Keeping Portsmouth Ahead

The future of Portsmouth appears ever brighter.

Detroit Steel Corporation's \$50,000,000 expansion program . . . Dayton Steel Foundry Company's acquisition of the Vandervort plant . . . large-scale highway improvements including the high-level road . . . Scioto County Receiving Hospital . . . National Guard Armory . . . Notre Dame High School . . . N. & W. improvement program . . . improvements to present hospitals. . . .

All those things are assured.

New objectives include a modern airport . . . some remedy for the downtown parking problem . . . additional smaller industries to give stability, and take up the slack in employment . . . further improvements in the public health picture. . . .

You will find the Chamber of Commerce a prime mover in these and many other activities which benefit everyone. A business organization, working for the common good, in cooperation with government, labor and other civic organizations — that is your Chamber of Commerce today.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

INTRODUCTION AND GENERAL INDEX

R. L. POLK & CO., publishers of more than 750 city, county, state and national Directories, present to subscribers and the general public, this, the 1952 edition of the Portsmouth City Directory, which also includes New Boston.

Confidence in the growth of Portsmouth's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Portsmouth to the world.

The enviable position occupied by R. L. POLK & CO.'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Portsmouth Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments (Each department beginning with Page 1)

The five major departments are arranged in the following order:—

I. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Portsmouth and New Boston, and the name, official personnel, nature and address of each firm and corporation.

II. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the second major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

III. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the third major department.

IV. THE BUYERS' GUIDE, the fourth major department, printed on gold-rod paper, contains the advertisements of leading manufacturing, business and professional interests of Portsmouth and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Portsmouth, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

V. THE CLASSIFIED BUSINESS DIRECTORY is the fifth major department, printed on white paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a

81-22

business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Portsmouth and New Boston.

The Portsmouth Directory Library

Through the courtesy of the publishers of the Portsmouth City Directory, a Directory Library is maintained in the offices of the Portsmouth Chamber of Commerce, for free reference by the general public. This is one of more than 600 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

History

Portsmouth's history goes back to within fifty years of the journey by French explorers down the Scioto River into the Ohio Valley, from the north, in 1749. It was at the site of this city that the French surrendered the Ohio Valley to the English in 1763. The early history of Scioto County is very closely associated with Indian life, and at the junction of the Scioto and Ohio rivers was located a Shawnee village. The site of the famous "Tremper Mound" is three miles from the city. A great collection of Indian relics have been taken from this mound. Many can be seen at the Portsmouth Public Library.

It was in 1799 that Major Belli laid out the town plat of Alexandria, which was directly across the Scioto River from the present site of Portsmouth. Portsmouth was founded in 1803 by Henry Massie, and all the citizens of Alexandria removed to the higher ground because of flood waters. The name Portsmouth originates, tradition says, from Portsmouth, New Hampshire.

The city flourished, and in 1820 the population was 500. In 1810 came the steamboat, and in 1812, the Ohio Canal, extending from Cleveland to Portsmouth was completed. Early growth centered around river and canal transportation.

Portsmouth always has been a manufacturing center. Natural resources such as iron ore, coal, limestone, clay and shale, predestined Portsmouth and its environs to take a lead in the manufacture of iron and steel and many kinds of clay products.

Railroads came to Portsmouth in 1853, and the population had then grown to more than 4,000. The shoe industry started in Portsmouth in 1869, and has thrived until today it forms one of the city's major industries.

Products manufactured in Portsmouth are: Steel, steel products, shoes, shoe laces, paper boxes, wood lasts, wood heels, stoves, castings, fire brick, silica brick, displays, brake drums, chemicals and reinforced plastics.

Industry

Because of its geographical location, its topography and its transportation facilities, Portsmouth is an ideal center for industry.

There are many diversified manufacturing plants in the city, among which are:

Foreground, Norfolk & Western Yards And Shops.
Background, Portsmouth Steel Corp. Plant.

The Detroit Steel Corp., manufacturing wire, rods, tie-plates and nails.
The Harbison-Walker Refractories Co. and the General Refractories Co., producing millions of high-grade bricks annually.
The Williams Mfg. Co., the Selby Shoe Co. and the Schroeder Mfg. Co.
The Vulcan Corp. This concern is a leading manufacturer of shoe lasts and wood heels.
The Dayton-Portsmouth Steel Foundry Co.
Doerr & Associates, manufacturing displays.
The T. M. Patterson Paper Box Co., manufacturing paper boxes, mainly for the shoe industry.
Three railroads: The Baltimore & Ohio, the Norfolk & Western and the Chesapeake & Ohio, employing 2,350.
Mitchellace, Inc., one of the largest high-grade shoe lace manufacturers in the country.
The Ohio Stove Co., producing 30,000 gas and coal stoves per annum.

Shawnee State Forest and Roosevelt Game Preserve
('Ohio's Little Smokies')

Within a few miles of Portsmouth are located Ohio's greatest State-owned forests, the Shawnee State Forest and the Roosevelt Game Preserve. This area comprises about 54,000 acres of picturesque hill land. This region, once the hunting ground of the Shawnee Indians, is unlike any other portion of Ohio. Here is mile after mile of forest, broken only by an occasional patch or strip of cultivated soil in the narrow valleys.

This great forest area was purchased primarily for the purpose of producing and conserving timber, protecting the watershed and the conservation of wild life. The traveler will notice that the forest is comprised of a mixture of oak, hickory, yellow-poplar, and short-leaf and pitch pine.

An extensive system of roads has opened the entire forest area for recreational use, and it is now possible to drive over 100 miles of good gravel roads to the deep recesses of the forest and enjoy beauty not hitherto known.

Public use of the forest is increasing constantly and the recreational facilities are being continually improved. Picnic areas and camp sites are being developed. Picnic Point, one of the most popular spots, gives the visitor a view southeastward across the broad valley of the Ohio River toward Portsmouth. Several reservoirs have been constructed, the most used of which is Lake Roosevelt, located on Route 125. Several years ago the Department of Conservation released many deer, and they have become well established. Hikers and automobile travelers often enjoy the rare sight of deer grazing in the valleys. The Portsmouth Chamber of Commerce invites you to avail yourself of the privilege of a hike or drive through the forests. All that is asked in return is to be careful with fire . . . "KEEP THE FOREST GREEN."

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1

An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2

A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3

A *Classified Business Directory*—listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4

A "*Yellow Section*" or *Buyers' Guide*, where the advertiser may explain in greater detail the services or products he has to offer.

5

A *Statistical and Historical Story* of your city; plus miscellaneous other information.

"r"— RESIDENT

"h"— HOUSEHOLDER

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

POLK'S PORTSMOUTH

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

Including New Boston

1952

Copyright, 1952, by R. L. Polk & Co.

In the following list the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In apartment houses the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes or responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes houses and places of business having telephones.

WHY A BUYERS' GUIDE?

★ It is customary to include a Buyers' Guide in the City Directory because :::

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

Out of Sight!

Out of Mind!

Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.
