I've seen more pressure on students and more technology to make it easier.

A love of music and a sense of humor

What are some funny moments you've had while teaching?

Once during our spring concert, half of the band played one song and the other half played another song.

Mr. Henry

How long have you been teaching?

35 years

Why are you retiring?

To spend more time with my husband Neal, who is also retired.

Where did you get your teaching degree?

That I have loved all of my students and I have tried to be fair with everyone.

What are some funny moments you've had while teaching?

Trying to run an assembly line in Fuzzy Willie-ville, track and field events, throwing a hatchet on a field trip, singing songs on the bus to field trips, listening to my students tell me funny jokes, and when I dressed up as Wild Thing from the book *Where the Wild Things Live*.

Mrs. Ratliff

Have you ever taught at any different schools?

Wheclersburg

Fuzzy Willie-ville

What have been some changes you've seen in education while you've been teaching?

There are too many standards, the curriculum has gotten a lot harder, and there has been a change in the students—both good and bad.

What do you want students to remember you by when you leave?

I hope not grouchy! I want them to remember me as plesant.

What are some funny moments you've had while teaching?

One boy brought in a huge Christmas tree that stretched from the floor to the ceiling and even though we worked on decorations for weeks, they only filled up half of the tree.

Also, when I was teaching 7th grade math, the kids wanted to know how old I was. So, I told them when I graduated from high school. But one kid said " You couldn't of graduated in '64, you'd be ancient!"

How long have you been teaching?

Why are you retiring?

To spend more time with my family.

Where did you get your teaching degree?

The Middle Ages

What have been some changes you've seen in education while you've been teaching?

There is too much testing and too many standards. It has taken a lot of spontancity and fun out of the children

I want them to remember how much fun we've had

What are some funny moments you've had while teaching?

When I'd do cartwheels, foot ruces and skateboard races with the 5th grade to encourage them to learn their multiplication tables. Once, at the old middle school, I did cartwheels all down the hallway.
