P R E F A C E

TO OUR THIRD VOLUME.

We believe that our patrons will find our present ISSUE more reliable than any of our preceding Volumes. The information which it contains is the result of a thorough canvass of the CITY OF PORTSMOUTH, made by SAMUEL McBRIDE, Esq., our Assistant Compiler, whose competency and faithfulness we have fully tested. Every means that a long experience in the business could suggest to prevent errors or omissions was employed, both in the canvass and in the preparation of the copy for the press, and we feel assured that the continued care and persevering labor bestowed on the work has not been expended in vain.

To collect and prepare the matter for a CITY DIRECTORY for publication, is a perplexing and difficult task. The nature of the work compels us to seek information from each member of the community—from the intelligent and the ignorant; from the civil and polite citizen and the rough and unlettered resident. Some are unwilling to have their names appear in a City Directory, and purposely avoid the canvasser; others give the information in an imperfect and scarcely intelligible manner. Only through persevering labor and continued watchfulness, can an approximation to correctness be attained in a Work of this character. We think, however, that we have in most instances been enabled to overcome the difficulties and obstacles which surround the undertaking, and confidently believe that the DIRECTORY for 1868-9 will be found by our patrons a reliable and trustworthy guide to the Residences and Business Houses of the CITY OF PORTSMOUTH.

We return our thanks to the merchants and business men of the City for the patronage extended to the Work, and to the Press, for the many favorable notices published during the canvass, and renew our promise to the public to faithfully labor to make each succeeding ISSUE of our DIRECTORY more worthy of commendation and patronage.
