstanding and excellent examples of good planning and sound leadership.

Mr. McCowen said in a statement to us, "The rural schools of Scioto County will be extremely hard pressed to meet the impact which is bound to come with the construction of the Atomic plant. All of us will have our problems increased due to this growth. I am sure we will meet the challenge and by all of us working together will be able to continue our status near the top of the educational ladder."
