EDWARD R. McCOWEN

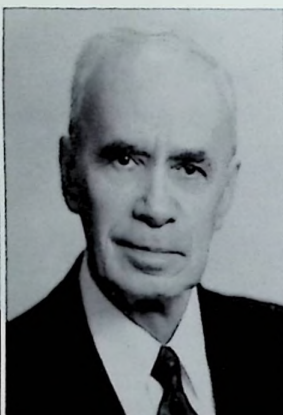

County Superintendent McCowen received his B. S. degree in Education from Ohio University, the Masters degree from Northwestern University and has attended both Otterbein College and Harvard University.

Mr. McCowen said in a statement to us, "The future of America depends greatly upon the continued success of the public schools of America. We must constantly strive to improve the curriculum and facilities of our public schools. There is no substitute for education, and we shall continue to strive for better and better educational measures. A stronger America can and will be built through the public school system and our rural schools shall continue to lead the way."

High School Principal

Dear Class of 1960:

You are the ninth Wheelersburg High School graduation group that I have served as chief local administrator of schools. Many members of the other groups displayed the ambitions I have seen among you. Many of them succeeded in the pursuit of happiness along their individual avenues of aspiration. It is my sincere hope that you too can thread through the endemic obstacles of ignorance and despair toward higher goals of knowledge and assurance.

As all things must pass, so this too passes. This year we mutually evanescence from our common edifice of erudition. This year we share the anticipation of copious exploration of new horizons. The entire faculty of Wheelersburg Schools joins in extending best wishes to you. Together we labored in your behalf. Your future adaptations in meeting your individual needs will determine what real worth, if any, our labor has been.

Very truly yours,
Jacob H. See

To the Students of Wheelersburg High School:

Along the halls of W. H. S. our student body walked through
a year of education, fun, and pleasant memories. It is our
hope that all through your life this copy of *The Wheel*
will help you retrace those steps we all remember.

We also wish to thank Miss Thompson for all the hard
work she has done and also all others who have cooperated
with us.
