The Chamber of Commerce

PORTSMOUTH, OHIO

The industrial map of the United States is changing. The Ohio Group of States has the most attractive coloring.

Portsmouth is making itself one of the most outstanding points in this region through the activity of its Chamber of Commerce. This organization is composed of men who believe in their town and country. They look ahead when their town will be bigger, wealthier, more progressive, better equipped to solve the problems of a fast growing City.

Our business men have long since been able to see and solve the problems which underlie really the whole spirit of our lives.

As in the past, the Chamber of Commerce will continue to promote the general welfare of Portsmouth and Scioto County.

INTRODUCTION

R. L. POLK & CO., publishers of the Portsmouth City Directory, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this, the 1929 edition of the Portsmouth Directory, which includes New Boston, Scitoville and Star Yards.

Confidence in the growth of Portsmouth's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Portsmouth to the world.

The enviable place occupied by R. L. POLK & CO.'s directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Portsmouth is 58,020, based on the number of individuals' names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Five Major Departments

The several essential departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 15 to 21, presents a variety of information, such as lists of city, county, state and federal officials; statistical summary; manufacturing, trade and civic surveys, etc.

THE BUYERS' GUIDE, pages 25 to 64, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped in departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive

community like Portsmouth, the necessity of having this kind of information immediately available, is very great and, frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 65 to 669. A feature of this section is the inclusion of the wife's name in parenthesis following that of the husband.

THE STREET AND AVENUE GUIDE AND DIRECTORY OF HOUSEHOLDERS covers pages 673 to 801. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 803 to 882. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Community Publicity

The directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Portsmouth and vicinity, for business men, everywhere, realize that the city directory represents a community as it really is.

The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce, for free reference by the general public. This is one of the 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

R. L. POLK & CO.,

PORTSMOUTH

OHIO

LOCATED IN THE RUHR VALLEY OF THE U. S. A.—
WHERE COAL AND ORE MEET IRON AND STEEL

Statistical Summary

Population—60,000, estimated. White, 96%; colored, 4%.

Area—12 square miles (including New Boston).

Altitude—490 to 900 feet.

Financial—5 banks, with total deposits of \$13,050,000 and resources of \$17,800,000.

Post-Office Receipts—\$239,727.54 (last annual report).

Telephones in Service—11,700.

Churches—45, various denominations.

Industry—116 establishments employing 20,392 men and 5,744 women, and paying wages of \$25,000,000 annually (last report).

Newspapers—1 daily.

Hotels—19. Newest hotel built in 1929.

Railroads—3; N. & W., C. & O. and B. & O.

Amusements—Largest auditorium seats 1,100 persons
4 theatres, with total seating capacity of 3,683 persons.

Hospitals—3, with 225 beds.

Education—20 schools, including 1 high and 2 parochial.

Volumes in Libraries—50,000.

City Statistics—Total street mileage, 75. Fire department employs 41 men, with following equipment: 6 autos, 4 engines, 1 hose and chemical wagon and 1 hook and ladder truck, in 1 station house.

Brief Review of the City

LABOR: Our labor is less than 1% foreign-born. The average wage of common labor is forty cents per hour. Labor trouble is unknown in this district and the source of supply is unlimited.

FACTORY LOCATIONS: Splendid factory sites are available and can be obtained at a very nominal figure.

TRANSPORTATION: This territory is served by three railroads: The Norfolk & Western, Chesapeake & Ohio and Baltimore & Ohio. These railroads connect with practically every trunk line crossing the U. S. from coast to coast and Lakes to Gulf. Freight and passenger service is extended to all the large cities of the east, west, north and south. Adequate switching facilities and industrial sidings. The Ohio River with freight and passenger service the year round. In the next few months the canal system will be completed. This will give the manufacturers of

Portsmouth some 16,000 miles of navigable waterways. With ample water supply for industry and added carrier facilities for both commerce and manufacture, this river has no equal in this or any other country for insuring economic production to the manufacturer. A traffic bridge over the river is now in service.

Motorbus transportation centers here for all Ohio, Kentucky, West Virginia and points and beyond.

Portsmouth, Ohio, is the home of the Raven Rock Airport. This airport is of sufficient size to take care of the largest aircraft. It is equipped with hangars and complete service department. The port is marked with a 100-foot circle, 3 feet wide. Two of the largest buildings of the city also carry airport markings. There is equipment at this port for both local and cross-country commercial and pleasure flying.

GEOGRAPHICAL LOCATION: Chicago, 401 miles; New York, 684 miles; St Louis, 461 miles; Washington, D. C., 484 miles; Louisville, 228 miles; Cincinnati, 107 miles; Columbus, O., 100 miles.

POPULATION: The population within the corporate limits is approximately 60,000—5% colored, less than 1% foreign-born. County population, approximately 83,000. Industrial population of district, well over 70,000.

COAL SUPPLY: With the three railroads running directly into the coal fields of Ohio, West Virginia and Kentucky, and with the Ohio River serving a good portion of these coal fields, reasonable rates on fuel, coking coal and steam coal are insured. Portsmouth, Ohio, is located in the gateway of the largest coal fields in the world. At double the present rate of production "200,000,000 tons annually," it is estimated that the supply will last for 500 years. The average price on industrial coal in this district is from \$1.05 to \$1.65 per ton; average freight rate, \$1.17.

BANKING FACILITIES: Portsmouth, Ohio, has 5 banks with resources amounting to approximately \$21,000,000, and 6 building and loan companies with resources of approximately \$18,000,000.

POWER AND LIGHT: Electric power for residence lighting may be had for 8c per k.w.h., with 10% discount for prompt payment.

Power rates for manufacturing range from 8c to 1c k.w.h. net, with 10% discount for 24-hour service.

NATURAL GAS: Adequate natural gas supply—rates on application for industrial purposes.

Details are now being worked out by a group of Philadelphia finance men to pipe a 20-inch gas main from the eastern Kentucky fields to this industrial district, the gas is to be used exclusively for manufactures.

PUBLIC LIBRARY: Portsmouth has a public library with over 40,000 volumes. Continuous service.

SCHOOLS: One \$800,000 high school and 16 grade schools, with standard and commercial course; two parochial schools and a very fine business college.

CHURCHES: There are 45 churches of various denominations.

GOLF COURSES AND PARKS: There are two very fine golf courses, three city parks, and an athletic field.

WATER: Portsmouth enjoys the reputation of having the finest filtration plant in this section. Unlimited supply of pure, clear water at all times.

TAXES: Basis of tax assessment is 75% of actual valuation, \$117,000,000 duplicate; rate \$2.20 per hundred.

HOSPITALS: There are three hospitals, with modern facilities, and well directed.

THEATRES: A number of picture and vaudeville houses.

CLIMATE: The longitude of Portsmouth is 83 degrees, and the latitude, 39 degrees.

The annual rainfall is about 44 inches. Average city temperature, approximately 77 degrees F.

VAUGHN A. TALBOTT, Sec.-Mgr.,
Portsmouth Chamber of Commerce.

Public Schools, D E Ross supt.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

The Publishers of this Directory

CLASSIFIED BUYERS' GUIDE OF THE CITY OF PORTSMOUTH

(OHIO)

1929

"The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the city, classified according to lines of business."

*Why not avail yourself of fresh
information for your daily use?*

Announcing The New Equity Furnace

Simple, Efficient,
Easily Installed

The latest type Equity Furnace opens up a bright new field for the furniture and hardware dealer. Your stove man, your warehouse man, or your customer himself can easily install it. Comes furnished with registers, pipe and everything necessary for complete installation. Instruction book packed with every furnace gives complete details of the simple operations necessary to install the furnace.

Direct factory co-operation may be had by simply mailing us a rough floor plan of house in which furnace is to be installed. Suggestions for best location of furnace and cold air returns will be mailed back immediately.

Made by the makers of the famous Equity line of stoves, ranges and refrigerators.
