POPULATION.

We have had taken, in connection with the Directory canvas, a careful and correct census of this city, the work having been done by wards, and returned for each block separately, the names of the inmates of each house on a special blank, and the same kept in consecutive order. The whole was carefully revised and all omissions and duplications rectified. This enumeration shows the population of the city on November 1st, 1891. The following table will show the result as compared with the population in 1880 and 1890:

WARD	1880	1890	1891	LOSS	GAIN
1	1773	1688	1833		145
2	2309	2050	2003	47	
3	1552	1476	1328	148	
4	1437	1764	2031		267
5	2013	2479	2852		373
6	2237	2937	3520		583
TOTAL	11321	12394	13567		1173
Pro Rata Gain Last Twelve Months					1050

Within the territory canvassed for names for this City Directory, [not confined by the corporation line] there are about 14,500 inhabitants.
