Polk's Bankers Encyclopedia

MOST CONVENIENT AND COMPLETE BANK DIRECTORY

This bank directory of the world includes reference data of every-day practical importance no other bank directory offers.

It is the only bank directory which gives bank statements in detail, including items of capital, surplus, undivided profits, analyzed deposits, together with the usual asset items of loans and discounts, due from banks, cash and exchange and segregation of bonds. It also reports the quotation of bank stocks and dividend rates. Among other features it gives the clearing-house rules of all cities having such associations, the names of their officers, and the city officials. It reports the names and location of national bank examiners and state bank superintendents and examiners. It has a complete list of members of the Investment Bankers Association and principal stock exchange members, dealers in commercial paper as well as a selected list of general investment dealers.

The usual features such as laws regulating banking and banking practice, directors of banks, reliable attorneys, accessible banking towns, maps of the various States and Canada, are conveniently presented.

This publication is issued in March and September each year.

The Chamber of Commerce

PORTSMOUTH, OHIO

Portsmouth is making itself one of the most outstanding points in this region through the activity of its Chamber of Commerce. This organization is composed of men who believe in their city and country. They look ahead when their city will be bigger, wealthier, more progressive, better equipped to solve the problems of a fast growing community.

As in the past, the Chamber of Commerce will continue to promote the general welfare of Portsmouth and Scioto County.

INTRODUCTION

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1937 edition of the Portsmouth City Directory, which also includes New Boston and North Moreland.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 12 to 19 on white paper, presents lists of city, county, state and federal officials; post office Directory; statistical review; and manufacturing, trade and civic surveys.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 574, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 577 to 694. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE BUYERS' GUIDE, beginning opposite page 696 and separately paged from 1 to 32, on goldenrod paper contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive com-

munity like Portsmouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 729 to 800, on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce for free reference by the general public. This is one of more than 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Industrial Developments

Because of its geographical location, its topography and its transportation facilities, Portsmouth, Ohio, is an ideal center for industry. There are many diversified manufacturing plants in this city, among which are:

The Wheeling Steel Corp. employs 5,500 men, and producing sheets, wire, rods, tieplates, nails, drums, range boilers and tanks.

The Selby Shoe Co., the Excelsior, Inc., the Drew Shoe Co., and the Williams Mfg. Co. employ a total of 4,900 men and women, and produce 2,000,000 pairs of shoes per annum.

The Vulcan Corp., home office and main plant here, produces lasts and wooden heels.

The T. M. Patterson Paper Box Co. manufactures paper boxes principally for the shoe industry.

The By-Products Coke Co. produces high-grade coke and many other products of coal.

The Mitchellace Co. is one of the largest high-grade shoe-lace manufacturing companies in the U. S.

The Peebles Paving Brick Co. produces paving and building brick, and the two plants of the Portsmouth Refractories Co. and the plant of the Harbison-Walker Refractories Co. produce high-grade fire and silica brick.

The Superior Cement Corp., with general offices in Portsmouth, are producers of all forms of Portland Cement.

The Ohio Stove Co. produces 30,000 stoves per annum.

The city is well served by three great railroads—the Norfolk & Western Railroad, the Chesapeake & Ohio Railroad, and the Baltimore & Ohio Railroad.

Advantages to the Manufacturer

It will pay the manufacturer to investigate the great possibilities of Portsmouth before locating his new plant.

Portsmouth has an abundant supply of the best water in the state of Ohio, furnished at reasonable rates by a municipal plant.

Three railroads and the Ohio River furnish transportation directly from the world's greatest coal fields.

Electric power unlimited. Industrial rates as low as any place in the country.

Unlimited supply of natural gas available. Service now 15,000,000 cu. ft. daily.

N. & W., C. & O. and B. & O. railroads. A. & P., Scioto Trail and other highways. Ohio River, with year-around transportation, Pittsburgh to New Orleans. Motorbus and motor-freight lines. Air lines operated from Raven Rock Airport.

From 1/2 to 1% only of Portsmouth's labor is foreign-born. 72% of the people own their homes. Portsmouth's labor serves industry efficiently and honestly.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

POLK'S PORTSMOUTH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1937

Including New Boston and North Moreland

Copyright, 1937, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

But What About Tomorrow?

The most important factor in saving or investing is DURATION.

Figures prove that the average life of an industrial concern in Ohio is less than seven years. Is it any wonder, then, that stocks and other securities issued in behalf of industrial business have a big mortality rate?

On the other hand, savings left with us have been safe for nearly a half century.

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of R. L. Polk & Co. printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment for either advertising or subscriptions.

ONE OF 350 POLK DIRECTORY LIBRARIES

This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS

There are over 500 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.

- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

PORTSMOUTH PUBLIC LIBRARY

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use
- as a business and social reference book and director of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
