EDWARD R. McCOWEN
County Superintendent

County Superintendent McCowen received his B. S. degree in Education from Ohio University, the Masters degree from Northwestern University and has attended both Otterbein College and Harvard University.

Mr. McCowen said in a statement to us, "The public schools of America have a great responsibility and we, as educators, must constantly be aware of that responsibility. We shall continue to work vigorously for the ideals and fundamental principles to keep our Republic safe. Through education can come a strong America. May our Rural Schools continue to lead the way."

Dedicated to

Edward R. McCowen
Country Superintendent

Mr. McCowen received his BS degree in education from Ohio University, the Master's degree from Northwestern University and has attended both Otterbein College and Harvard University.

Many educational leaders of the State point toward the rural schools of Scioto County as being out-standing and excellent examples of good planning and sound leadership.

Mr. McCowen said in a statement to us, "The rural schools of Scioto County will be extremely hard pressed to meet the impact which is bound to come with the construction of the Atomic plant. All of us will have our problems increased due to this growth. I am sure we will meet the challenge and by all of us working together will be able to continue our status near the top of the educational ladder."

N. B. POTTS
Assistant County
Superintendent

Mr. Potts is know for his interest in education. He served for several years as principal of two Scioto County High Schools, Bloom Township and Valley Township.

During World War 11 he served very ably as County Superintendent in the absence of Superintendent E. R. McCowen who served in the United States Navy.

At the present he is the Assistant County Superintendent.

Noon Hour

At the opening of the current school year, we began serving twenty-five cent lunches to an average of three hundred seventy five children each day.

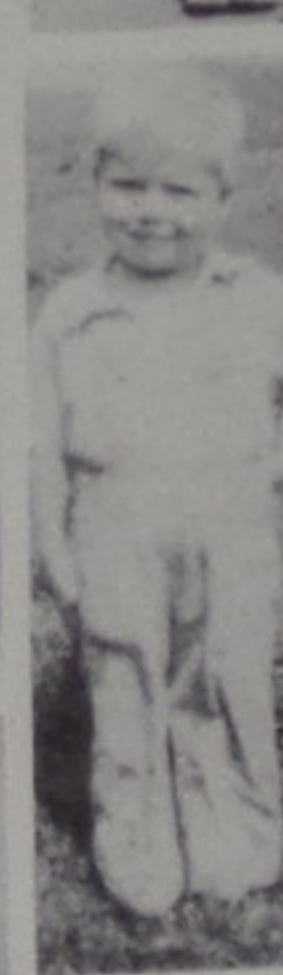

This type A lunch consists of one-half pint whole milk, two ounces of meat, cheese or protein food; six ounces of vegetables or fruit; one portion of bread, and two teaspoons of butter or fortified margarine.

The scene at the left is a typical one at any of the five lunch periods.

GRADUATION THOUGHTS

Four happy years have now gone by,
and its time to leave South Webster High

We've been together, so many years,
That some of us will part in tears,

Many of us will go to war,
Just like the others in years before

We'll fight to keep our country free,
So others may graduate, like you and me,

So a fond farewell to school we bid,
To the fun we've had, and the things we did.

To our teacher, whom we know so well
May I say, that to us they've been "swell"

And now I'll close with this last thought,
What were those lessons that we forgot?
