PREFACE.

WE present to our patrons our first Directory of Portsmouth, hoping that it will meet with their approval.

A thorough canvass of the city has been made, and every effort used to obtain the name of every person who should be represented in a City Directory. Mistakes will occur, but we are confident that no more thorough and systematic canvass of the City has ever been made.

The Classified Business Directory is a complete mirror of the business interests of the City, and represents Portsmouth to the outside world as only a business Directory can. The Miscellaneous Directory furnishes a large amount of information useful to strangers.

WATERTOWN

FIRE INSURANCE COMPANY,

WATERTOWN, N. Y.

Cash Capital,	\$200,000 00
Cash Surplus,	160,570 20
Cash Assets,	\$360,570 20

Insures Nothing More Hazardous Than Detached Dwellings.

NOT SUBJECT TO SWEEPING FIRES.

THE WATERTOWN

Is confined by its Charter to Dwelling-houses and Out-buildings.

It Insures against loss or damage by FIRE or LIGHTNING. Pays all Damages of tearing to pieces by Lightning, whether Fire ensues or not. Pays for Live Stock Killed by Lightning in the Barn or on the Premises. Its rates are from TEN to TWENTY PER CENT. LOWER than those of companies doing a general business. It insures no Mills, Shops, Tanneries, Stores, Hotels, or other Hazardous Property. And not being exposed to Sweeping Fires it is not subject to heavy losses, and consequently can SAFELY insure at VERY LOW RATES. It pays its losses fairly and promptly. It has no losses due and unpaid. The whole Capital is paid up and securely invested: Its PERCENTAGE OF LOSSES TO PREMIUMS IS VERY SMALL. The Expenses of its management are Very Small. Its officers are practical Insurance Men, and have had over fifteen years experience in the business. The character of its risks make it PERFECTLY SAFE AND RELIABLE.

During 1871, which will be known in history as the year of fires, they were enabled by pursuing this careful, conservative course, to add nearly Thirty-nine per cent. of their income to the already large surplus, for the protection of policy holders.

The official reports show that the leading companies, doing a general business, in ordinary years, do not add to their assets over fifteen per cent. of their income, and the great majority fall below seven.

When you reflect that they charge from ten to thirty per cent. more on Dwellings, than the WATERTOWN, only one inference can be drawn: That Dwellings are taxed to pay the losses on more Hazardous property.

Statement of the Watertown Fire Insurance Company,

APRIL 1, 1872.

Bonds and Mortgages, first liens, on real estate worth over \$850,000.	\$232,020.00
Cash on hand and in Bank.....	15,751.00
