Dedication

To our parents, whose unselfish investment of love, encouragement and co-operation we gratefully acknowledge. We hope that with the coming years we shall repay with interest--so we dedicate "The Wheel" of 1957.

EDWARD R. McCOWEN
Superintendent of Scioto County School
System
"A leader in Education"

BACK ROW: Mr. Jacob H. See, Mr. J. Harper Preston, Mr. Dow Jackson, Mr. Thomas Camp. FRONT ROW: Mr. Carl J. Herms, Mr. S. A. Purtee.

THE BOARD OF EDUCATION is the directing body of our school. Wheelersburg has been fortunate in having men on the Board who are intensely interested in its welfare and who are striving to further the programs at Wheelersburg High.

JOACOB H. SEE
Local Executive Head of
Wheelersburg Schools

Through his untiring effort for the progress of our school, he has won the respect and admiration of everyone. His willingness to discuss problems and his work to increase the intellectual attitude in the student body are but some of the qualities Mr. See possesses.

ARTHUR D. PRESTON
Supervising Principal of Wheelers-
burg High School

Because his interests and abilities are so varied, Mr. Preston is an extremely busy person but he is never too busy to exchange friendly greetings with members of the student body and faculty.

KATHALEEN SKIVER

This charming, efficient secretary should receive much of the credit for our school's progress. She is always friendly and courteous.

Senior Class Officers

*Vaughn Hall, our president, our best
Has plenty of get up, go and zest.*

*Bob Robertson, our vice-president, 'tis said
Would rather work than lie in bed.*

*Jeannine Benford, our treasurer; of all
Is always busy and right on the ball.*

*Bobbi Dodd, our secretary, is small
But she's there when she's needed if you give her a call.*

A Message To This Year's Graduates

Detroit Steel Corporation heartily congratulates you. You have moved another step forward on your way to becoming useful citizens in the community.

Many rewarding opportunities await you after graduation in this nation of ours whose progress is rooted in its freedoms. American industry is an outgrowth of these freedoms.

A good example is the Steel industry. During the past one-hundred years Steel has played a major part in lifting the standard of living in our country. The industry has expanded continuously. It is now on the threshold of further expansion on a gigantic scale.

This means new jobs. . . more and better jobs with a future. America and Steel are growing together. Have you considered Steel as a career?

We urge you to pursue all opportunities for continued study and self-improvement. Only by increasing the breadth of your knowledge can you hope to keep abreast of our ever expanding technology in a technical world. More than ever it can be said for the future that "knowledge is power."
