1948

DEDICATION

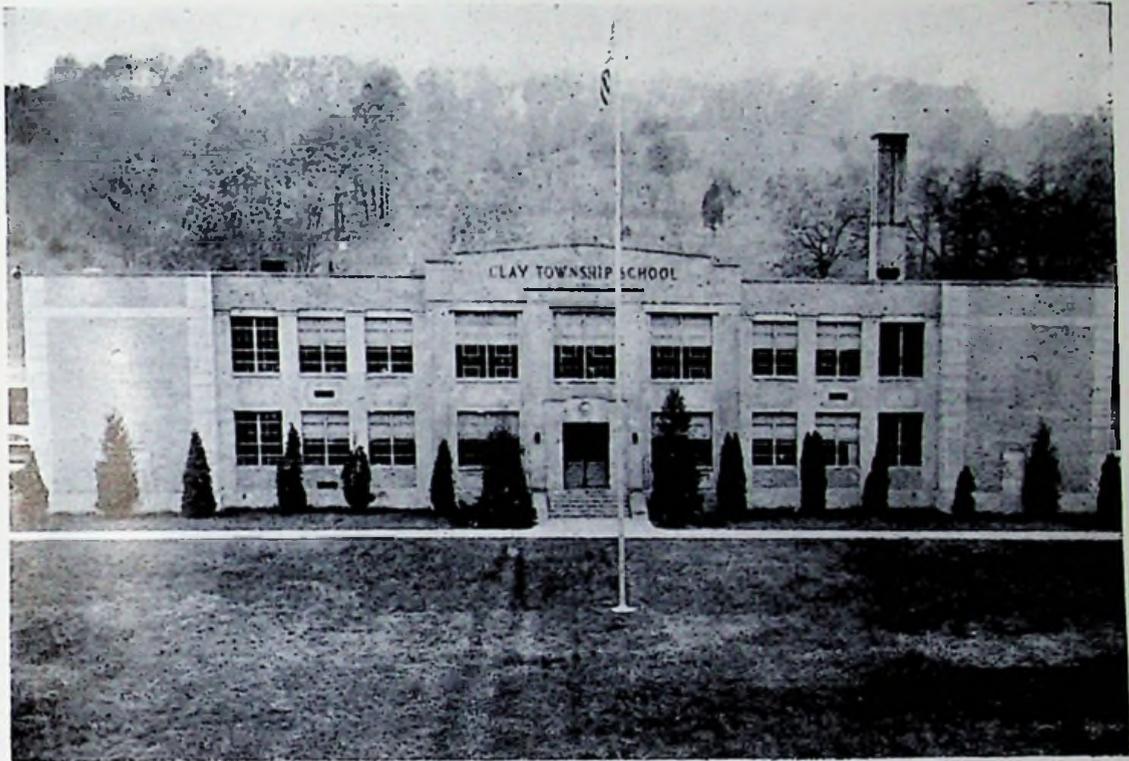

We, the Seniors of Clay High School, wish to dedicate this book, "Memories of Clay High", to the students of our School and to our Principal Mr. C. D. Bandy for the interest and splendid cooperation he has shown in helping to produce this annual.

FOREWORD

We, the Senior Class of 1948, in editing this annual have endeavored to record some of the happy events of the days spent at Clay High, particularly during our Senior year. With this purpose in mind we have worked hard to accomplish our goal; we hope that this annual will become a cherished souvenir to you in the years to come.

We wish to thank the members of our faculty and to all who have helped to make this annual possible.

CLASS PROPHECY

THE CRYSTAL BALL

My friends and I went to the carnival one night and the lure of Gypsy's music drew us to their tent. The old gypsy women asked if we would like our present, past or future told. We replied we would like to know what had happened to the Seniors of 48. The tent grew dark and she began to sing this weird chant.

Crystal Ball so large and grand
Bring us the news all over the land
Tell us of friends we think so dear
The answers we know in bygone years

The first scene we see is a large factory with the heading "Kisor, Frazier Motor Corporation." They say the owners are our own Max Kisor and Eugene Frazier. The scene begins to grow dimmer and another scene comes into our view.

Yes, now we see the theater "Marquis" with Al Jolson appearing in person. They tell me he has been replaced by Joe Semones and on the side he owns Marting's Dept. Store. Now the crystal ball becomes more clear.

The next scene that appears in view is our own Clay High School where Mr. Seeley has been replaced by a very capable coach, Bill Donahoe.

Now we see a small neat cottage, with the name James L. Flint on the door plate. Mrs. Flint is the former Joy VanHoose who is now looking after and trying to manage half a dozen little skin flints.

The scene fades and we see a side street off Broadway. Who's that cute black headed girl going into all the theatrical agencies? Why yes it's Dolores Patridge. Keep trying Dolores you'll get there some day maybe as a co-star with Judy Cavova

The next view has sound effects, we hear a siren it's not superman it's our own Challas Tackett, wait! What's that following the truck? It's the chief wife, Betty Bainer Tackett, and all of her little tacks.

Wonder where Jeneane Horsley gets all her pretty shoes? Oh yes, her husband, tall, dark, and bashful Dave Kelly now owns Kinneys Shoe Store.

What are these rumors we see flying through the crystal ball? Bonnie Justice, once Queen of Clay High School, now we are wondering who will be king of Justice (Could it be Shortie?).

CLASS PROPHECY

The next scene is a quiet country street (or was) here comes Joe Ramsey followed by his wife the farmer, Dorothy Schuler with a butcher knife in her hand instead of a rolling pin, for the wife believes in following her husband's trade.

A freight train is approaching the city. Who's that wicked looking character about to hop on it? Why it's Clay Wagon! My goodness Clay, what happened to the boat idea?

Who's that man running down the street? Hide Quick! It's Lawrence Hawkins he'll try to sell you life insurance. (Like father like son.)

We always liked white uniforms and we now have one appearing. Why it's Peggy Scaggs. They say she is a killer diller, patients beware.

Look! a miniature train built for a bunch of kids to ride around the track. The engineer is Casey Jones, No! look again, it's Ray Egerton. What's wrong Ray, didn't you ever grow up?

The next picture in view is a large baseball stadium, the man at bat is striking one, two, three. He's out. Same old Ronald Simon, what's the matter can't you hit?

The next view is a large kitchen, the sign reads, "Betty Crocker's Proving Kitchen." They say Arnold Magaw has learned to make better pies and has now taken her place. From female cook to male cook in ten easy lessons.

Why who's that next character in the ruffled apron, why it's Corwin Ashcraft taking care of Ginny Sue, Jr. while mama works at Scott's Sporting Goods Co.

Who has inherited all the Fort Knox Gold? Why it's that lazy guy Douglas Church. We hope life stays at an easy slant.

The next view is a marquis it reads "Jean Harrison"--another one of Clay High Stars. She is playing in "A Gal From Texas". being from Texas helps, eh Jean?

They say the newest book out is a best seller. Why wouldn't it be. The title of the book is "My Life At C.H.S." and authorized by Eleanor Haken Exciting life---ask anyone who knows.

Rumors are flying that Anna Mae Carty hooked her man Vaughn, they say. Don't get us wrong, not Vaughn Monroe, but Vaughn Williams.

Another marriage took place, finally. Jack Greenhill, old, and grey but he and Betty finally made it at last. Happy life kids.

Remember all those ambitious girls in Miss Schaefer's typing and shorthand class? Well two of them finally made Washington, D. C. Our own Ethel Russell and Mae McGraw. They have permanent positions on the boss' lap. Happy sitting girls.

They say the new owner of Lunly Grocery is making good. A former Clay High student its old Roger Jones.

Wonder why the lights are always out at Clay High? No wonder the engineer is Harold Patrick. He always fixes them for us. Fixes them so they won't burn, that is!

My! My! What a modern up to date farm. They say the leading hay pitcher is Russell Richards. Happy haying fellow!

Music is now coming out of the magic ball. It's Woody Herman's band led by Elwood Sexton who plays the licorice stick.

Another Clay High Student for whom wedding bells toll is our own Gloria Cameron. Yes, she married her Gene and has a half dozen little Barretts.

They say Lois Pelfrey finally got her man. Her Green Twp. love that we have heard so much about. Happy matrimony kids.

Clay High seems to center around the movies. We see John Stevens watching a new movie. Like most managers he spends his life easy.

Remember the fine alto that used to sing in a quartet. She now sings alto to her quadtriplets. She always manages to run in fours. Could it be LaVonda Bailey?

Three former chums of Clay High seemed to like sticking together and are living on Park Avenue. They have man traps on every street corner in America. Don't give up girls you'll get them some day. They are Viola Fultz, Naomi Brigner and Marie Bobst. Happy trapping girls.

Norma Moritz is now and always has been running the Home farm. The milk cans that sit in front of Clay High have been increased in number. Happy farming Norma.

That is all my friends there is no more. The crystal ball has yielded her store and now we know what will come to pass---so farewell, friends, this is the last.

CLASS HISTORY

In the fall of 1944 a bright bunch of new faces were seen in the halls of Clay High School. About seventy in number we enrolled in our classes and prepared for our routine of high school life. We, the class as a whole tried earnestly to do our best and advance in knowledge and learning, and the boys added their names to the list of basketball players on the team. In all we were very happy with our new home.

Before we could hardly blink an eye, a year had passed and we were sophomores and the class, although some had dropped out or moved, was still pushing on toward our goal of high school education. By now we were familiar with rules and adopted them as our upperclassmen had done. By this time our class began to take part in school activities and our names were seen around the school.

The third or Junior year found us still smaller in number but still a strong class as a whole. We now were in a very important stage of development and learning and to prepare for the Senior banquet, and tried to co-operate and work together toward our goal of achievement.

We know now what high school is really like as we now are Seniors. This is the final step and the most important one because this is our last chance in our early stage of development. As freshmen we were seventy in number but now have a class of thirty-seven and this is the lucky remaining few that have been able to enjoy our high school days together. We are very appreciative of the teachers and the help they have given us and to all those who have made our education possible. We are now ready to go out into the world with this thought in mind. "Prepare for the future, by acting in the present."

TO OUR COACH

Mr. Long, our coach of the baseball team has done a splendid job as coach in the past years he has been here. Mr. Long has always been successful in choosing a good team. Win or lose, he has the best of sportsmanship toward the opposing teams and coaches.

The school joins the team in saying thanks to Mr. Long for the many seasons he has coached here. We hope he can stay for many more years.

Mr. K. E. Long

VARSITY PLAYERS

Dick Ramsey, catcher of the team, has played three years. He has saved us many victories by preventing the opposing players from crossing the plate.

Corwin Ashcraft, the first string pitcher, has played four years. He is plenty fast and has helped us out more than once when we were in a tight spot.

Clay Warnock, who has been with us for the last two years, has played first base during this time.

Ronald Simon, Captain of the team, has played three years. One year in right field and two years on second base.

Joe Semones has played three years in the "hot corner" at third base.

Howard Chandler, our shortstop and pitcher, is a Junior and has played most of this time at shortstop.

Max Kisor, who plays center field and has been with us only one year, is a fast ball player in the outer garden.

Bill Donahoe, who plays left field, is a fast ball player and is very handy on the mound as a hurler.

Don Greenhill is our right fielder and a second string catcher. He has the highest batting average of six hundred.

Paul Elam, a Sophomore, has played two years. At left field he shows good ball handling and will be tough for two more years.
