INTRODUCTION

The volume herewith presented constitutes R. L. Polk & Co.'s Portsmouth City Directory for 1922 being the eighth consecutive issue. The publishers have endeavored to produce a volume combining all that is vital in the civic, social and industrial life and activity of the city.

A careful enumeration of the citizens and business interests of the city and a compilation of the result by trained employes assures as correct and reliable a work of its character as is possible to be produced. The publishers have an organization solely devoted to the publication of directories, and their methods and resources are unrivalled. Their imprint on the hundreds of directories published for cities throughout the country attests the quality and reliability of their product. Directories are an essential and indispensable means of reference and an index to what is in a city. They portray the community as it really is and they are the only means whereby its various features can be learned by the general public throughout the country. The statistics which follow clearly visualize the civic and industrial interests of the city and exhibit the importance of Portsmouth as a mercantile center, as an industrial location and as a place of residence.

The several essential departments of the Directory are set forth in the order following:

THE MISCELLANEOUS DEPARTMENT, pages 15 to 28, include data concerning city and county officials, public and private institutions, banks, cemeteries, churches, hospitals and homes, libraries, schools, societies, etc.

THE BUYERS' GUIDE, covering pages 29 to 52, and printed on tinted paper, contains display advertisements of the prominent and progressive business men and concerns of Portsmouth; they are arranged alphabetically by headings adapted to the nature of the industry followed. This section is a new feature in this Directory and will prove of value to those making use of the information it contains.

THE STREET GUIDE AND DIRECTORY OF HOUSEHOLDS extends from page 53 to page 116.

THE ALPHABETICALLY LIST OF NAMES OF CITIZENS, business firms and corporations is embraced in pages 117 to 615.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 617 to 690, and shows the various manufacturing, mercantile and professional occupations, compiled under headings appropriate to the class of industry pursued. The Directory is the common intermediary between buyer and seller.

BOSCH Ignition for FORDS

Any Ford car of the new type which is equipped with Starter, Generator and Battery can be equipped with a Bosch Compensating Ignition System

This outfit is absolutely WATER PROOF. It is impossible to drown it out. It eliminates all coil trouble, vibrator trouble, and timer trouble. There is nothing about it to become wet and short circuit. Your ignition troubles are over when a Bosch Outfit is installed on your car.

Nothing placed on the market in recent years makes such a wonderful improvement in Fords—adding power, economy, speed, dependability—and the price is ridiculously low considering the results it produces.

PRICE \$26.00—WAR TAX AND INSTALLATION EXTRA

Any garage man can install the Bosch Compensating Ignition System on your Ford

No Carburetor Can Compare With the

Zenith Carburetor

Zenith is the FOOL-PROOF CARBURETOR.

There is only one outside adjustment, the idling adjustment. The high speed can not be changed except by changing jets. Once a Zenith Carburetor is installed on a car the high speed need not be changed. Changing the low speed or idling adjustment does not in any way affect the high speed.

Zenith is the ECONOMICAL CARBURETOR.

The compound nozzle allows only the required amount of gasoline to enter the cylinders. This eliminates waste and saves money for the owner.

Other features are: more power, easier starting, snappier action. The first cost is low; the upkeep negligible because of the few moving parts. We have a ZENITH for your car. Ask us about it.

Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?
