# The Chamber of Commerce

PORTSMOUTH, OHIO

The industrial map of the United States is changing. The Ohio Group of States has the most attractive coloring.

Portsmouth is making itself one of the most outstanding points in this region through the activity of its Chamber of Commerce. This organization is composed of men who believe in their town and country. They look ahead when their town will be bigger, wealthier, more progressive, better equipped to solve the problems of a fast growing City.

Our business men have long since been able to see and solve the problems which underlie really the whole spirit of our lives.

As in the past, the Chamber of Commerce will continue to promote the general welfare of Portsmouth and Scioto County.

# INTRODUCTION

---

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1935 edition of the Portsmouth City Directory, which also includes New Boston and North Moreland.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Five Major Departments

The five major departments are arranged in the following order:—

THE MISCELLANEOUS DEPARTMENT, pages 12 to 20, presents lists of city, county, state and federal officials; post office Directory; statistical review; and manufacturing, trade and civic surveys.

THE BUYERS' GUIDE, pages 21 to 46, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Portsmouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 47 to 546. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth and vicinity, and the name, official personnel, nature and address of each firm and corporation in the community.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 547 to 655. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

**THE CLASSIFIED BUSINESS DIRECTORY** is included in pages 659 to 714. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and vicinity.

#### **The Portsmouth Directory Library**

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce, for free reference by the general public. This is one of nearly 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

**BUILDING AND LOAN ASSOCIATIONS****But What About Tomorrow?**

The most important factor in saving or investing is DURATION.

Figures prove that the average life of an industrial concern in Ohio is less than seven years. Is it any wonder, then, that stocks and other securities issued in behalf of industrial business have a big mortality rate?

On the other hand, savings left with us have been safe for nearly a half century.

# POLK'S PORTSMOUTH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

## 1935

INCLUDING NEW BOSTON AND NORTH MORELAND

Copyright, 1935, by R. L. Polk & Co.

In the following list the streets are arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

Numerical Streets are compiled in with Named Streets in their regular Alphabetical order.

# This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
