# INTRODUCTION AND GENERAL INDEX

---

R. L. POLK & CO., publishers of more than 1,400 city, county, state and national Directories, present to subscribers and the general public, this, the latest edition of the Portsmouth City Directory, which also includes New Boston, North Moreland, Rosemount, Sciotoville and West Portsmouth.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the city.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of Portsmouth, arranged in alphabetical order under appropriate headings, a catalog of all the activities of the city and vicinity. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Portsmouth, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth, New Boston, North Moreland, Sciotoville, Rosemount and West Portsmouth, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

#### Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

#### The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Area Chamber of Commerce, for free reference by the general public. This is one of more than over 800 Directory Libraries installed in the chief cities of the United States, Canada and Puerto Rico through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

### History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803, by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820, the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel, and many kinds of clay products.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000.

Products manufactured in Portsmouth are: Steel, steel products, shoes, shoe laces, paper boxes, shoe lasts, castings, fire brick, silica brick, brake drums, chemicals and reinforced plastics.

The shoe manufacturing industry has played an important role in Portsmouth's economy since 1869.

## Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

The Empire-Detroit Steel Division, Cyclops Corp., manufacturing hot and cold rolled strips and sheets, wire and wire products, coke, and chemical by-products.

The Harbison-Walker Refractories Co., producing millions of high-grade fire bricks annually.

The Williams Mfg. Co., women's shoes.

The Dayton-Portsmouth Steel Foundry Co., brake drums.

The T. M. Patterson Paper Box Co., manufacturing paper boxes, mainly for the shoe industry and gift boxes.

Ohio Stove Co. and Portsmouth Casting Co., manufacture gray-iron castings.

Morton Last Co.—shoe last remodeling.

Century Last Company, manufacturing shoe lasts.

Two railroads: The Baltimore & Ohio-Chesapeake & Ohio and Norfolk & Western Ry.

**FOREGROUND: NORFOLK & WESTERN YARDS AND SHOPS.  
BACKGROUND: EMPIRE-DETROIT STEEL DIVISION PLANT.**

Mitchellace, Inc., one of the largest high-grade shoe lace manufacturers in the country.

Atomic Energy Plant—The Portsmouth Area Project of the Atomic Energy Commission is located 20 miles north of Portsmouth on U. S. Route 23. This huge facility, to produce Uranium 235 by the gaseous diffusion process, was started in August, 1952, and was completed in 1955, at a cost of \$900,000,000. Two new power plants were constructed to supply the atomic plant's annual requirement of 1,800,000 kilowatts—25% more electric energy than is consumed by the entire city of New York.

#### Shawnee State Forest and Roosevelt Game Preserve ("Ohio's Little Smokies")

Within a few miles of Portsmouth are located Ohio's greatest State-owned forest, the Shawnee State Forest and the Roosevelt Game Preserve. This area comprises about 58,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional patch or strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow-poplar, and short-leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest and enjoy beauty not hitherto known.

Outdoor camping is big business in nearby Shawnee State Park's 58,000 acres. A new Class A campsite accommodates 107 trailers.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are available. Picnic Point, one of the most popular spots, give the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed, the most used of which is Lake Roosevelt, located on Route 125. A new 51 acre lake, Turkey Creek Lake, has been constructed along State Route 125, about one mile west of Lake Roosevelt in Shawnee State Forest. Boating is permitted on this lake but it is not large enough for big motors. The State of Ohio is constructing a \$5 million Lodge & Recreation Complex in the forest. It is scheduled to open in 1972. Several years ago the Department of Conservation released many deer, and they have become well established. Hiker's and automobile travelers often enjoy rare sight of deer grazing in the valleys. The Portsmouth Area Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire. . . "KEEP THE FOREST GREEN."

1971 will see the opening of the new, Southern Ohio State Penitentiary, 8 miles North of Portsmouth. The prison will house 1,600 inmates. Built at a cost of more than \$30 million, the complex includes 185 acres-65 of which are under root. More than 500 will be employed in the administrative and security forces of the prison.

# A STATEMENT of ADVERTISING PRINCIPLES

1. **GOOD ADVERTISING**—aims to inform the consumer and help him to buy more intelligently.
2. **GOOD ADVERTISING**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. **GOOD ADVERTISING**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. **GOOD ADVERTISING**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

**Do your employers furnish you with  
the latest edition of the City Directory?**

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

## WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

*It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.*

★ The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory Information . . . EXTENDED ★

## CAUTION . . . . .

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
